FOR CONGRESS JAMES N. KEHOE, of Mason County.

FOR CONGRESS, 10TH DISTRICT, F. A. HOPKINS, of Floyd County.

When Hopkins joins Kehoe in Congress, won't Big Sandy be right in the push? They'll have to dam this river or else lock up these Congressmen.

Petitions from Boyd and Lawrence counties have been presented to the judicial district committee, asking them to change the date of the convention.

The picture man has been very kind to Mr. Castner, in printing his name under such a good-looking portrait. Those who have never met the gentleman, would, upon seeing him, conclude that he was just recovering from a severe spell of illness, so little does he resemble the picture.

The harvest machine combine, under the name of the American Harvester Company, is reported to be rapidly near completion. It will have a capital of \$12,000,000, and \$65,000,000 has been raised to finance the scheme. The farmers will "pay the freight." Kehoe is opposed to all the locks.

Hon. F. A. Hopkins is making it warm for his opponent in the Tenth district. White had sent out circular letters to precinct leaders instructing them to enroll the Republican voters in "blocks of ten" and take them to the polls. Mr. Hopkins has had these circulars published and also uses them as a text for speeches.

Mr. Castner, Republican nominee for Congress in this district, failed to properly comply with the law in filing a certificate of his nomination, and his name could have been legally omitted from the ballots. But no Democratic official wants to take advantage of the opportunity, and his name will appear just as though he had complied with the law.

It is being erroneously reported that Mr. Castner is the author of the present law in Kentucky requiring coal companies to pay their employees twice monthly. The author of this law is Mr. Bennett, Representative from Ohio county. Mr. Castner introduced a similar bill two weeks after this one went in, but the former was not heard of again.

Some of the peanut politicians are saying that Congressman Kehoe did not know the River and Harbor Bill had passed until three days afterward. A telegram from him was received here, announcing the fact, and it was filed at Washington within five minutes after the bill passed. The trouble with this three-days story is that it is too unreasonable to fool any one.

Congressman Kehoe's father joined the Union army and was killed in a terrible battle. His body was buried with hundreds of others, and his family never knew where it rested. The widow bravely and correctly reared her five small children to honorable manhood and womanhood. Today they are an honor to their parents, and their native city of Maysville is proud of them.

Tutt's Pills FOR TORPID LIVER. A torpid liver deranges the whole system, and produces SICK HEADACHE, DYSPEPSIA, COSTIVENESS, RHEUMATISM, Sallow Skin and Piles. There is no better remedy for these common diseases than Dr. TUTT'S LIVER PILLS, as a trial will prove. Take No Substitute.

them. The best citizens of that place, regardless of politics, say that Jim Kehoe has been clean, upright and industrious from his boyhood up, and that he is worthy of any trust that may be reposed in him.

The campaign liar is abroad in the land, as usual. He is asserting that Congressman Kehoe is opposed to free schools, when the truth is that Mr. Kehoe favors not only the free school system, but advocates its betterment, and wants cheaper school books. Mr. Castner voted against the bill to provide cheaper school books in Kentucky, while in the Legislature last winter. This is no campaign lie, but is on the records for any one to see. Mr. Kehoe is decidedly opposed to mixed schools, however.

Kehoe is the only Congressman who ever made a personal investigation of the resources of the Big Sandy valley. It will be remembered that after his election he rode to the head of the two rivers and saw for himself the great wealth of the valley. He did this in order to be able to talk intelligently in Congress about it. This is the thorough manner in which he goes about all his work. He is very enthusiastic on Big Sandy river improvement and labored for the appropriation day after day during the last session.

Continuing the article about Congressman Kehoe, published last week, the Maysville Bulletin says:

"Among the other important bills introduced by him and still pending in Congress is one for the appropriation by the government of the sum of \$100 for the funeral expenses of indigent soldiers, the bill providing for such payment in every case. Certainly no American citizen is mean enough to want to see an old soldier buried by public subscription or go to a potter's field, yet this is what has happened to several of them, but will never happen again after Mr. Kehoe's bill becomes a law. It is a just measure and should have been enacted into a law before this. If returned to Congress Mr. Kehoe will see that it is passed. By the passage of Mr. Kehoe's bill regulating the printing of seed franks, members have been saved much trouble, and the government will hereafter save annually more than his salary.

Hundreds of old soldiers and their dependents have been personally benefited by the interest taken and work done in their cases by Mr. Kehoe at the Pension Office in Congress. No man could have been more faithful to them or more successful in his efforts, and certainly they will not fail to show their appreciation of his services, by rallying to his support in November. The old soldier who fails to vote for him stands in his own light. No man, woman or child ever wrote to him on any subject who did not receive a prompt reply and satisfactory attention.

Brilliant, brainy and attentive to duty, initiative in his work and successful in what he undertakes, temperate, moral and pure in character he is indeed an ideal public servant and his equal has seldom been seen in Washington. A native born Kentuckian, the builder of his own fortune and greatness, the father of an interesting family, a trustworthy friend, an intense American, a leading citizen and withal a kindly, charitable man, it is no wonder that he is the leader of his party and idol of his people, and that he shall and will be returned to Congress there is no doubt. The people are not often given a chance to elect such men to public places. He has been tried and found unusually competent and worthy."

OUR NEIGHBORS.

The mysterious railroad surveying is still going on all around us.

Rouben Patrick died Saturday after an illness of fever at his home at Salsersville.

At Ironton last Friday an N. & W. train killed Charles Davidson and Henry Gelfwine and injured Frank Gelfwine.

Work on the locks in the lower Big Sandy is now going along satisfactorily, and if the season remains open rather late, the concrete walls at both places will be completed.

W. M. Langley, of Spurlock, Floyd County Ky., has been appointed to a special agency in the Manufacturers Division of Census Office. His work will be to gather data from the Electric Light Plants in the State of Kentucky.

In Circuit Court at Paintsville, Levi Pennington was given one year in the penitentiary for stealing a ham of meat. He is 75 years of age and is the oldest person ever sent to the pen from Eastern Kentucky. The case of Music for murder of Ghost, on Greasy creek, was continued for the defendant.

Rev. J. T. French, the new pastor at the M. E. Church, South, was greeted by two good congregations yesterday, and preached to the edification and delight of all. His friends of yore say that he has old-time fervor of spirit, and six years of new conditions and good health have added greatly to his intellectual stock. His voice in song is still sweet. We congratulate his people on his appointment. —Ashland Independent.

The officers and members of the M. E. Church South, in this place are preparing to at once erect a parsonage for their new pastor. We learn that J. C. C. Mayo has deeded to the church two lots on East and Fifth Street and that Alice Mayo has given her check for three hundred dollars, and that others have subscribed and the remaining amount will be secured at once. Work on the building will commence at once. —Paintsville Commercial.

Inez, Ky., Oct. 21.—Van Bertram was shot and instantly killed by Isaac Muncy on Wolf creek, six miles from here. A dispute arose over Muncy passing over land belonging to Bertram. Bertram drew a rifle on Muncy, it is said, and Muncy shot him through the heart. Muncy is a son of Thomas Muncy, a prominent minister of the United Baptist Church and a brother to John Sherman Muncy, who killed G. W. Newson two months ago. Muncy came in town and gave up to the officers, claiming he shot Bertram in self-defense.

The colliery owned by O. T. O'Farrell, Jr., near Dingoss, was the scene Sunday of a fatal shooting affair. One of the miners employed at the colliery was shot and killed in a quarrel by the mine superintendent. There is considerable excitement among the miners as a result of the tragedy.

The negro rapist, Johnson Reed, who attempted his terrible crime on a little thirteen-year-old child near Matewan, was brought here on Sunday morning and taken to Pike county, Ky., jail for safe keeping to await his trial. The deed was committed on the Kentucky side of Tug river. There was some talk of lynching, but no demonstration was made.—Williamson West Virginian.

Chief of Police Morris Davis went to Kille Hill and Hanging Rock, Ohio, where it was reported that Ezra Waddleton, who robbed James Porter of about \$85 dollars a year ago, was in hiding; and after some difficulty succeeded in locating his man at Hanging Rock. Waddleton was promptly placed under arrest and was brought without trouble to this city, where he was lodged in jail. The offence with which he is charged was committed in Wayne county. —Huntington Advertiser

We regret to lose Prof. J. B. McClure as one of the educators of our county. He changes his residence to Bramwell, this State. We know the people will be pleased with him in his new home. He is thorough and practical.—Williamson West Virginian.
