A Remarkable Record. Chamberlain's Cough Remedy has a remarkable record. It has been in use for over thirty years, during which time many million bottles have been sold and used. It has long been the standard and reliance in the treatment of croup in thousands of homes, yet during all this time no case has ever been reported to the manufacturers in which it failed to effect a cure. When given as soon as the child becomes hoarse or even as soon as the croupy cough appears, it will prevent the attack. It is pleasant to take, many children like it. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by A. M. Hughes.

Now, let us look at that libelous document which has been put forth as their platform of "republicanism." With a reckless disregard for truth it has a record of the most shameful and disgraceful administration, and it is as bad, if possible, as the republican administration in this State. It is a record of the most shameful and disgraceful administration, and it is as bad, if possible, as the republican administration in this State.

NERVOUS PROSTRATION CURED BY PE-RU-NA.

Mr. Hal P. Denton, Chief Department of Publicity and Promotion of National Export Exposition, Philadelphia, Dec. 20, 1900. The Peruna Medicine Co., Columbus, O.

Gentlemen:—Toward the latter part of August I found myself in a very much run-down condition. I suffered particularly from catarrh of the stomach, aggravated no doubt by the responsibilities and worry incident to the exhibition of a great international exposition. What I did not dream of and I would have sworn at night "threshing over," if I may use that expression, the affairs of the previous day.

My family physician said I had nervous prostration and recommended a sea voyage. I gradually grew worse. A kind friend whom I had known in Ohio recommended Peruna. Though skeptical, I finally yielded to his advice. After using one bottle I was much improved, and after two bottles complete recovery. I am in perfect health to-day and owe everything to Peruna. Very truly yours, HAL P. DENTON.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice free. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

When I was in the hospital, I was told that I had a very serious condition. I was told that I had a very serious condition. I was told that I had a very serious condition. I was told that I had a very serious condition. I was told that I had a very serious condition.
