VOL. XIX. NO. 41.

LOUISA, LAWRENCE COUNTY, KENTUCKY, JUNE 10, 1904.

M. F. CONLEY, Publisher

## Farm, Stock and Crop.

Mr. Taylor Watkins, of this county, sold last week to Dale & Klink, of Buffalo, New York, 450 head of cattle that averaged 1,143 pounds at \$4.60 per hundred. The aggregate of the cattle was 514,350 pounds and the amount received for same was \$23,679.10.—*Elizabethtown News.*

Ex Congressman June Gayle, of Owen, and others, since the Continental commenced trying to purchase the entire tobacco crop of the State, have purchased about 6,000,000 pounds, and paid from 18 to 20 cents per pound.—*Blue Grass Clipper.*

The high jump which barley tobacco has taken in the past eight weeks is resulting in the return of tobacco exported to foreign markets for sale. Barley at the present time averages about \$1.50 per hoghead, which is an increase of from \$1.00 to \$1.50 over the price formerly paid by foreign dealers.—*Ex.*

Ormonds, the world-famous horse, winning every race he started in, and \$142,285 for the Duke of Westminster, had to be killed at W. O. D. McDonough's stock farm in San Francisco, to relieve suffering from paralysis. His late owner paid \$150,000 for breeding purposes.

A few days ago R. D. Balfour, of Sharpburg, bought a mule colt in Nicholas county for \$100 to be delivered in October. Monday he sold the colt to Mr. Thomas Davis, of Mason county, for \$142.50. The colt was only twenty-seven days old Monday. This is said to be the best mule colt ever seen in Kentucky, and will be exhibited at the World's Fair by Mr. Davis.—*Ex.*

The only product Mason county now has for export is straw and eggs. On the other hand farmers are buying corn, hay and other food stuff in large quantities: Corn at 65 cents a bushel is too much of a luxury to feed hogs, consequently the county is pretty well cleaned out of hogs. Instead of planting so much tobacco why not diversify the crop and raise more corn, hay, oats, potatoes and wheat? It certainly would pay a larger dividend and not be so hard on the land.—*Maysville Ledger.*

The biggest deal in cattle that has been made in this county for a number of years was consummated yesterday, when Harry Lazarus, the well known stock dealer, purchased of Jas. B. Chaney, a prominent farmer of Richmond, 308 head of cattle were bought by Mr. Lazarus for N. Leamon & Co., an export firm of Baltimore, Md. The price paid was \$4.90 per hundred weight or approximately \$28,000 for the entire lot. The cattle were shipped to Baltimore to be shipped abroad later.—*Bowling Green News.*

An acre planted to potatoes will yield more than ten times as much food material as when planted to wheat; 14 times more than rye or 17 times more than peas. The value of this crop appears to be very largely disregarded by farmers in this country. In Germany the yield per acre is two or three times as great and the total product six times as great. Besides consuming much more per capita than we do, the Germans use them for such manufactured products, glucose and alcohol. The real resources of the potato should be more fully exploited in this country.—*Ex.*

**Sued By His Doctor**  
"A doctor here has sued me for \$12.50, which I claimed was excessive for a case of cholera morbus," says R. White, of Coachesville, Cal. "At trial he praised his medical skill and medication. I asked himself if it was not Chamberlain's Colic, Cholera and Diarrhoea Remedy he used as I had good reason to believe it was, and he would not say under oath that it was not." No doctor could use a better remedy than this in a case of cholera morbus, it never fails. Sold by A. M. Hughes.

The following changes in salaries of postmasters have been made, based upon receipts for the past year: Morehead and Pikeville increase from \$1000 to \$1100. Kenova, \$1000 to \$1100, Williamson, \$1300 to \$1600.

United States Circuit Judge Pritchard Friday granted a temporary writ of habeas corpus ordering the United States Marshal at Raleigh, N. C., to produce before him Editor Josephus Daniels, who is held in contempt of court by Federal Judge Purnell. Judge Pritchard will investigate the case today.

**Ten Years in Bed.**  
R. A. Gray, J. P., Oakville, Ind., writes, "For ten years I was confined to my bed with disease of my kidneys. It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." Sold by Louisa Drug Co.

## DEMOCRATIC CONVENTION.

Held at Court House in Louisa, Kentucky, June 4th, 1904.

County Chairman, A. O. Carter, called the Convention to order at 2 p. m., and after stating the object for which the convention was called announced that nominations for Temporary Chairman were in order. H. C. Sullivan was chosen Temporary Chairman, and W. D. O'Neal, Jr., was chosen Temporary Secretary.

Upon motion, the temporary organization was made permanent. A committee on resolutions was appointed by the Chairman as follows: Frank Johnson, James Q. Lackey, Dr. M. G. Watson, Dr. Fred D. Marcum, and D. C. O'Neal.

While the Committee was drafting the resolutions the convention was entertained by speeches by J. H. Northrup and others.

The Committee reported as follows:

**RESOLUTIONS.**  
1st. We, the Democrats of Lawrence County, in convention assembled approve the call of this convention and of the State Convention at Louisville on June 8th.

2nd. We feel it our duty as well as our privilege upon this occasion to express the general disapproval that exists as to President Roosevelt, whose administration of the affairs of the Nation prove him to be a "Rough Rider" indeed—reckless, despotic and unscrupulous—and lacking the confidence of the business and conservative elements of the United States. His exalted position came to him not through any merit of his own, but as a result of the work of a dastardly assassin. He is not the choice of his party for the nomination this year, but by the death of Marcus A. Hanna and the power of the presidential patronage, and the sway of the Roosevelt machine, he is to lead the Republican ticket.

3rd. Resolved that the vote of Lawrence County be cast in the State Convention for the following persons, as long as their names shall be before the Convention as candidates:

For Chairman of the State Central and Executive Committees, Hon. James N. Kehoe, of the 9th Congressional District.

For delegates from the State-at-large to the National Convention, Senators James B. McCreary and J. C. S. Blackburn, Governor J. W. Beckham, and Thomas Brown, of Boyd county.

For delegate to the National Convention from this district, John W. Woods.

For Presidential Elector for the 9th Congressional District, Hon. C. L. Williams, of Boyd county.

Resolved, That the delegates from Lawrence County be and they are instructed to vote as a unit on questions which may in any way effect the interests of Hon. James N. Kehoe.

The following persons are named as delegates from this Convention to the State Convention at Louisville, June 8: F. F. Freese, W. M. Justice, Dr. M. G. Watson, L. W. Spencer, John B. Spencer, A. O. Carter, Dr. Fred D. Marcum, D. C. O'Neal, James Q. Lackey, H. C. Sullivan, R. E. Vinson, H. B. Hallett, G. W. Gunnell, A. J. Garrod, J. A. Vinson, John M. Rice, Robert Dixon, Jay H. Northrup, M. F. Conley, Geo. H. Fulkerson, W. M. Fulkerson, R. L. Vinson, Jay O. Daniel, E. E. Shannon, Add Skeens, G. W. Wrothen, H. S. Dean, G. E. Fugitt, R. S. Chaffin, Jesse Cordle, I. M. Garrod, Bert Shannon, J. G. Howard, F. T. D. Wallace, John H. Thompson, Alexander Laakey, Jr., Tandy Giles, C. T. Vaughan, Al Hays, James Peters, Robert Bickel, W. D. O'Neal, Jr., Dick Moore and G. R. Vinson.

Resolved, That the proceedings of this Convention be published in the BIG SANDY NEWS and Boyd County Democrat.

On motion Convention adjourned.  
H. C. SULLIVAN, Chairman.  
W. D. O'NEAL, Jr., Secretary.

**Word of All Experiences.**  
Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newton, Decatur, Ala. For three years she writes, "I endured insupportable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For Liver, Kidney, Stomach and Bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by A. M. Hughes, Druggist.

Chamberlain's Stomach and Liver Tablets Better Than a Doctor's Prescription.  
Mr. J. W. Turner, of Trashart, Va., says that Chamberlain's Stomach and Liver Tablets have done him more good than anything he could get from the Doctor. If any physician in this country was able to compound a medicine that would produce such gratifying results in cases of stomach troubles, biliousness or constipation, his whole life would be used in preparing this one medicine. For sale by A. M. Hughes.

**Eureka Harness Oil**  
Not only makes the harness and the horse's feet better, but makes the harness last longer, keeps it from getting stiff, and makes it shine like new. It is the best harness oil in the world. Sold by A. M. Hughes, Druggist.

## Kentucky Day June 15th

The Kentucky Commission for the Louisiana Purchase Exposition decided to postpone Kentucky Day from June 2 to June 15, and active preparations to make the day one memorable in the history of the St. Louis World's Fair are now on. No printed invitations are to be sent into Kentucky. Every Kentuckian from no matter what walk of life is cordially invited to be present. The Kentucky Press association will hold its annual meeting on Kentucky Day at the Kentucky Building on the Exposition grounds. This organization will meet first in Louisville on June 13, leaving that night for the World's Fair City on a special train furnished by the Henderson Route.

While the programme for Kentucky Day is not complete, enough is known to announce that it will be full of interesting events. The Kentucky Building is to wear a gala attire and brass band music from the outside and a string orchestra from the inside will give to the "New Kentucky Home" an attractive tone. The editors will hold an informal session at 10 o'clock in the morning, followed by a tour of the grounds on automobiles and on the Intramural System, winding up at one o'clock with a luncheon probably at the east pavilion, which is being conducted by Mrs. Rorer, the famous cook-book woman. At two o'clock the regular Kentucky Day exercises will begin in Festival Hall, consisting of addresses by prominent Kentuckians and ex-Kentuckians. After the ceremonies a recital on the big pipe organ will take place. At night in the Kentucky Building there will be a reception from 8 to 11 o'clock.

**Startling Evidence.**  
Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Rentonville, Va., serves as example. He writes: "I had Bronchitis for three years and doctored it the best without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by A. M. Hughes, Druggist. Trial bottles free, regular sizes 50c. and \$1.00.

**Death of Anna E. Thompson.**  
Whereas, an all wise Providence has visited the family of our beloved classmate and President and has taken from its midst its brightest jewel, Anna Elizabeth Thompson. Therefore, be it resolved:

That we his classmates of the Kentucky School of Medicine tender our most sincere sympathy to the bereaved parents in this sad hour of grief and remind them that their beloved one is safe in the arms of Jesus; and that another strong link has been added to the chain that binds them to that bright Heavenly home.

Be it further resolved that a copy of these resolutions be sent to the bereaved family, to his county paper and be recorded in the minutes of the class.

(Amel Weaver, Committee W. L. Cain, U. E. McNeil, Eugene A. Sturm, Sec'y Class 1904.

**That Throbbing Headache**  
Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merits for Sick and Nervous Headaches. They make pure blood and build up your health. Only 25c. money back if not cured. Sold by A. M. Hughes, Druggist.

**Hatching Fishes By The Billion.**  
We no longer speak of hatching thousands of fry, but of millions and hundreds of millions. The number of eggs, fry, fingerlings and adult fish distributed by the Bureau and Fisheries in 1902 aggregated 1,500,000,000.

It is certain that the shad, whitefish, lake trout and pike perch fisheries, each of vast importance, have not only been saved from entire depletion, but that they have been maintained, chiefly through artificial propagation at a high degree of productiveness. That these fisheries are industries today, valued at nearly \$300,000,000 annually, is due entirely to artificial propagation by the Bureau of Fisheries.—*(National Geographic Magazine.)*

## EXCURSION

To the Great Sells & Downs Shows.

Special excursion rates on all lines of travel have been arranged for by the management of Sells & Downs show, and those who wish to go to Ashland where this great circus exhibits Monday June 20—can do so at a very little expense. This will be the only point in this vicinity where the show will exhibit this season, and no one should miss the opportunity to witness it. Sells & Downs circus has been the leading arena exhibition of America for years, but the show has never been permitted to rest upon its reputation. Although it long ago passed the point of competition, every season sees a greater and grander show. This year's features are entirely new, and entails the combined efforts of 275 wonderful artists in the equestrian, gymnastic, acrobatic, acrobatic and aerial line together with thirty famous clowns and hundreds of lesser lights. Two hundred and fifty horses are used and a marvelous trained animal department is presented. The circus this season is greatly enlarged. There is a gorgeous revival of the Roman hippodrome races, and many other stupendous features in this great circus. Circus day opens with a brilliant parade at 10:30 a. m. Don't fail to see it.

**An Alarm Clock for 25c.**  
If you want to get up early and feel good all day take a Little Early Riser or two at bed time. These famous little pills relax the nerves, give quiet rest and refreshing sleep, with a gentle movement of the bowels about breakfast time. W. H. Howell, Houston, Tex., says "Early Risers are the best pill made for constipation, sick headache, biliousness, etc." Sold by Louisa Drug Co.

**Very Bashful.**  
The Kingwood Argus is guilty of the following: "There is a girl at Morgantown who is so bashful that she cannot see a sleeping car without blushing and the faints at the sight of undressed lumber. But she is hardly so foolish as a girl at Fairmount who covers the clock in her bedroom every night before undressing for bed and even has lingerie on the legs of her bedstead. However, there is a sweet young thing at Gratton who will not look at a tree in the winter time for fear she will see a naked limb, and she will not express an opinion fearing to unobscure her mind. But the Clarksburg girl who is so modest that she prefers a falsehood to the naked truth, rather take the baker's shop."

**Thrown From a Wagon.**  
Mr. George K. Babcock was thrown from his wagon and severely injured. He applied Chamberlain's Pain Balm freely and says it is the best liniment he ever used. Mr. Babcock is a well known citizen of North Plain, Conn. There is nothing equal to Pain Balm for sprains and bruises. It will effect a cure in one third the time required by any other treatment. For Sale by A. M. Hughes.

**Japanese Proverbs.**  
Instead of "more haste, less speed," the Japs say, "If in a hurry, go around."

**Trunks for the Philippines.**  
The trunkmaker was showing his wares. He pointed to a long, low, glistening black trunk, and said:

"That looks almost burglar proof, doesn't it? Well, if it isn't that it's red-ant proof. It's covered with sheet steel and when it is closed it is almost as tight as a safe. We are making that trunk for the army officers in the Philippines, and we've just sold forty-five to this year's class at West Point. This trunk, and I mean by that a trunk clad top, bottom and sides with sheet steel, is the only kind of a trunk which dries the red ant of the Philippines. The strong little creature, with its powerful mandibles, can eat its way through an ordinary wood and canvas or sole leather trunk, and once it is on the inside it eats everything it finds. I suppose now the red ant will have to equip themselves with 'Jimmies.'"—*[New York Post.]*

**Interesting To Asthma Sufferers.**  
Daniel Bante, Iowa, writes I have had asthma for three or four years and have tried about all the cough and asthma cures in the market and have received treatment from physicians in New York and other cities, but got very little benefit until I tried Foley's Honey and Tar which gave me immediate relief and I will never be without it in my house. I sincerely recommend it to all. Sold by Louisa Drug Co.

**Paintsville.**

John C. C. Mayo came in from Baltimore Monday afternoon. He says Mrs. Mayo is getting along nicely at the John Hopkins Hospital and he has great hopes of her restoration to health. Dr. W. W. Morton, of Catlettsburg, is with her.

Dr. and Mrs. W. T. Atkinson, of George's creek, arrived here Saturday afternoon and remained until Tuesday morning the guest of relatives. They are now spending a week at Salyersville. The Dr. formerly resided here and is thinking seriously of returning. He has many warm friends here who would be glad to have him here again.

W. H. Jayne, the Flat Gap merchant, who was recently tried in county court and sent to the insane asylum at Lexington, and brought back, left last week for Arkansas to join his father who resides somewhere in that state. Mr. Jayne has been engaged in business at Flat Gap for several years. At first he prospered and built up a good trade, but about six months ago his mind began to fail, and although he is perfectly harmless yet it is evident his mind is by no means right. His store is in charge of Ben F. Salyer.

At the residence of the bride's father, George C. Perry, at Williamsport, Thursday afternoon, Charles Fischer, of this city, was united in marriage to Miss Elizabeth Perry, Rev. C. W. Craig pastor of the M. E. Church, South of this city, officiating.

**A CONTINUAL STRAIN.**  
Many men and women are constantly subjected to what they commonly term "a continual strain" because of some financial or family trouble. It scars and disfigures them, both mentally and physically, affecting their nerves, badly and bringing on liver and kidney ailments, with its attendant evils of constipation, loss of appetite, sleeplessness, low vitality and despondency. They cannot, as a rule, get rid of this "continual strain," but they can remedy its health-destroying effects by taking frequent doses of Green's August Flower. It tones up the liver, stimulates the kidneys, restores healthy bodily functions, gives vim and spirit to one's whole being, and eventually dispels the physical or mental distress caused by that "continual strain." Trial bottles of August Flower, 25c. regular size, 75c. At all druggists. Louisa Drug Co.

## A MINISTER'S BUSY WIFE.

Pe-ru-na a Prompt and Permanent Cure for Nervousness.

Mrs. Anna B. Fiehart, recent superintendent of the W. C. T. U. headquarters, at Galesburg, Ill., was for ten years one of the leading women there. Her husband, when living, was first President of the Nebraska Wesleyan University, at Lincoln, Neb.

In a letter written from 601 Sixty-Seventh street, W., Chicago, Ill., Mrs. Fiehart says the following in regard to Peruna:

"Having lived a very active life as a wife and working partner of a busy minister, my health failed me a few years ago. I lost my husband about the same time, and gradually I seemed to lose health and spirit. My daughter is a confirmed invalid, and we both felt great need of an invigorator.

"One of my neighbors advised me to try Peruna. A bottle was immediately secured and a great change took place in my daughter's, as well as in my own health. Our appetites improved very greatly, the digestion seemed much helped, and restful sleep soon improved us, so that we seemed like new women.

"I would not be without Peruna for ten times its cost."—MRS. ANNA B. FIEHART.

Peruna never fails to prevent nervous prostration if taken in time. Scammon Catarrh, a book written by Dr. Hartman on the subject of the nervous disturbances peculiar to summer, sent free to any address by The Peruna Medicine Co., Columbus, O.
