STOCKYARDS RIOT.

Savage Attacks Were Made Upon the Non-Union Meat Workers Employed There.

SEVERAL WERE SERIOUSLY HURT.

Two Women Dragged From Street Car, Knocked Down and Badly Beaten Before Police Arrived.

A Woman in Another Car Was Struck in the Mouth With a Brick and All Her Front Teeth Were Knocked Out.

Chicago, Sept. 9.—The strike of the butcher workers, which had been on for the last two months, was officially declared off Thursday by President Michael Donnelly, of the Amalgamated Meat Cutters and Butcher Workmen of America.

During the strike approximately 53,000 persons have been involved in the struggle, which is estimated to have cost the men about \$5,000,000 in wages, as against an estimated loss of \$7,500,000 to the packers in loss of business and in increased expenses. The greater number of men idle in Chicago during the strike was 25,000, and the total in the country outside of this city is estimated to be about the same.

The original cause of the strike was a demand by the butchers' union that the packers pay to the unskilled workmen 15¢ cents an hour. The packers refused an agreement, but offered to arbitrate the question.

Chicago, Sept. 13.—Savage attacks were made upon non-union workers at the stockyards Monday night, and in the fights that followed 8 people were injured, four of them so severely that it was necessary to take them to hospital. At Halsted and Root streets two young women, Annie Cook and Marie Jasper, were dragged from a street car, pounded over the head, knocked down and badly beaten before the police arrived. Miss Cook was severely cut in the face, her shoulder was injured and she was taken to the hospital. Miss Jasper was struck with a brick and her face and forehead were badly cut. It was found necessary to take her also to the hospital.

Three policemen rescued the women from the mob but it refused to disperse and continued to throw stones. A west-bound car which happened to pass during the trouble was struck by several of the missiles and two of the passengers were struck. One woman was hit in the mouth with a brick, and all of her front teeth were knocked out. Anton Ashura, a driver for a brewery, tried to drive through the mob and was hit in the back of the head with a brick and knocked from his seat. His scalp was badly cut and he is in a serious condition.

A call for help had been sent in, and officers soon arrived, whereupon the crowd soon scattered.

NON-RESIDENT NEGROES.

All of Them Were Driven Out of Carlisle, Ind., by a Mob.

Carlisle, Ind., Sept. 13.—James Hammond, colored, while resisting arrest Monday afternoon, was shot and seriously wounded by Constable T. E. Johnson. Hammond was trying to resist a quarrel with other Negroes.

Monday night a mob gathered and drove all the non-resident Negroes out of the town. Race feeling is intense, and it is feared that Negroes having 254 homes here will be compelled to leave. Hammond was taken to the Sullivan hospital for safe keeping, when threats of lynching were heard.

The mob Monday night visited the home of every Negro family. Every one, except one occupied by an old lady, was deserted. These people were not molested, but doors and windows in the other houses were broken. No further trouble is expected.

St. Louis the Negro laborers make an effort to return to Carlisle on Tuesday.

Many Persons Were Injured and Shops Were Pillaged.

St. Petersburg, Sept. 12.—Anti-semitic rioting took place at Rocco, in the government of Volynia, September 4, during which many persons were injured and shops pillaged. A similar outbreak occurred at Smela, in the government of Kiev, when the shops were looted. Ninety-eight persons and 145 shops were pillaged, and several persons were seriously, and many slightly wounded by the rioters. Many of the rioters were arrested.

A Power For Food.

The pills that are potent in their action and pleasant in effect are Dr. Williams' Little Early Risers. W. A. Little, of Albany, Ga., says: "After suffering a bilious attack I took one of these pills and it did me more good than calomel, blue mass or any other pill I ever took and at the same time the effect was pleasant. Little Early Risers are certainly an ideal pill." Sold by Louisa Drug Co.

A TRAGIC ENDING.

Eight Out of a Dozen Pleasure Seekers Lost Their Lives.

Philadelphia, Sept. 12.—The Delaware steamer Columbia, on its way from this city to Bristol, Pa. Sunday night, crashed into a steam launch about 10 miles north of here, grinding it to pieces and causing the drowning of eight of the dozen occupants of the small boat. All of the party were Philadelphia.

The accident was the tragic ending of a day's pleasure trip on the river. The launch, which was owned by Joseph Fortescue, and the party had been made up from among a few of his friends. The day was spent in a cruise up the river as far as Trenton. The return trip was begun after nightfall, the pilot of the boat keeping close to the Pennsylvania shore on the run down the river. When a point was reached near Andalusia, the Columbia suddenly loomed up on the darkness. Fortescue jammed his wheel to starboard, but just a moment too late. The big steamer struck the launch squarely in the middle, and cut it in half, throwing all the occupants into the water.

THE POSTAL CLERKS.

After Electing Officers the National Association Adjourned.

St. Louis, Sept. 10.—After electing the following officers, the annual convention of the United National Association of Postal Clerks adjourned Friday sine die: Arthur J. Donohue, Chicago, president; Forest L. May, Dayton, O., secretary; and J. W. Smith, St. Louis, president; R. C. Loeffler, Chicago, secretary; Peter Wynne, New York, treasurer.

A resolution was adopted urging the post office department to adopt rules so that clerks engaged in night work will not be required to work more than three months consecutively at night.

FOUND DEAD BY A WATCHMAN.

Superintendent of the Dead Letter Office Probably Suicided.

Washington, Sept. 12.—The dead body of David P. Leibhardt, 50, the superintendent of the dead letter office of the postoffice department, was found Sunday night by one of the watchmen, who was making his rounds just after midnight. Evidently it was a case of suicide, for there was a bullet hole in the right temple, and a pistol, with one or more barrels discharged, lay on the floor beside him. Mr. Leibhardt was a native of Indiana, from which state he was appointed to the post office department.

A LACK OF DEMAND.

There Was a Decrease of Anthracite Coal Production During the Year.

Philadelphia, Sept. 9.—The statistics on the production of anthracite coal during the month of August, issued Thursday, show a decrease of 837,548 tons compared with the same month last year. The tonnage for August was 4,331,854. The production for the year up to September 1, was 38,212,225, against 42,431,849 for the corresponding period last year. The decrease in production is due to the numerous suspensions of operations because of lack of demand.

STILL RETREATING.

The First Part of the Campaign May Be Considered Lost to the Russians.

JAPANESE WILL ENTER MUKDEN.

The General Staff Now Estimates the Jap Forces at From 450,000 to 500,000 Men.

The Russian Army Will Reconcentrate in the North, But It Needs Several Months in Order to Fill Up the Losses.

Cronstadt, Sept. 12.—The Baltic fleet, under command of Vice Adm. Rojestvensky, sailed Sunday afternoon. The destination of the fleet, nine battleships, four cruisers and several torpedo boats, is the far east.

Tokio, Sept. 12.—An approximation of the Japanese casualties in the battle of Liao Yang, based upon reports of the chiefs of the medical corps of the three Japanese armies, was concluded Sunday. It covers the fighting from August 26, and shows that the killed and wounded amount to 17,533 men, divided as follows:

In the right army, under the command of Gen. Kuroki, 4,866 men; in the center army, under the command of Gen. Nodzu, 4,922 men, and in the left army, under the command of Gen. Oku, 7,681 men. These casualties include 136 officers killed and 464 officers wounded. The fact that the army under Gen. Oku sustained the heaviest losses is accounted for by its assault upon the Russian defenses to the south of Liao Yang.

Telegraphic report received here Sunday from the headquarters of the Manchurian army declare the Japanese to be in full possession of the Yanakt coal mines, and estimate the Russian loss to the fall of Liao Yang at over 25,000 men. The estimate of losses does not include those suffered by the Russians in the rear guard actions fought after the evacuation of Liao Yang.

Paris, Sept. 13.—The Journal's Liao Yang correspondent, having ridden to Tien Tsin, sends thence the following uncorroborated dispatch, under date of September 12:

"The first part of the campaign may be considered lost. The Russian army has retreated northward in the direction of Tie Pass, or further. The Russian army's inferiority in men, guns and enthusiasm prevented Kuropatkin's retreating longer at Liao Yang or achieving at Yentai a victory which would have obliged the Japanese to fall back. The Japanese will shortly triumphantly enter Mukden. The Russian general staff now estimates the Japanese force at from 450,000 to 500,000. The Russian army will reconcentrate in the north, but it needs several months in order to fill up the losses in a number of corps, which must be doubled, and to replace reservists by active troops. Above all, it is essential to restore the morale, affected by almost unprecedented trials and difficulties. A Russian offensive movement will be impossible for a long time."

Liao Yang, Sept. 5, via Tien Tsin.

Sept. 12.—The landing of Liao Yang has few parallels in the annals of warfare. Three armies on three different days had possession of the city and engaged in acts of depredation.

Russian Transport Arrives.

San Francisco, Sept. 12.—The Russian transport Lena, Capt. Berlinsky, put into this port Sunday for repairs. The Lena is 31 days from Vladivostok. She has a crew of 497 men and 21 oficers, and carries 24 guns.

Washington, Sept. 12.—The expected protest of Japan against allowing the Russian auxiliary cruiser Lena, which arrived at San Francisco Sunday, to remain longer than 24 hours, came Monday when the Japanese consul in that city, through the collector of customs, made formal demand that the vessel be required to leave at the end of that time.

The collector's telegram officially notifying the authorities of the arrival of the Lena, and of Japan's protest, was addressed to the secretary of the treasury, who at once sent copies to Acting Secretary Murray, of the department of commerce and labor, who has direct jurisdiction in the matter. The telegram reads as follows:

"Japanese consul has made demand upon me that Russian auxiliary cruiser Lena, arriving at this port 11th instant, leave within 24 hours. The captain reports that he has entered for repairs of engines and boilers, principally the latter. I am requesting the inspector of hulls and boilers to make an examination of vessel's machinery, with the consent of the Russian consul and the commander of the Lena. Can find no authority in the law or regulations for the collector assuming any authority, and request instructions."

San Francisco, Sept. 13.—In an interview Monday with Navigating Officer Speckhoff, of the auxiliary cruiser Lena, he was asked how long he would remain here, he said:

"The Lena will probably remain here until the war is over. We expect that the officers and crew will be sent home by the way of New York."

On the deck were between 200 and 300 sailors. An inspection of the decks of the converted cruiser, to which an objection was made, revealed the fact that she had 15 mounted guns.

To Aligned Expenses of British Tibet Expedition Was \$2,542,000.

By Alleged Lynchers.

Body of Harris, Accused of Murder, Riddled With Buckshot.

Lebanon Junction, Ky., Sept. 13.—The body of Lewis Harris, aged 23, was found near town Monday morning by a Negro section hand. There were 22 buckshot holes from the waist to the head.

There is considerable mystery about the murder, as the appearance of the body and the position in which the man lay when found, indicate that he was killed elsewhere than where found Monday morning, and also that he was killed Sunday night.

Harris had been tried for the killing of a man of the name of Fox on the Illinois Central railroad, in Jefferson county, a year or two ago, and also for horsebreaking in the last year. It is supposed that he was killed over a woman, and was placed here by his murderer or murderers. The coroner's jury brought in a verdict to the effect that he came to his death from buckshot wounds by unknown parties.

CANTRILL'S HOME ROBBED.

To Take Out Grease.

A woman who dropped a large piece of butter on her silk waist was in despair, for there was no benzine or French chalk in the house. A sudden inspiration caused her to cover the grease spot thickly with talcum powder, leaving it overnight. In the morning the spot had disappeared.

The Russian and the Japanese armies are racing toward Mukden.

Field Marshal Oyama has moved precisely his entire across force the Taitse river and has started in hot pursuit of the army of Gen. Kuropatkin. A report from St. Petersburg last night said that Kuropatkin's rear guard had been almost annihilated, and that it was feared that his entire army would be surrounded. A dispatch from Mukden says that preparations are being made to evacuate that city. This report has not been verified at St. Petersburg, but the news has caused consternation there, as it is stated, the evacuation of Mukden would mean the abandonment of Southern Manchuria and the winding up of the present campaign. The Russian losses at Liao Yang are officially estimated at 10,000 and Gen. Kuropatkin is said to have abandoned 200 guns, the most of them being rendered useless before the evacuation of the city. Official figures of the Japanese losses are expected to reach Tokio soon. Late advices from Chefoo say the Japanese are still bombarding Port Arthur and sustaining heavy losses.

A CONTINUAL STRAIN.

Many men and women are constantly subjected to what they commonly term a "continual strain" because of some physical or family trouble. It wears and tires them, both mentally and physically, affecting their nerves badly and bringing on liver and kidney ailments, with the attendant evils of constipation, loss of appetite, sleeplessness, low vitality and depression. They cannot, as a rule, get rid of this "continual strain," but they can remedy its health-destroying effects by taking frequent doses of Green's August Flower. It tones up the liver, stimulates the kidneys, insures healthy blood circulation, gives vim and spirit to one's whole being, and gradually dispels the physical or mental distress caused by that "continual strain." Full bottle of August Flower, 25¢; regular size, 75¢. At all druggists, Louisa Drug Co.
