

A Specific End
For which to save is needed by some men. If you could say: "I am paying for \$10,000, of 5 Per Cent. 20-Year Gold Bonds—mine if I live—my family's if I die—and I must save enough for that," would you put aside more than you do now?

If interested in the terms on which these bonds can be bought on the installment plan, address

THE COLONEL'S WATERLOO.
Colonel John M. Fuller, of Holey Grove, Texas, nearly met his Waterloo from Liver and Kidney Trouble.

In a recent letter, he says: "I was nearly dead of these complaints, and, although I tried my family doctor, he did me no good; so I got a bottle of your great Electric Bitters which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold, and guaranteed to cure Dyspepsia, Biliousness and Kidney Disease, by A. M. Hughes, Druggist, at 50c a bottle.

YOUR EYES.
Many people are suffering from defective eyes and do not realize what the trouble is. That almost constant headache is due to eye-strain and can only be cured by glasses properly fitted. Hundreds of people continue to squint and strain their eyes in reading long after they should have used glasses. This is doing permanent injury to the eyes and should be stopped. Those who have never used properly fitted glasses can not realize the great relief afforded until they try a good pair. Go to Conley's Store and have an examination made by Mr. E. E. Henry, who is a graduate optician of long experience, and as competent as is found anywhere. Examination free.

STRIKES HIDDEN ROCKS.
When your ship of health strikes the hidden rocks of Consumption, Pneumonia, etc., you are lost, if you don't get help from Dr. King's New Discovery for Consumption. I. W. The Use of Salt.

How many housewives know what a good friend they have in simple salt? If you start the day out with it you benefit your health. Here are some of its uses:

Rinse the mouth with a little salt and cold water before breakfast and it will keep the teeth in good condition.

Coarse salt and bits of newspaper and a little salt in water will clean any bottle.

Put damp salt on burns. It will kill the pain.

Dry salt and a brush will take the dust off velvet, plush and heavy embroidery that cannot be washed.

In making fruit pies, when they boil over sprinkle some salt in the oven and it will not smell.

When making starch put a pinch of salt in it. It will keep the irons from sticking.

Rub salt over the griddle and it will not smoke.

A little salt under your tongue will stop your nose from bleeding.

Rules For Being Good.

Forget your misfortunes. Give your horse an apple. Take your wife to the theater. Answer your children's questions. Laugh at your husband's old stories. Allow your children to disturb you with a frolic. Break away from dull care and amuse yourself. Reassure your husband of your appreciation of his good qualities. Compliment the cook if she accomplishes a particularly well-cooked dish. Listen sympathetically to your wife's tale of woe about the help. Don't presuppose that everybody is a machine doomed to minister to your comfort without appreciation. Money cannot entirely pay for all things.—Philadelphia Record.
