Greenup, Ky., April 27.—James Dewey Jones, aged ten, fell off the ferry boat at Russell and was drowned.

Judge W. O. B. Ratcliff and Hon. C. C. Bowles, of Pike county, went to Frankfort last week and appeared before the Board of Equalization. They succeeded in having the raise in the valuation of property removed. The increase proposed was a heavy one.

McNeal and Goodson's store at Williamson was among the number of places visited by robbers, and several hundred dollars in cash and merchandise were taken. The parties were pursued by the police for several hours, but they succeeded in making their escape.

Paintsville, Ky., April 28.—James M. Price, ex-County Clerk, of this county, who was the only Democrat ever elected to office in this county for the past twenty years, died at his home on Jennie's creek at 2 o'clock this morning. The funeral will take place Sunday morning at 10 o'clock with Masonic honors.

A saloon in Williamson was robbed Sunday morning. The loss is estimated at \$500. A safe containing \$200 in cash was demolished by the cracksmen and rifled of its contents. It seems that a well organized gang of robbers are doing this wholesale stealing, and every effort is being made to capture them and break up their nefarious trade.

Maysville, Ky., April 30.—Col. W. W. Baldwin, aged eighty years, is dying. He at one time owned the Maysville & Lexington turnpike and other roads, and was known as "The Turnpike King." He is the owner of a 500-acre farm, well stocked with fine horses and cattle. He is a personal friend of ex-President Cleveland, and at one time carried the vote of this county in his pocket.

John C. C. Mayo has commented the construction of a \$9,000 apartment house on his property at the corner of Third and Church streets, Paintsville. The building will contain sixteen rooms and will be large enough to accommodate four families. The building will be completed by July 1, and will be occupied by Mr. Mayo and his family until his new residence is completed.

The prospects for coal in and around Cassville are showing up in a very encouraging manner. Coal has been found by the drillers, this much is certain. But the depth of the vein and the thickness of the coal has not been learned by the residents of the neighborhood, for the prospectors are very secretive about the matter. If coal should be found in paying quantities, it will be got out in the very unusual way, for a hill country, of shaft mining.

The Mounts shot and seriously wounded Leonard Mounts on last Tuesday, on Gilbert creek. The men became angered over a business matter and it is said Leonard was attempting to strike Ike with a rock when the shot was fired. The weapon used by Ike was a shot gun and the charge struck Leonard in the leg, inflicting a painful wound. The "shootist" had a preliminary hearing and was released, the justice of the peace reaching the conclusion that he had acted entirely in self-defense.

A robbery occurred at Hensley, four miles west of Williamson Thursday morning. The commissary of Jewett, Biglow & Brooks was broken into and a number of watches and smaller articles in the show case were taken. The miscreants, not being content with their work, proceeded to rob the postoffice, which is in the same building, and took all the mail, which was found scattered along the railroad track. Two registered letters were also missing. It is understood that the federal authorities will take this matter up. The local authorities are now doing everything possible to track the robbers.

On Thursday and Friday proceedings were held in the case of Cranor and Smith against the Winton Lumber Company, of Morehead, which was forced into bankruptcy several months ago. The case was tried before Judge Gudgeon, of Owingsville, at the Ventura Hotel, Cranor and Smith hold the largest claim against the company, amounting to about \$22,000. From all appearances they will make their claim, thus putting them into possession of all the holdings of the Winton Company. Attorney R. A. Chiles, of Mt. Sterling,

appeared for the receiver, while the interests of Cranor and Smith were looked after by J. B. Leroy and Wilhoit, of this city.—Ashland Independent.

A shooting scrape occurred at Big Sandy, a few miles west of Williamson Thursday, in which the participants were two negro men and a woman of the same nationality. The woman started off up the road with one of the men and her dusky lover became fired with the pangs of jealousy and drawing his revolver, shot her in the back, killing her instantly. Then the dark wooer hid himself away, seeking "greener fields and pastures new," and a more healthful locality. He has not since been heard from.

Davy, W. Va., April 23.—A serious and destructive fire occurred a few miles west of here at 2 o'clock Sunday morning in which the upper tipple of the Blackstone Consolidated Coal and Coke Company, their blacksmith shop and a number of cars were consumed. The fire is believed to be of incendiary origin. A number of detectives are working on the case, and it is thought that the parties will be apprehended within a short time. The loss is estimated at \$15,000 partially covered by insurance. Shipments of coal will be delayed from 30 to 60 days.
