### OBITUARY.

Mrs. Sue Bussey was born April 11, 1854, and died Oct. 21, 1906. She joined the Methodist Episcopal Church in 1866, when she was twelve years old.

She was married Dec. 24, 1877, to Mr. F. R. Bussey, of Boaseville, to this union was born four children, all boys, one of which died when he was small. She lived a husband and three boys. Aunt Sue, as she was familiarly called was loved by all who knew her. She was 52 years, 6 months and 10 days old. She was a devoted wife, a loving mother and kind and obliging neighbor and a true friend. She was a devoted Christian always for the right.

Mrs. Bussey had been the Superintendent of the S. S. for 10 years and under her management it was one of the best Sunday Schools in the county. We realize that in her death the church has lost a valuable member, the Sunday School a Superintendent, whose place will be hard fill their loss to the community from our point of view can not be filled. Her husband's sense of loss is only that which a true and devoted husband feels for a true and loving wife. Her boys feel the loss very sorely.

Her Christian influence was not only felt by those of her own immediate friends and neighbors, but it reached others outside of her own neighborhood.

A nobler character than hers could not be found. It was always pleasant to be in her home and engage in conversation that was always pleasant. In her death the loss is from our point of view irreparable. In the church, in the Sunday School and in the home, but God knows what is best and we must bow in humble submission to this dispensation of his providence. Why she was taken in the midst of her usefulness is not for us to say, but that she is gone to the land of the blessed. We have no doubt nothing could make us believe, but in this providence, we may be able to see the hand of God for he knows what is best.

Her burial was attended by a large crowd of people and her funeral was preached by Rev. Davanport, of Greenup. The music was furnished by Mrs. Josephine Rice, of Louisa. Her body was laid to rest in the family grave yard over looking her home.

### Home Circle Column.

#### A Column Dedicated to Tired Mothers as They Join the Home Circle.

For the sake of your children strive to know something about everything.

Teach children the law of kindness. That is needed all through life and everywhere.

Many christians think it a bad sign to be jubilant and their work of self examination is a hewing down of their brighter experiences. Like a boy with a new jackknife, hacking everything he comes across, so their self examination is a religious cutting to pieces of the greenest things they can lay their hands. They imagine they are doing God's service when they go about borrowing trouble, and borrowing it at thirty per cent, which is always a sure precursor of bankruptcy.

Everything is pretty much of a size in this world - even our troubles, trials and difficulties. If our troubles are little we magnify them; if large we magnify them; so that everybody gets a fair average with everybody else, both of the good and evil. Go to the happiest person you know and pour into his or her ear your tale of woe, and see how quickly he or she can show you that your trials are a small circumstance to their own. You are having as good a time as anybody else in this world - so don't ask for sympathy.

For a good, everyday household angel give us a woman who laughs. Her biscuit may not be always just right, and she may occasionally burn her bread and forget to replace dislocated buttons, but for solid comfort all day and every day she is a paragon. Home is not a battlefield nor life one long unending row. The trick of always seeing the bright side, of shinning up the dark one, is a very important faculty, one of the things no woman should be without. We are not all born with the sunshine in our hearts, as the Irish prettily phrase it, but we can cultivate a cheerful sense of humor of we only try.

Many mothers imagine their daughter's fortune is made when she learns enough to thump on a piano, or labors enough to daub a cheap chromo or to wrok a yellow dog on a door mat. Girls are to glad to be spoiled in that way. Teach them to command a regiment of pots and kettles; teach them to make good bread, good coffee; teach them to make garments and patch them when they need it. Teach them physical development; teach them it is more cruel and less christian for American women to cramp and distort their lungs, liver and stomach, than it is for the Hottentots to press their heads flat, or for the Chinese to make their feet small. Good, healthy and industrious girls make happy homes, good wives and mothers.

A mother writes us, "What shall I teach my daughters?" This one important and tremendous fact, my sister, that there is no happiness in this world for an idle woman. It may be with hand, it may be with brain, it may be with foot; but work she must or be wretched forever. The little girls of our families must be started with that idea. The first lesson should be how, under God, they may take care of themselves. The simple fact is that a majority of them to have to take care of themselves, and that, too, after having, through the false notions of their parents, wasted the years in which they ought to have learned how to maintain themselves successfully. It is inhuman and cruel for any father or mother to pass their daughters into womanhood having given them no facility for earning their livelihood. Madame de Stael said: "It is not these writings that I am proud of, but the fact that I have facility in ten occupations, in any one of which I could make a livelihood." We should teach our daughters that work of any kind, when necessary, is a credit and honor to them. It is a shame for a daughter to be idle while her mother toils at the wash tub. It is as honorable to sweep the house, make beds, cook and wash dishes, or trim hats as it is to twist a watch chain or embroider a slipper.

stealing, murdering, and certainly there would not be as many tramps as there are now days.

If, father, mother, sister, brother, would each remember that it depends upon them to make home happy, how much better it would be. But many a careless word spoken has wounded the hearts of the whole household. What is home without sunshine? What is home without cheerfulness? Can any of you answer these questions?

Do you blame the young man for not wanting to spend his evening at home, when, upon entering the house, some one will commence finding fault?

All have faults, some more than others, and it is the duty of each parent to speak kindly to their children concerning their faults; by so doing you will conquer; if on the other hand you begin to find fault, you will fail.

Brother, sister, treat each other kindly, let not a careless word be spoken, you will never regret that you did so.

For in time to come, when you have reached manhood or womanhood and look back upon the years gone by, you will have the pleasure of saying to yourselves and others this dear old stanza:—

From allurements abroad which but flatter the eye  
My unsatisfied heart turns and says with a sigh,  
Home, home, sweet, sweet home  
let each strive to make our home as agreeable and happy as possible so that we may say that there is no place on earth to us like—"Home sweet home."

## FIFTY CENTS

In some conditions the gain from the use of Scott's Emulsion is very rapid. For this reason we put up a fifty-cent size, which is enough for an ordinary cough or cold or useful as a trial for babies and children. In other conditions the gain is slower—health cannot be built up in a day. In such cases Scott's Emulsion must be taken as nourishment; a food rather than a medicine. It's a food for tired and weak digestions.
