### OUR NEIGHBORS.

The second edition of the Carter Circuit Court convened at Olive Hill Wednesday, with a very large crowd in attendance.

Owingsville, Ky., Nov. 8.—Cleveland Pegram, charged with murdering Thomas Jones ten days ago, was held without bail, after an examining trial here.

Either Fred or Ed Porter, of Grayson, ran a nail in his foot and is badly crippled. These boys are twins and it is beyond our comprehension to correctly distinguish them.

Lee Cyrus, who was shot at Round Bottom ten or twelve days ago, by John Large and who was in a dangerous condition for several days, is now improving and it is thought he will get well.

Grayson, Ky., November 8. — John Tackett, of Willard, was lodged in jail here today charged with the killing of John Rinehart with a shotgun. Tackett was quarreling with another man, and claims his gun was accidentally discharged, the load hitting John Rinehart, a bystander.

Olive Hill Milling Co. has been incorporated with \$200,000 capital stock to manufacture all kinds of feed - stuffs. A two-story building 24x100 feet will be erected. Claude L. Wilson is president; J. E. Wallace, vice-president, and G. L. Braumer, secretary-treasurer and engineer in charge.

Erby W. Crace, postmaster at Vera, Greenup county, Ky., who was arrested and brought to Catlettsburg, on Oct. 30 by Deputy Marshall T. S. Salyers, on the charge of making false entries in the post-office records, was given a hearing before Commissioner Tinsley and bound over to answer to the next federal grand jury which will meet in December. He failed to furnish bond and was sent to jail.

Fifteen men employed in the construction of a coffer dam below the lock at the foot of Webster street in Catlettsburg, went on a strike at noon to-day, for an increase in pay and the use of rubber boots while at work.

The men have been receiving \$1.75 per day and their demand is \$2.00 with rubber boots furnished.

Superintendent Conrly says the demand of the men will not be granted, but that an effort will be made to fill their places with other workmen.

Graham College has entered the third month of the present session with probably the brightest prospects in its history. J. B. McClure, the Principal, has more than proved his ability as a school man. Having stuck to the college through some of the most trying times in its history he has tided it over financial difficulties, and has now about succeeded in placing it on a paying basis, something which can be said of very few schools of this kind.

The college buildings and grounds are soon to be put to sale, and it is to be hoped that the purchasers will properly recognize Pro McClure for the manner in which he has held the school together. — Graham, Va. Banner.

Mt. Sterling, Ky., Nov. 8.—Reports have reached this city of disastrous forest fires which have been raging in Morgan county during the last week. The dry weather has caused the timber to burn rapidly, and the fire has swept everything before it.

The fire is creep near the large Cannel City coal mines of Bigstaff and Cockrall, and all the cabins and buildings are in danger of being destroyed. Hundreds of panels of fence have been burned and much valuable timber. The loss will reach thousands of dollars, and there is no telling what the result will be if rain does not come in a short time or the people cannot check the onward rush of the fire.

### FALLSBURG.

No thing unusual occurred here lately, except that Zackary Webb's horse caught fire one day last week and came very near being destroyed. Mr. Webb and his neighbors threw water quick and fast and the horse was saved.

We had a very peaceable election here and I don't think there was any whisky used at this election to influence voters.

Mrs. Webb returned home last Thursday from East Liverpool, after having been gone several days to see her daughter, who has been sick for some time, but was about well when Mrs. Webb left.

I stated not long ago that Blind Burch Blankenship had bought a house and lot in Fallsburg and was going to move here, but I have learned since it was a mistake.

Thomas Burchett took quite a lot of cattle through here last week and George Skeens lost a cow that he thinks went off with the drove.

There is not anyone sick in Fallsburg, but Dr. Rice has had several calls to visit patients out in the surrounding country.

Mrs. Evans, known as grandma Evans, died on the 12th. She was buried near her home in the family grave yard. Rev. Cassidy preached her funeral.

An infant child of Bob Skeens died on the 12th.

### MEN PAST SIXTY IN DANGER

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, of Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure, I feel better than I have for twenty years although I am now 61 years old." Sold by Louisa Drug Co.

### THE IDEAL FAMILY LAXATIVE.

is one that can be used by the entire family, young and old, weak and strong, without any danger of harmful effects. It should have properties which insure the same dose, always having the same effect, otherwise the quantity will have to be increased and finally lose its effect altogether. These properties can be found in that old family remedy, Brandreth's Pills, because its ingredients are of the purest herbal extracts, and every pill is kept for three years before being sold, which allows them to mellow. We do not believe there is a laxative on the market that is so carefully made.

Brandreth's Pills are the same fine laxative tonic pill your grandparents used. They have been in use for over a century and are sold in every drug and medicine store, either plain or sugar-coated.

J. Mont Bevins vs. J. A. C. and Sons. —Filed October 10, 1906. —Not to be reported. —Appeal from Pike Circuit Court. Opinion of the Court by Judge Barker, affirming. —For the appellant, J. A. C. and Sons, by J. A. C. and Sons, attorneys. —For the appellee, J. A. C. and Sons, by J. A. C. and Sons, attorneys. —Judge Barker. —Absence of Fraud. —Where a merchant sells a great gross each of pins and labels from the factory to be delivered within ninety days, and the same was delivered to the shipping-point agree on within the time named, no cause of action is shown by the fact that the merchant ordered on the ground that he was only ordering a gross instead of a great gross of each, where there is no evidence that the seller was guilty of any fraud or sharp practice in obtaining the order or knowingly took advantage of the mistake of the buyer.

Second—Mistake—Negligent. —One Must Suffer. The rule is elementary that where one of two innocent parties must suffer because of a mistake, if it has resulted from the negligence of one of them, he must bear the consequences.

Third—Acceptance of Order—Cancellation—Consent. After one has accepted an order for goods sold to him he cannot cancel it by letter without consent of the seller.

N. J. Auxier, E. D. Stephenson, P. W. Stowers, for appellant; Harman and Auxier for appellee.

George L. Cox vs. H. E. Burgess. —Filed October 11, 1906. —Not to be reported. —Appeal from Pike Circuit Court. Opinion of the Court by Judge O'Rear, affirming.

First—Contracts—Sale of Land —Specific Enforcement—Enhanced Value of Land. A contract in writing in which C. agreed with B. to sell and convey him his land at the end of four years at fifty cents per acre, reserving the oil right and the privilege of taking off any timber hereon in consideration that B. should grant him the right of way over his land for the removal of his timber, is a contract which may be specifically enforced, although at the end of the four years by reason of the building of a railroad in the vicinity of the land it had been greatly enhanced in value.

Second—Same — Equitable Relief—Rule Governing. While the rule is that equity will refuse to execute a contract founded upon fraud, mistake, undue advantage, or where it would be unconscionable to enforce it, it was never intended to relieve one of his bad bargain when fairly entered into, or to deprive the other party of the gain which his foresight had anticipated, or fortune had thrown in his way; nor was it intended that the Chancellor should act as arbitrator for him who overestimated to himself the value of a dollar at present as compared to several dollars in the indefinite future.

J. M. York for appellant; J. E. Chine for appellee.

For Sale:—2 spans of mules and two wagons. 1 span will be two years old next spring. The oldest is 6 years of age. D. C. Hughes, R. F. D., Louisa, Ky.
