## WEST VIRGINIA NEIGHBORS.

### NEWS FROM COUNTIES JUST ACROSS THE RIVER IN WEST VIRGINIA.

Some person or persons entered the store of G. W. Workman at Echo, Saturday night by prizing the door open, and stole what money was in the postoffice, which was about \$7. No clue has been found as to who the burglars were.

While Deputy U. S. Marshall John Stewart was bringing a 17-year-old boy named Wright down the N and W. last Saturday to place him in the Cabell jail to await the action of the Federal grand jury, he left the boy for a few minutes when the train was only a few miles from Kenova. As soon as boy saw that he was alone he leaped out of the window while the train was running at a rapid rate. The train was stopped and a thorough search made but the boy had made his escape.

It is an open fact that Senator Watson has promised West Virginia to Harmon, and the fact is all the more interesting since it develops that Tammany is back of Harmon, and the deal is to deliver West Virginia not only to Harmon, but to deliver the state to Tammany who will dictate the complexion of the Democratic national convention. The Tammany element will be more active in the country outside of New York State this year than at any time since 1884.—Exchange.

It is stated, also, that ex-Governor W. A. McConkie is to be a member of Harmon's cabinet in case the Ohio Democratic candidate is successful.

Because he is suffering with ailments which cannot be cured and because he is said to have suffered sufficiently for the crime of which he was convicted in Logan county in January of this year, a pardon has been granted by Governor Glasscock to Andrew J. Vance. The convict was sent up for seven years on the charge of having burned a school house near his place of residence. After he was convicted the principal witness, one William B. Workman, admitted that he had sworn falsely at the trial and that the executive clemency which has been brought about was due to the man. He was sentenced to serve seven years. Immediate release will be given him and he will return to his former home in Logan county where he hopes to regain his health. His physical condition is said to have been brought about in great part through his worrying over being imprisoned. The young man is a son of Mr. A. J. Vance, a highly respected citizen of near Breeden.

"Marvelous Progress of West Virginia" is the title of a full page advertisement in last week's Manufacturers Record in which the Baltimore and Ohio Railroad presents statistical comparison of the material development of West Virginia in 1900 and 1910. It is a very graphic way of utilizing an advertising situation to present facts of interest to every man living in West Virginia, as well as to every man who can by any possibility be interested in studying what West Virginia is doing. The story as presented shows that the coal output of West Virginia increased from 22,000,000 tons in 1900 to 60,000,000 tons in 1910. In the same time the value of property increased from \$659,000,000 to \$1,150,000,000. In the same period the resources of national banks in West Virginia nearly trebled, increasing from \$25,000,000 to \$72,000,000. Individual deposits in national banks increased from \$15,500,000 to \$44,000,000. The capital invested in manufacturing interests advanced from \$49,000,000 to \$150,000,000. This interesting way of advertising West Virginia in order to advertise that portion of it tributary to the Baltimore & Ohio and its branches can be studied with great profit by railroads and others seeking to make known the possibilities of development of other Southern States.

## Dr. Pierce's Favorite Prescription

It is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. THE ONE REMEDY which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle-wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of known composition. No counterfeit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. See that you get what you ask for.

vice of the U. S. is now at his home. Misses Annie Pelphrey, Annie L. Middaugh and Maude Auxier and Hobert and Lealie Picklesimer and Ruthard Witten were the guests of Grayce and Tommy Vanhose Sunday. Vanhose, Saturday and Sunday. Miss Maud Auxier, of Johns creek is visiting her cousin, A. L. Middaugh at this place. Bluebelle.
