Beware of Ointments for Catarrh That Contain Mercury

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co., Testimonials free.

Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

The hidden mystery of Christ as spoken by Paul; by Revs. L. A. Griffith and Frank Miller.

The true church, when organized and by whom; Revs. Mark Williams and Judd Borders.

How to promote the best interest in the church; Revs. John E. Conley and Isaac Griffith.

Salvation, and how to obtain it; Revs. H. B. Conley and Arnet Dills. What became of the bodies of the saints who arose when Jesus arose; Revs. James Vanhose and Naaman Borders.

ISAAC GRIFFITH,
Clerk.

FROM DR. TOM BURTON.

Holisting, Kans., March 17, 1912. Dear Big Sandians— Eight years ago at 3:25 a. m., my train pulled into the station here where I was met by an old, tried and true Kentucky friend, H. C. Wilson.

I was favorably impressed with the town and its people, and I had pleasant surroundings in the Wilson home. Everybody seemed busy, no idlers, and all kinds of business seemed prospering. I felt that I had struck a lucky place, and was content, but in a short time I realized that I too must get down to business, so I began to arrange for an office where I could swing my shingle and look wise—days passed not an empty room could be found to I began to despair. Twice I packed my trunk to return to Kentucky, and twice my friends, recalled on my staying—I yielded. On April 24, just one month and two days after I came to the city, I secured one room, which I fitted up for a doctor's office, so on the 27th day of April 1904, I began business here in favor of the undertakers of course. I sold in my little drug quarters until 2:30, Sat. 1906, when I moved into my present office, where I have remained now for over six years.

But "St. Patrick's Day" is my anniversary in this city, and I celebrate it more than any day in the year. I have had a splendid time today, and I feel just 8 years old. When I left Kentucky my friends told me I would be back in six months, but they all know better now. I often ask myself, "why should I go back to Kentucky?" There is no real reason why because this beautiful country with all its resources and advantages is too great to leave. Hard labor is reduced to the minimum in all lines, instead of adding my horse and plodding over these hills and muddy roads as I used to do I go to my grave and touch a button on my "maxwell," and in a short time I am miles away, come back refreshed and feeling good over my visit. With the advantages of the automobiles and telephones, as we have them, it puts us in direct connection with all the surrounding country, then why should I want to come back to Kentucky? Some one answer.

I am like the man in church here in Kansas, stand up and everybody stood up but one man, then the preacher said, all who want to go to hell stand up, and one arose, so he asked the man why he did not respond to one of the propositions. The man partly replied that he did not care to go to either place, as Kansas, was good enough for him, so that is the condition with lots of Kansas people.

We are expecting a "bumper" corn and wheat crop this year since we have had three months steady winter, with twenty snows. We have had snow ranging all the way from a few inches to fifteen feet, and we have several feet of snow now in some places, but it is disappearing rapidly, we are looking forward to prosperous crops in the western part of Kansas, this year, they have had an abundance of snow and moisture in that part of the state and that means a good crop. I would like to have a good study Kentuckian who is not afraid to work to go on my farm and do some real farming. A farmer could make a nice piece of money on a broom corn crop here this year, three acres of fair broom corn, will produce a ton of the brush which sells for \$125. to \$200 per ton according to quality. Evidently that would be a good paying proposition. I cannot understand why some one does not want a proposition of that kind, I have 450 acres, and will lease all or any part to a man, who means business, at a price that would make him money.

Any questions relative to information concerning this prospect will be gladly answered on explained. But it takes a little money to start business here. Hoping everybody enjoys the winter as we do, I am, very truly,

WHISTLING WILLIE.

AM I MY BROTHER'S KEEPER?

And the Lord said unto Cain, Where is Abel, thy brother? And he said I know not; am I my brother's keeper? And he said, What hast thou done? Gen. 4-9. To the voters of Lawrence county: When you stand before the bar of God and he asks you Where is thy neighbor, how often have you voted to grant license to open up saloons and start destitute in your community to destroy your neighbor?

Then will you answer back Am I my brother's keeper? Then will we thunder forth:

Woe unto him that giveth his neighbor drink; that putteth thy bottle to him, and maketh him drunken. Hab. 2-15. Then what excuse have you friends, you that have endorsed the whisky ticket, Stop and think, what an awful judgment there is written against those that disobey the commandments of Jehovah. Then to the teachers of the county: Where are thy pupils that have been entrusted to your care? Are you trying to train their young minds to shun the snares of the cigarette and the wine cup? Are you guiding their feet in the paths of temperance? Teachers, where are thy pupils? Can you answer back you Lord I have kept my pupils of will you like Cain ask, Am I my pupils' keeper?

To the Superintendent and teachers of the Bible school: Are you doing all you can to save the boys and girls from the curse of intemperance? Do you observe the temperance Sunday lesson as you should? Are you making all you should of the temperance lesson? Are you training the boys of 1911 to have the honor and purity of their homes and to have a love for their country, instilled in their minds so they will want to be free from the tax traffic?

Bible school officers will you have to ask him on the throne Am I my brother's keeper?

Listen: In Gal. 3, Paul tells us that no drunkard can enter the kingdom of heaven: Am I my neighbor's keeper?

Parents, what are you doing to promote the cause of temperance in your community and families? Awake! Arise to this great world for you know not the day nor the hour wherein the Son of man cometh, nor when you will be called upon to vote to protect your homes from the saloon. What right have you to delegate to another power to give thy neighbor drink or make him drunken?
