Some one with a grim sort of humor calls Jackson the city of sudden death.

At a school house near Henderson in which 28 persons took refuge during the late flood, three sets of twins were born.

The Democratic Committee of Clark county declared against the use of money or liquor as a means of influencing votes in the August primary.

It is announced by the Postmaster General that all Republican postmasters will be allowed to serve to the end of the term, provided there are no charges against them.

The President has appointed Henry C. Breckenridge Assistant Secretary of War, and Robert W. Wooley Auditor of the Interior Department. Both men are from Lexington.

Unless the plan is vetoed by President Wilson Postmaster General Burleson purposes to carry out his idea of subjecting 52,000 fourth-class postmasterhips to civil service examinations.

J. W. Newman, Kentucky Commissioner of Agriculture, declared at the Southern Educational Conference that any farmer who depended on the commercial fertilizer would land in the poorhouse.

Congressman Stanley will open his senatorial campaign at Flemingsburg next Monday. The speech will deal in part with the record of former Gov. J. C. W. Beckham in railroad regulation in Kentucky and his opponent will be forced into a defensive campaign.

The Democratic Tariff Revision Bill, with its sweeping reductions and a lengthy free list, augmented by its income tax provision, was approved by the Democratic caucus. The bill will be reintroduced by Leader Underwood. Senate Finance members announced unofficially that no oral hearings on schedules would be permitted. The Administration, it is said, is of the opinion that Congress should be ready to adjourn July 15.

Since the adoption of the constitutional amendment requiring United States Senators to be elected by popular vote, Senator Bradley is reported to have written to Republican friends at various places asking their support for the nomination next year. Before the change in the method of election was made Senator Bradley had announced that he would not be a candidate for reelection. But he now hopes the Democrats will make a mistake in their choice of a nominee, in which event he wants a chance to profit by the error.

Moral: Let's not make a mistake. It is generally agreed that the situation in Kentucky is very materially changed by the new method of electing Senators. This is a good time for the Democratic voters to hold themselves in reserve and refuse to "line up" prematurely. Our nominee must be strong with the people of the whole State. No man should be nominated who has a lot of implacable enemies, or the handicap of bitter factional opposition.

Boy's Corn Clubs of Lawrence.

There is a merry race in the Boy's Corn Clubs of Lawrence for the largest club in the county. At this writing upper Louisa leads all clubs of the county, being one ahead of Dobbins.

Dobbins is one ahead of Dry Fork, and Dry Fork is one ahead of Gambill.

Falls of Blaine and Twin Branch are tied for fifth place.

Do not forget that the president who has the largest club in the county receives a \$10 cash prize.

We are working our way over the county and expect to be on Blaine above the mouth of Hood this week.

I have received a letter asking me to come to Zella Saturday, Apr. 26.

I ask all persons interested in the Boy's Corn Clubs and road work of the schools to meet me at Zella, Saturday, April 26, at 2:00 p. m.

I have been in every election precinct in the county, but during the high waters some of the meetings were not attended.

Let us have concerted action and have Lawrence county well organized.

Your supervisor of corn clubs is on the Kentucky Educational Association program for an address on our work in Lawrence.

The association meets in Louisville on the last of April. There is but little time to work between now and that date, so I appeal to you for the sake of our county to help out in the work. Every patriotic citizen in "appointed a committee" to help. S. F. Smith, Tuscola, has been appointed president of the Catt election precinct club. Boys in that precinct wishing to join the club will see Mr. Smith. He has blanks, papers, etc.

All presidents will please send in the applications of members now in their possession. I want a complete report of the number of boys in the clubs before I go to Louisville.

J. B. McCLURE,
Supervisor Corn Clubs.

TAKE IT IN TIME.

Just as Scores of Louisa People Have.

Waiting doesn't pay. If you neglect kidney backache, Urinary troubles often follow. Act in time by curing the kidneys.

Doan's Kidney Pills are especially for weakened kidneys. Many people in this locality recommend them.

Here's one case: Dr. R. Fraisher, Fort Gay, W. Va., says: "I consider Doan's Kidney Pills the best remedy on the market for kidney and bladder complaint. I have prescribed this preparation in my case and at the present time six or eight of my patients are taking it with excellent results. I have taken Doan's Kidney Pills with satisfactory results and am loud in my praise of them. The residents of this vicinity suffer considerably from kidney and bladder trouble due to the poor quality of the drinking water. I have found Doan's Kidney Pills to be the one remedy that can be depended upon for relief. It has been my experience that all difficulties caused by weak kidneys such as irregular passages of the kidney secretion, gravel, dropsical swellings, lumbago, pains in the back and hips, etc., can be removed by Doan's Kidney Pills. A few doses of this remedy taken immediately when the trouble is noticed will save much misery."
