PIKE COUNTY NEWS

FREE CITY MAIL DELIVERY.

At the last meeting of the City Council of Pikeville action was taken looking to the establishment of a free mail delivery service in the city, as authorized by Congress. Before this can be done numbers will have to be posted on all the residence property within the city limits, and the town laid off into two divisions, East and West Pikeville. A canvass of the town has already been made for these purposes by the Council, and it is proposed to make Division street the division line between the two sections. Council hopes within a short time to have the free delivery service in operation.

HARI-KARI ATTEMPT FAILED.

Joe Gunnell made an unsuccessful attempt at suicide at his home on Island Creek last Thursday night, and the cause was said to have been business reverses. After telling several friends his troubles and of his intentions to end all, he bade them good-bye and left the house with a small rifle. Those who heard his story thought he was putting up a huge joke, and paid no further attention to him. He went into the yard, sat down in a chair and discharged the rifle into the region of his heart; but instead of going through the heart the bullet struck a rib and went round, making only a flesh wound. He will recover.

CHILD NARROWLY ESCAPES DEATH.

The 9-year-old daughter of Butler Tibbes, who lives on Island Creek, narrowly escaped death last Thursday by being impaled. She was trying to climb over a paling fence and fell. One of the sharp slats entered her throat just under the chin, and for a while she was thought to be beyond recovery. The paling went through the lower part of the mouth, and the loss of blood from the wound came near proving fatal. She is now better, and will recover.

BASKET MEETING.

Rev. M. C. Reynolds and others gave an old-time Basket Meeting at Coal Run last Sunday, which was largely attended from Pikeville. The meeting was held in what is known as the Widow Smith's cemetery, just below Coal Run, near the Keyser mines, and a large gathering from all over the country was present. Despite the unusual heat the picnic party had an enjoyable time. Many of the Pikeville bunch were the guests of Miss Myrtle

Cassady, who served a most elegant luncheon to the party of visitors. They returned by the night train.

MR. CAMPBELL SELLS STORE.

HALL TRIALS ON.

The Circuit Court at Clintwood, Va., gave Dave Hall a sentence of 12 years in the penitentiary at Richmond last week after he had been convicted of complicity in the murder from ambush of revenue deputy Ramsey in the Cumberland mountains one year ago. The court resumed the trial of these men, Hunt Hall, the father, and Sol and John Hall, and the negro Tom Riddle, this week. Dave Hall's conviction was on only one of several charges, and he is yet to be tried for the alleged murder of deputy Sloan and assault with intent to kill upon deputy Potter.

FORSYTH-DILLS WEDDING.

At 5 o'clock last Tuesday morning Miss Georgia Dills, daughter of Mr. and Mrs. John A. Dills, Main street, was united in marriage to Mr. Frank Forsyth, formerly of Pikeville, and son of Rev. J. H. Forsyth, of West Pikeville. Only a few friends witnessed the ceremony, which was performed by Rev. C. A. Dugger, of the Presbyterian Church.

Both the bride and groom were attired in traveling costume, and after the ceremony they went with a party of friends to the railway station, where they took the 4 o'clock train for Ashland, and thence to Chicago, which will

be their future home.

SUFFRAGETTES BUSY AT PIKEVILLE.

Pikeville was the scene of a great woman's suffrage demonstration Tuesday evening, at which time Mrs. C. M. Freeman, of Ashland, and Miss Lillian Rae Glenn, of Washington, D. C., addressed a large assembly in the courtroom on the subjects of Temperance and Woman's Rights. The Pikeville Cornet Band furnished music for the occasion both on the street before the meeting and during the meeting.

Mrs. Freeman again presented the subject of Temperance, which has received such strong support here. She told of what the country is doing under dry administrations, as compared with its record under license, and urged that the people vote for Constitutional prohibition.

Miss Glenn, the next speaker, regaled the audience with many witticisms, and proved herself a thoroughly practical soldier in the cause; many of her remarks depicting woman's degradation on account of unequal rights were severely plain and practical, but her answer to the statement that woman's place is upon a pedestal in the home produced a ripple of laughter. She said that in Washington, where there were so many bronze figures upon pedestals, invariably they find a woman in bronze or marble, she would be clinging to one of the lower corners, and not on top of the pedestal; in other words, merely an ornamentation.

At the close of the speeches the Pike County Suffrage Association was organized with a large membership enrollment.

CONTRACT TO BE LET.

The plans for the new city public school and county high school building were received from the Cincinnati architects last Tuesday. It was first planned to build the facing of the superstructure of stone, but this has been changed to terra cotta and marble designs for this building will be moulded. A copy of the plans was furnished to W. T. Carnutt, contractor, and other copies will be furnished to other contractors, from which they are to figure their bids. The contract for the construction will be finally let to the lowest and best bidder July 30th.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

LETCHER COUNTY AND WHITESBURG.

What is Happening in this Rich Coal Territory of Kentucky.

Whitesburg, Ky., July 16.—For several days the past week there was much excitement in the Fleming-Haymond coal field above here in Letcher county, owing to the outbreak of several cocaine-crazed colored men who attacked two white women, Emaline Hall and a Ratcliff woman, beating them into insensibility and leaving them for dead on the roadside. The Hall woman was especially severely injured. Both were unconscious for some time. Soon warrants were issued and the negroes were put under arrest and taken to the Fleming jail where they are still confined. For some time it has been known that many of the colored laborers, miners and those employed in Lexington & Eastern construction work, were using cocaine, the dangerous drug, causing much lawlessness and many depredations. Officers will take a hand in an effort to stop the traffic in cocaine. The next grand jury will be asked to conduct a most thorough probe of the cocaine traffic.
