

Good-Night Corns, Good-Boy "Gets-It"

New-Plan Corn Remedy That Never Fails. The Simple, Common Sense Way.

You poor corn-limpers, with corn-wrinkles and heart-pain, sit down and put a few drops of "Gets-It" on the simple corn remedy in the world on your corns. You can apply it in just a few seconds, without fuss or trouble.

"Gets-It" Ends Corn Pains. It's Sure and Safe, too!

What's the use of plugging shoes that make toes raw and sore, that make corns swell, bandages that make it misery to walk, tape that sticks, greasy ointment, and other contraptions? Get rid of corns the easy way, quick, simple, sure, new way. That's common sense. Try "Gets-It" also for warts and bunions. "Gets-It" can't hurt—the corn loosens, and comes right off—clean off.

"Gets-It" is sold at all druggists, 35c a bottle, or sent direct by E. Lawrence & Co., Chicago.

Sold in Louisa and recommended as the world's best corn remedy, by LOUISA DRUG CO., J. H. REYNOLDS

THE HOME CIRCLE AND ITS INTERESTS.

Column Dedicated to Tired Mothers as They Join The Home Circle at Evening Tide.

Always Too Busy.

Are we too busy to live today? Is that the reason we put off living until tomorrow? There is a friend whom we should like to visit. The days, the weeks, the years go by and we have not called. The friend is taken away. We have put off the visit too long; we were too busy.

Homes are beautiful only when there are equal rights; when the husband, wife and children respect and admire each other; where there is confidence and trust; and this can never be when the wife and daughters are reduced to the condition of paupers and beggars.

Are You Educated?

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months."

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health.

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

weak? Have you learned how to make friends and keep them?

Do you know what it is to be a friend yourself?

Can you look an honest man or a pure woman in the eye?

Do you see anything to love in a little child?

Will a lonely dog follow you in the street?

Can you be high minded and happy in the meanest drudgeries of life?

Do you think that washing dishes and hoeing corn is just as compatible with high thinking as playing a piano or playing golf?

Are you good for anything yourself? Can you be happy alone?

Can you look out on the world and see anything but dollars and cents?

Can you look into a mud puddle by the wayside and see a clear sky?

Can you see anything in the puddle but mud?

Walking For Health.

Out, girls! Out into the open, this glorious fall weather. Never mind the wind, never mind the rain.

Put on old clothes and rubber shoes, but get your daily walk, be the weather what it may.

Dress loosely and comfortably, wear easy shoes, hold your head well up and your shoulders well back, breathe deeply, fill your lungs completely, hold the air a minute or two, then breathe it out.

Do this in regular time, so many steps while you breathe in, so many more while you hold it, then just a step or two while you breathe it out.

Walk fast as the you were obliged to reach a certain place at a given hour. This is one royal road to health and beauty.

It is good for the circulation, the lungs and the nerves. Exercise gives even pale faces a becoming flush.

Deep breathing expands the narrow chest, change from close reading or sewing gives the lack of lustre eye and gives its sparkle. Pure air and peace are the balsams for smoothing out ugly lines.

The habit of letting every foolish or uncharitable thought, as it arises, find words, has a great deal to do with much evil in the world.

Check the habit of uttering the words, and gradually you will find that you check the habit of thought, too.

Parents should be cautious about giving their children permission to stay out of school. Every day out is a day lost to the school work—they cannot make it up.

They will soon be behind and want to stop school—and find fault with the teacher—say she is partial, etc., when all the time the parents are to blame.

Every good citizen of this town should take a special local pride in all that pertains to home, the schools, the churches, the amusements, the business, pleasures, the picnics, the celebrations, in fact everything should be looked on by our own people as just as can be gotten up elsewhere.

The town that says "we can," will always succeed.

BAD COLD? HEADACHY AND NOSE STUFFED

"PAPE'S COLD COMPOUND" ENDS COLDS AND GRIPPE IN A FEW HOURS.

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all gripe misery goes and your cold will be broken.

It promptly opens your clogged-up nostrils and the air passages of the head; stops nasty discharge or nose running; relieves the headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit bowing and snuffling. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.

Poor, helpless, hopeless, sick, suffering, miserable woman. Sick because she doesn't really know why. Sick because the organs that make her a woman are not properly performing their functions and so are sending nerve messages with aches and pains and distress all over her quivering body.

Nine-tenths of women's sickness comes from disorder of these special organs. The symptoms are various—the cause the same.

Dr. Pierce's Favorite Prescription is the remedy for the headache, backache, nervousness, wakefulness, neuralgia and fifty other troubles of women which can always be traced directly to feminine weakness or disease.

Thousands of women right here in Kentucky, after years of discouragement, have written to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., and now thank him for their renewed health and happiness.

It is a medicine devised to cure one certain kind of disease—female disease. It brings ease and comfort and sleep. It restores perfect health. It fills out cheeks, hollows, brightens the eyes, puts vim and snap into the whole body.

It is a wonderful prescription prepared only from nature's roots with glycerine, with no alcohol to falsely stimulate. It banishes pain, headache, low spirits, hot flashes, dragging-down sensations, worry and sleeplessness surely and without loss of time.

Sick women are invited to consult Dr. Pierce, by letter, free. Address Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.

Red Cross Seals.

The Nora Kennison Club of this city has placed on sale in the stores of Louisa a large number of Red Cross Seals.

The money realized from the sale of these stamps will be expended for providing means for the cure of those who are suffering with tuberculosis and for aid in eradicating this foe of the human race.

Since the beginning of the crusade against the dread disease the death rate from this cause has greatly lessened, and it is daily growing smaller.

The money is most carefully and judiciously used, not one cent of it being used for any purpose save that mentioned.

When sending a present, holiday or any sort, it costs but a penny to attach a Red Cross Seal to your gift, and the amount small, though it will be helpful in wiping out an awful scourge to our race.

We give here a brief account of the manner in which the campaign against tuberculosis is being conducted and will each week until Christmas have something to say in this matter.

EVERYBODY'S DELIGHT.

25 CENTS DESTROYS YOUR DANDRUFF AND STOPS FALLING HAIR

SAVE YOUR HAIR! MAKE IT THICK, WAVY AND BEAUTIFUL—TRY THIS!

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life, eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair root to shrink, loosen and die—then the hair falls out fast.

A little Danderine tonight—now—anytime—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and curly and have the appearance of abundance; an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

are being sold widely throughout the United States for the benefit of the anti-tuberculosis movement will be used for your relief movement according to a statement by Ernest Bicknell, national director of the American Red Cross.

Mr. Bicknell says: "The American Red Cross is deeply appreciative of the sympathetic interest which has inspired the suggestion from various parts of the United States that a certain percentage of the Red Cross Seal sales fund, which has been used for the last seven years exclusively for the prevention and treatment of tuberculosis in the United States, be expended this year to aid the European war sufferers.

While the Red Cross is desirous of securing contributions which will increase the war relief fund, we do not feel justified in adopting any policy which will tend to cripple the tuberculosis work in this country, dependent as it is for support to so large an extent on the sale of Red Cross Christmas Seals.

The announcement that a percentage of the Red Cross Seal money would go to our war relief fund might possibly increase the sale; but, in our opinion, the final results would show a distinct loss in the part of the proceeds going for tuberculosis work.

"At the present time there are over 1,200 anti-tuberculosis societies distributed through nearly every State in the Union and even in Porto Rico, the Canal Zone and far off Hawaii, which are dependent almost entirely upon the receipts from the Red Cross Seal sale for their work during the year 1918.

The people of the United States must support their local war against tuberculosis, which annually kills 200,000 people and at the present time is leaving a trail of a million wounded."

SANTA CLAUS.

BIG POWER PLANT TO BE BUILT AT HAZARD.

The Kentucky River Power Company has completed surveys and all preliminary work in connection with the large power plant which it will erect near Hazard, and actual construction work will be commenced as soon as the weather breaks in the spring.

The plant will be of the most modern type in every respect. The building as planned will consist of concrete foundations, floors and roof with steel framing and brick walls.

There will be a 2,000 h. p. steam turbine installed to start with, in connection with two 500 h. p. boilers to be fired by automatic stokers; the plant being designed to provide ample space for additional equipment as the same becomes necessary.

The Power Company has entered into long term contracts for all electric power to be used by nine of the coal companies in this section, and has commenced work on the installation of 750 h. p. additional capacity at the glomawr plant in order to take care of the power requirements until the new plant is completed. This additional unit at the Glomawr plant will afford a total of 1250 h. p. available at the place to meet the immediate requirements of the company's customers.

The transmission system comprising about 15 miles of line is rapidly nearing completion, the poles and fixtures being erected as far as the First Creek Coal company on First creek, and the stringing of the wires will be completed as far as the Blue Grass Coal Company by the middle of next week.

The company expects to deliver power to the coal operations on First creek by the middle of December.
