## NEWS OF GENERAL INTEREST FROM THE WORLD AT LARGE

### TUESDAY.

In his inaugural address at Washington yesterday President Wilson declared "we may be drawn on by circumstances, not by our purpose or desire, to a more active assertion of our rights and a more immediate association with the great struggle itself." He declared America, "standing firm in armed neutrality," must demonstrate her claim to a minimum of right and freedom of action in world affairs. "America first" on many streamers aroused the multitude to frequent outbursts of patriotic fervor.

Few Kentuckians participated in the inaugural parade in comparison with the number taking part in former ceremonies. Great crowds held their places ten hours in a cold March wind to witness the pageant.

Ten members of the crew of the Coast Guard steamer Yamacraw were drowned Sunday night at Ocean City, Md. A boat containing nine coast guardsmen responding to a distress signal from the American tanker Louisiana, which had grounded, capsized and all were drowned. A second boat, manned by two boys, launched in an attempt to rescue the other boat's crew, also met the same fate and one of the boys was drowned, the other floating ashore on a cask.

With the arrest of Fritz Kolb, a German, at Hoboken, N. J., and the finding of two bombs with slow fuses in his room, police believe they have frustrated a well-developed plot to aid Germany by blowing up munitions plants in this country. It was rumored that as a part of the alleged plot an attempt was to be made upon the life of President Wilson, but after investigation the police are of the opinion that no attack of this nature had been contemplated.

Both houses of the Ohio General Assembly passed resolutions criticizing Senators responsible for the defeat of the Armed Neutrality Bill. West Virginia's new Governor urged support of the President in the German crisis. Resolutions promising men and materials for defense were passed by the Legislature of Washington and the Governor of Missouri urged the consideration of defense measures.

Determination to arm American merchant vessels if it is legal to do so was indicated in Washington. The President has asked his legal advisers for a construction of certain old statutes which he feared might nullify his power to place weapons on ships and a decision may be ready by the time the Cabinet meets to-day.

## A FEW FACTS ABOUT COUGHS AND COLDS THE PUBLIC SHOULD KNOW

Whether this Cold will prove a simple catarrh of the nose and throat or of but short duration and mild character; whether dread Pneumonia, with its sharp and fatal sting, shall be the sequence; or whether the blighting blast of the White Plague shall sit spectre-like upon its victim no one can foretell; hence the great importance of treating all colds, however mild, promptly and energetically. In urban populations the services of a skilled physician is always within call, but in rural districts, distance and inclement weather often act together to forestall the doctor's timely aid, so that valuable time is in this way lost. It was particularly for this latter class of sufferers that MEINHARDT'S GERMAN COUGH REMEDY was invented. SOLD BY ALL DRUGGISTS.

Around Arras and near Ghinchy British troops have carried out more successful raids, inflicting many casualties upon the Germans. Aerial activity along the French line has been marked, six German machines having been brought down Sunday and eight others forced to descend damaged. Operators are impeded in Russia by cold weather.

David W. Gray was elected exalted ruler of Louisville Lodge No. 5, B. O. E., at the annual meeting of the lodge which was attended by 200 members who stood and sang "America" after adopting a resolution pledging unwavering loyalty to and confidence in President Wilson—in peace or war.

The Hanover (Germany) Couriers, in a vituperative editorial abusing President Wilson, refers to the American people as dishonest, ignorant and bullying. Other German papers treat the revelation of the German plot as a "truly American" political maneuver by President Wilson to influence Congress.

Immediate suspension of hostilities by the Cuban revolutionists in the province of Oriente through a plan by which the Liberals would receive guarantee of fair elections was forecast in cablegrams received in New York from R. Fernandez, military commander of Oriente.

It is stated that President Wilson will call an extra session of Congress to convene within a fortnight. Plans are on foot for a fight to change the rules of the Senate to prevent filibusters such as marked the last days of the session just closed.

Dispatches state that Berlin has sent wireless dispatches to former Ambassador von Bernstorff, asking him to explain how the Zimmermann note regarding Mexico and Japan came to be divulged.

## YOU CAN'T FIND ANY DANDRUFF, AND HAIR STOPS COMING OUT

SAVE YOUR HAIR! MAKE IT THICK WAVY, GLOSSY AND BEAUTIFUL AT ONCE.

Try as you will, after an application of Danderine, you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp. A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment. A 25-cent bottle will double the beauty of your hair.

### CARD OF THANKS.

We desire to thank the people who assisted us through the death of our loving wife and mother. H. W. CAS- TLE AND CHILDREN.

Poor, helpless, hopeless, sick, suffering, miserable woman. Sick because she doesn't know any better. Sick because the organs that make her a woman are not properly performing their functions and so are sending nerve messages with aches and pains and distress all over her quivering body.

Nine-tenths of women's sickness comes from disorder of these special organs. The symptoms are various—the cause the same. Dr. Pierce's Favorite Prescription is the remedy for the headache, backache, nervousness, wakefulness, neuritis and fifty other troubles of women which can always be traced directly to feminine weakness or disease. Thousands of women right here in Kentucky, after years of discouragement, have written to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., and now thank him for their renewed health and happiness.

It is a medicine devised to cure one certain kind of disease—female disease. It brings ease and comfort and sleep. It restores perfect health. It fills out cheek-hollows, brightens the eyes, puts vim and snap into the whole body.

It is a wonderful prescription prepared only from nature's roots with glycerine, with no alcohol to falsely stimulate. It banishes pain, headache, low spirits, hot flashes, dragging-down sensations, worry and sleeplessness surely and without loss of time.

Sick women are invited to consult Dr. Pierce, by letter, free. Address Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.

The modern improvement in pills—Dr. Pierce's Pleasant Pellets. They help Nature, instead of fighting with her.

## YES! LIFT A CORN OFF WITHOUT PAIN!

Cincinnati authority tells how to dry up a corn or callous so it lifts off with fingers.

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezeone applied directly on a tender, aching corn or callous, stops soreness at once and soon the corn or hardened callous loosens so it can be lifted out, root and all, without pain.

A small bottle of freezeone costs very little at any drug store, but will positively take off every hard or soft corn or callous. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin.

If your druggist hasn't any freezeone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time.

### OSIE.

## "Telephone as You'd Be Telephoned To"

TELEPHONE courtesy is just a bit of ordinary politeness and everyday kindness that we put into our conversation when we talk by telephone.

Its the face to face brand of politeness and kindness used when we're voice to voice.

It's the same politeness and kindness that we like to receive from the other end of the wire.

Giving a little thought to telephone courtesy and practicing its simple rules will make the telephone an even more efficient aid for you. "Telephone as You'd Be Telephoned To" always.

## "CASCARETS" BEST IF HEADACHY, BILIOUS, SICK, CONSTIPATED

BEST FOR LIVER AND BOWELS, BAD BREATH, BAD COLDS, SOUR STOMACH.

Get a 10-cent box.

Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret to-night will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet, breath right, complexion rosy and your liver and bowels regular for months.

## FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With Theford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of this place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Theford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it flows them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught.

Theford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

## IN FIVE MINUTES! NO INDIGESTION, GAS OR SOUR, ACID STOMACH

THE MOMENT "PAPE'S DIAPEP-SIN" REACHES THE STOMACH ALL DISTRESS GOES.

"Really does" put upset stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness due to acid fermentation in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach antacid and regulator in the world. If what you eat ferments and turns sour, you belch gas and eructate undigested food or water; head is dizzy and aches; breath foul; tongue coated; your insides filled with indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin is worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest antacid for the stomach in the world.
