## The Beautiful Gulf Coast.

The beautiful thing about the Gulf Coast, between New Orleans and Pensacola, is that it is a real playground, summer or winter—a playground for northern folk from November to May and for Southerners during the summer months. You can't ask for much more of a placid nature than has been expended on the Gulf littoral between New Orleans and Pensacola. There are pine woods, forests of live oaks, all moss hung and mysterious long stretches of winding shaded roads, woodland paths quaint southern hamlets and modern resorts teeming with gayety and active life: lovely retreats where you can swing in a hammock all day and drowse in the narcotic air. And there is the sparkling water, the beach, the surf, boating, fishing—anything and everything that calls from the salt water side.

Going south on the Louisville and Nashville Railroad, after you leave Mobile, it is impossible to escape the infection of joyous living, even if you wanted to do that. At every stop throngs of people are going and coming—youth and age alike, getting on or off the trains. Laughter and breezy, sunny, fragrant air greet you. It is moreover a place of rare, natural outdoor joys in surroundings of homely comfort or of luxurious ease, whichever you prefer. It is a locality of ancient and honorable traditions and the natives are descended from holders of the soil since the first days of the white settler. They make you welcome with a stately, southern hospitality, and have put at your disposal the best their home land affords. Every resort and every old plantation home is shaded by age-old ancestral oaks and grown over with trailing vines, roses and perennials; and they all look out over the gulf waters, at the dancing waves, the scudding sails the beach and the surf. If you can't find happiness down there in the golden sunshine and among the countless divers-

ions and attractions of that playground don't go south in the winter expecting to find your "Promised Land," for you'll have only your trouble for your pains. No cloister spot exists and greater comfort is not to be found. The winter climate is ideal, not uncomfortably warm, but moderate and bracing, putting snap and ginger into the system.

Touring along the Gulf Coast is one of the ways travelers take to find their own particular choice—and for this purpose the train service of the Louisville & Nashville Railroad is convenient. You can stop everywhere, beginning at Mobile, and stay a few hours, a few days or as long as you wish. It is a fascinating vantage point that will bring you eventually to the place of your ultimate desire. You can, also, if you choose, ship your motor car to Mobile and go in for regular touring along the gulf—the roads are all good and the country is fascinating in the extreme. History lends its background of fact to a long list of interesting tradition and romantic legends concerning this locality, and the "atmosphere" while woolly American, has the foreign flavor in sufficient degree to give it diversity and variety. Topographically the coast lies low and curving, rising gently toward the hinterland, which is forested with pines, broken in the clearing, by rich and productive farmlands. The shore line is much indented the numerous bays, "baysous," "sounds" and lakes giving a seemingly endless and all-surrounding water-escape. Lying off the shore is a line of islands, forming the outer bulwark of Mississippi Sound, and fronting these are the resorts that have been famous since pre-revolutionary days—the towns which began as of the French colonies, begun under the brothers de Bienville and d'Orbigny.

### YOUNG KENTUCKIAN IS ASSISTANT PAYMASTER

Washington.—The youngest assistant paymaster in the United States Naval Reserve is a Kentuckian. He is South Trimble, Jr., of Frankfort, son of the Clerk of the House of Representatives. His rank corresponds to that of Ensign. Assistant Paymaster Trimble, who recently passed the competitive examination for a commission in the Naval Pay Corps, made a grade higher than that of any other appointees in his class.

Mr. Trimble was born on Bella Grove farm in Franklin co., August 21, 1895. He attended a military school near Cincinnati and the Business High School here. He was recently graduated from the Georgetown University Law School, having been the president of his class. Because of his age, Mr. Trimble, following the completion of his law course, had to wait until he had reached his twenty-first birthday before being admitted to practice in the courts of the District of Columbia. He has the distinction of being the first admitted to practice here.

Assistant Paymaster Trimble is now in the Naval Paymasters' Training School at the Catholic University, Brookland, D. C. When he completes the two months' course he will be assigned to sea duty.

The assistant paymaster is the ship's business manager. The handling of money is one of the least of his activities. As the supply officer he is charged with the supervision of the commissary, general supply and financial sections. He is also a naval officer, having command of a division of blueackets and being assigned a regular station in battle.

The Kentuckian was too young to participate in the selective draft.

### TWO LONESOME KIDS.

## LIKE AN ELECTRIC BUTTON ON TOES

Tells why a corn is so painful and says cutting makes them grow.

Press an electric button and you form a contact with a live wire which rings the bell. When your shoes press against your corn it pushes its sharp roots down upon a sensitive nerve and you get a shock of pain.

Instead of trimming your corns, which merely makes them grow, just step into any drug store and ask for a quarter of an ounce of freestone. This will cost very little but is sufficient to remove every hard or soft corn or callous from one's feet. A few drops applied directly upon a tender, aching corn stops the soreness instantly, and soon the corn shrivels up so it lifts right out, root and all, without pain. This drug freestone is harmless and never inflames or even irritates the surrounding skin.

## THEY ALL DEMAND IT

LOUISA, LIKE EVERY CITY AND TOWN IN THE UNION, RECEIVES IT.

People with kidney ills want to be cured. When one suffers the tortures of an aching back, relief is eagerly sought for. There are many remedies today that relieve, but do not cure. Doan's Kidney Pills have brought lasting results to thousands. Here is Louisa evidence of their merit.

Mrs. Jaa. Q. Lackey, Lock-av., Louisa, says: "Several years ago I used Doan's Kidney Pills and from the results I received, I can say that they are a splendid kidney remedy. At that time I suffered with weakness and lameness across my back. My kidneys were irregular in action, too. It didn't take Doan's Kidney Pills long to rid me of the complaint and help me in every way. I certainly have great faith in Doan's Kidney Pills and think them a good reliable remedy."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Lackey had. Foster-Milburn Co., Props., Buffalo, N. S.

## YOU CAN'T FIND ANY DANDRUFF, AND HAIR STOPS COMING OUT

SAVE YOUR HAIR! MAKE IT THICK, WAVY, GLOSSY AND BEAUTIFUL AT ONCE.

Try as you will, after an application of Danderine, you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No dizziness, how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment. A small trial bottle will double the beauty of your hair.

**SAYS TURKS BURY BABIES ALIVE.**

New York, Oct. 18.—Terrible persecution inflicted upon the Armenians by the Turks were described here by the Rev. Henry H. Riggs, missionary of the American Board of Commissioners of Foreign Missions to Harput, Turkey. He declared that the leading Armenian women, herded in a camp, were killed or allowed to die of hunger and thirst. The Turks buried babies alive with the bodies of their mothers. Dr. Riggs declared.

### PASS ALONG THE SMOKE

YOU warm-hearted people of Lawrence county won't let the men who are fighting your fight go smoke-hungry.

Not a bit of it. You're going to see to it that they get all the tobacco they need—just as the folks back home in England and France are taking care of the smokers for Tommy and Paul.

It isn't much to do—considering. A dollar or a quarter from you that gives a little comfort to one of your own flesh and blood doesn't stick up to much alongside the fact that the very man you are befriending may have to give up his life.

But it's a regular thing to do—and you "regular" men and women will do it.

This is the way. Fill in that coupon below, put it in an envelope together with all you can afford to give and drop it in the nearest box now, addressed to **BIG SANDY NEWS**

**TOBACCO FUND**

Our paper has joined The Courier-Journal and The Louisville Times in this most worthy undertaking.

Approved by the Secretaries of War and Navy, the management of this fund buys its tobacco at cost—every contribution of 25 cents means 45 to 50 cents' worth of tobacco for the man out there.

No one profits but the fighting man—rents, postage, advertising are all contributed and the soldier who gets your tobacco will send you a postal telling how much it meant to him.

There's no argument here. Just put your name on that blank line and pass along the smoke.
