VALUE AND PRICE

Price is what you pay; value is what you get. We hear a great deal about price, but not so much about value. A farm costs more than a pair of shoes. It is not the price that should be considered, but rather is the value equal to the price? Some shoes cost more than other shoes, but does it matter if you get full value? Think it over and then consider the value of our shoes. Value is the word in every detail at C. B. BROMLEY
