FARM DEPARTMENT

By G. C. BAKER, County Agent.

At a meeting of the Lawrence County Board of Agriculture March 1st, the following committees with their respective chairmen were appointed: J. G. Burns, chairman of Dairy Committee; L. A. Garred, chairman Silo Committee; D. W. Elawick, chairman Beef Cattle Feeding Committee, and Geo. McGuire, chairman of Hog Raising Committee, and J. L. Vaughan, chairman of Orchardng Committee. The Board voted unanimously to hold a Farmers banquet in the city of Louisa at noon Saturday, April 5th. Every farmer is invited to attend this banquet, the plates being \$1.00 each. All who intend to come be sure to send your name and the price of the plates to Mr. W. H. Vaughan, Secretary, before March 20th, so he can arrange for the number to be present. Great interest was manifested and the farmers are beginning to see the dawn of a new era rushing in to their midst.

GET BUG GUN READY.

Get your spray pump out, go over it carefully, thoroughly, cleaning and oiling it. In case any repairs are needed order them at once. When the time comes to spray, the work must be done at that time as delays are indeed very costly. Go over your list of spray materials and see that you have a sufficient quantity of arsenate of lead and lime and sulphur on hand. As the aphids have been troublesome the last two or three years, it is well to have on hand some black leaf 40. Write to the College of Agriculture at Lexington and ask for a spray calendar if you want to know how to prepare spray mixtures.

Old Letter Rate After July 1, 1919

The instructions received by Postmasters follow:

"On July 1, 1919, the rate of postage on all first-class mail will be the same as the rate in force on October 2, 1917. In other words, the rate on letters entitled to the domestic rate of postage will be two cents for each ounce or fraction thereof and post cards one cent each. The drop letter rate will be one cent.

"As postage stamps cannot be exchanged, business patrons should so regulate their purchases as not to purchase more three-cent stamps and envelopes and two-cent postal cards than can be used prior to July 1, 1919. Of course, the three-cent stamps and two-cent postal cards will be perfectly good for postage after July 1, but one-cent less will be required on letters and postal cards.

"It should be distinctly borne in mind that the former rate of postage on first-class mail will not take effect until July 1, 1919."

Weekly Health Talks What Doctor Pierce Has Done For Humanity!

BY DOCTOR CRIPPS.

It has always seemed to me that Dr. Pierce, of Buffalo, N. Y., should be placed near the top when a list of America's great benefactors is written. He studied and conquered human diseases to a degree that few realize. Whenever he found a remedy that overcame disease, he at once announced it in the newspapers and told where it could be bought at a small price. He did not follow the usual custom of keeping the ingredients secret, so that the rich only could afford to buy the medicine, but openly printed the name of each root and herb he used. And so to-day the names of Dr. Pierce and his medicines are widely known, and they stand for better health and better citizenship.

One of this great physician's most successful remedies is known as Doctor Pierce's Pleasant Pellets. These are little, sugar-coated pills, composed of Mayapple, leaves of aloë, root of jalap—things that Nature grows in the ground. These Pellets are safe because they move the bowels gently, leaving no bad after-effects, as so many pills do. Very often they make a man who takes them feel like a new man or woman, for they cleanse the intestines of hard, decayed and poisonous matter that accumulates when one is constive. If you are constipated, by all means go to your druggist and get some of Dr. Pierce's Pleasant Pellets. They may prove to be the very thing your system requires to make you well and happy.

MOTHER! DON'T TAKE CHANCES IF CHILD'S TONGUE IS COATED

If cross, feverish, sick, bilious, clean little liver and bowels.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, Mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold, or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you will have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of California Syrup of Figs, which has of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

MUCH TROUBLE IN SIBERIA IS FORECAST

Vladivostok—A careful review of the situation in Siberia, now in possession of the Canadian Intelligence Officers predicts much trouble in the spring and early summer due to the fact, it says, that the masses of the population are unsympathetic to the present Omsk Government. The foreign elements supporting the Omsk Government share in unpopularity and also the nations approving the proposed Princes Island Conference have lost prestige among the Russians. The leading newspaper of Vladivostok was suppressed February 24, for criticism of the Omsk regime.

OBITUARY

Died, on last Tuesday evening, little Guy, the infant son of Mr. and Mrs. Mose Lester. His suffering was great, but he bore it patiently. He was too pure for earth and has gone to live in heaven. He had sweet communion with Jesus and met loved ones who were waiting to welcome him home to rest in the kingdom of God who will in his own time call his children to meet in that land where death never comes.

In the death of little Guy the family has lost one of its brightest jewels. He was called so unexpectedly. They have our prayers and sympathy. The funeral discourse was delivered by Rev. Jake Puckett after which his body was laid to rest in the Christian graveyard.
