ALLEN, KY.

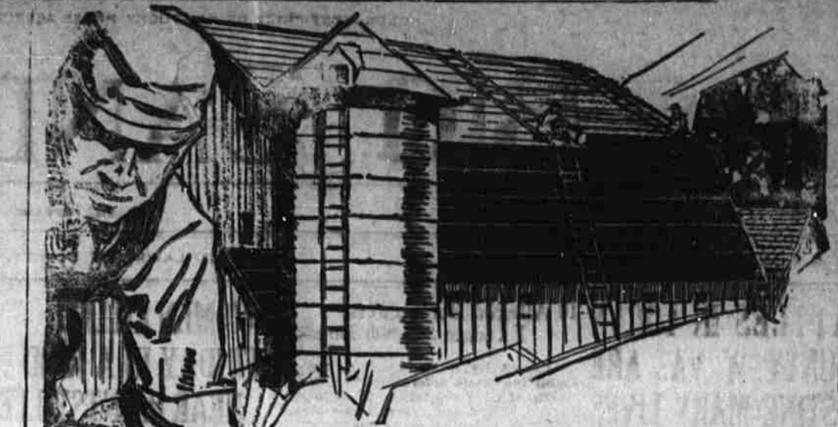

The death angel visited the home of Pearl Edwards on Daniels Creek near Banner P. O., Floyd county, Ky., Saturday, August 22, 1921, at about 1:30 p. m., and called from him his darling wife, aged 22 years, three days, after several weeks of sickness and extreme suffering from tuberculosis, pain borne without murmur or complaint, and with great Christian fortitude until the end came. Among the songs of praise and her shouts of joy death claimed her and her lifeless body lay limp among her weeping friends, while her spirit had taken its flight to its heavenly home to be forever with Jesus and the angels.

Dear husband and friends, weep not for her but meet her in heaven as she requested you to do, where sorrow, trials, trouble, sickness and death never come.

Sister Priscilla Edwards was laid to rest the next day after death in the Crum cemetery at Banner, to sleep that long sweet sleep until Jesus comes again and calls for the bodies of the saints to meet him in the air.

The burial service was conducted by Rev. C. H. Peters. Sister Edward's funeral will be preached if not providentially hindered, on the fourth Sunday in September, 1921, on the graveyard point at the mouth of Daniels Creek near Banner, Ky., by Rev. C. H. Peters. A FRIEND.

There will be an ice cream supper with speaking and entertainment at Green Valley Saturday night, Sept. 3. Everybody come. COMMITTEE.

The Certain-teed Guarantee as a Basis for Estimating Roofing Cost

The Certain-teed guarantee provides a basis for estimating the approximate cost per year of your new roof. Certain-teed Roofing, Number 3 Heavy, is guaranteed for fifteen years. It usually lasts longer.

Taking fifteen years as the assured life and dividing the unusually low cost of Certain-teed, as compared to most modern types of roofing, by this figure, you readily see how economical Certain-teed is.

The light and medium weights of Certain-teed are also guaranteed, five years for the former and ten years for the latter.

In addition to its durability, Certain-teed is weather-proof, fire-retarding and spark-proof.

And it costs less to buy, less to lay and less to maintain than any other type of good roofing.

See a Certain-teed dealer about roofing. If he hasn't enough of the weight you want in stock he can quickly get more from a nearby Certain-teed warehouse or distributing center.
