Everybody cordially invited to attend this all day service. Dinner will be served on the ground.

Opening hour 9:30 prompt.

HENCE VANHORN
MRS. JOE BELLOMY
Committee.

TUSCOLA

How beautiful the wheat fields are! Plow deep while sluggards sleep and you'll have corn to sell and keep is a motto that many are practicing now for farmers are working from early morn till the twilight deepens and shadows disappear.

The stork slipped in on Mr. and Mrs. J. H. Frasher Sunday morning and left a fine girl.

John says that he believes in the stork but he doubts the "healers."

Mrs. Virgie Mills of Norton, Va., is visiting her parents, Mr. and Mrs. M. P. Jordan.

Grover Bradley has been living in suspense since he killed the big red fox last week as the fox hunters like a volcano, have been belching forth some terrible lava.

A new broom sweeps clean and a sucker is born every minute. This is being demonstrated at Jatties where the widely heralded "healers" are performing their miracles.

Last Sunday was the day set apart for healing and the edict went forth for the blind, the halt and the lame to come without money and without price and be made whole. They came in large numbers to be healed but went away sadder and disappointed but we trust wiser than when they came. They learned that all that gitters is not gold.

When these "healers" do at least some things that they profess to do in the way of making the blind see or the lame to walk or the dumb to talk it will be a pleasure for us to go to them and tell them that we were wrong in our judgment and ask their forgiveness.

We have long since learned that watermelons do not grow on a tree but on a vine and that all crows are black.

We have plenty of good people, some of which without stopping to think or reason are easily influenced and are carried along with the tide and some times are carried over the precipice where it is hard to return.

We read that "By their works ye shall know them."

The ones that came blind went away blind, the lame went away lame and the dumb remained dumb.

It may be that the signs are not just right or the moon is wrong.

The court goers have been a plenty and we notice that some that go in fall to come back. Rumor says that they are boarding with C. C. Skaggs and dreaming of "moonshine."

There will be a memorial meeting at Oliveville Sunday, June 18, with dinner on the ground. All are cordially invited to come.

Lay prejudice aside and come and assist in paying respects to the ones we love but who have passed to the great beyond.

OLD LEM JUCKLENS.

KEEP YOUNG

People with bad backs and weak kidneys are apt to feel old at sixty. Many old folks say Doan's Kidney Pills help them keep young. Here's a Louisa case:

K. F. Vinson, Prop. of boarding house Water St. gave the following statement December 4, 1916: "Whenever I have a spell of kidney trouble or rheumatic complaint, I get a box of Doan's Kidney Pills at the Louisa Drug Store Co. and just a few fix me up in fine shape. My back gets lame when I overfill it and I am subject to this rheumatic trouble after taking cold. This generally strikes me in the limbs from my hips down, acting like sciatism. The kidney secretions are then too free in passage, bothering me at night. This breaks my rest. All of the symptoms disappear, however, after I use Doan's Kidney Pills and I feel like a different person—strong and active."

On December 3, 1920, Mr. Vinson said: "I have just as much confidence in Doan's Kidney Pills today as when I gave my former statement. Since then I have used them a few times and they have always helped me."

We Invite You to Ride With Us During Demonstration Week

Our Daytona 6-66 Model holds every stock chassis speedway record from 5 to 100 miles. It will be the purpose of Demonstration Week to prove that any Paige car—in the hands of an unprofessional driver—is indeed Master of the Highway.

By proving itself a marvelously fast car the 6-66 has revealed qualities of endurance and strength that are beyond dispute. World's Championship Form is a guarantee of all-round efficiency—the best guarantee that the sporting world affords.

But these are facts that we want you to establish for yourself and Demonstration

Week offers an unrivalled opportunity. You have but to get in touch with us and we will book you for a ride that will prove finally convincing.

Then, with an actual record of the tests, you will be in position to compare the Paige 6-66 with any other motor car—at any price—on the American market.

Whether you contemplate buying a motor car or not, we very cordially invite you to ride with Paige during the coming week. It will prove a revelation, we believe, and a liberal education in strictly modern engineering.

A. H. SNYDER, Louisa, Ky.

THE MOST BEAUTIFUL PAIGE CAR IN AMERICA

ULYSSES
