SOUTHERN LYNCHINGS

Massmeeting Held at Boston by Colored Societies.

THREE THOUSAND WERE PRESENT.

Resolutions were adopted condemning the speedy punishment meted out to the Negroes in the southern states. In some respects the Protesters are severe and present only one side.

Boston, Nov. 13.—Nearly 3,000 people attended a massmeeting in Faneuil hall last night to protest against the lynching and burning of negroes in the southern states. The meeting was held under the auspices of the various colored societies of Boston and vicinity. The speeches were by both white and colored men and were vigorously applauded.

Mayor Edwin H. Curtis presided, and among the speakers were: Congressman E. J. Morgan, Judge Edward Walker and Father Snelly. At the conclusion of the speeches Hon. George T. Downing presented the following resolution which was adopted:

"We condemn without any reservation the lynching, the mutilation, the roasting alive of men and women now commonly practiced in parts of our country, so commonly practiced as to arrest the attention of the world; we condemn this God-defying heartlessness with most indignant feelings as civilized beings, as proud Americans, made to hold our heads down in shame because of the almost daily reports which reach us of beings born in the image of God thrust into consuming fires with all the consequent agonies, with the outraged pitying entreating their heartless tormentors for mercy, protesting their innocence, even while in the very jaws of death, while gaining imploringly—that if, their eyes have not been gaged out—upon men, women and children assembled from miles around to witness and gloat over God's image scoffed at, while writhing in agony.

"We emphatically state we would not stand in the way of a just punishment of all crimes, but the law of the land must be respected in meeting out such punishment. All persons charged with crime are entitled to a fair trial before a jury of their peers.

"The heartless, bloodthirsty disregard of the supreme law of the land must cease; Massachusetts declares it. She calls upon all lovers of law and order to rise in their might and majesty and say amen to the declaration. She takes no part in the falsehood that the negro race is more insular than are other races—that they are rapists. It is her firm conviction that the charge is false; that it is manufactured to appeal to a sentiment calculated to cover up and palliate to a great extent the burning alive of black men—the real design being concealed—which is to crush the lawful growing aspirations manifesting itself among black men.

"We invoke the uncompromising spirit of Garrison, of Phillips, of Sumner, of Andrews and in their names to those defenders of God and humanity cry out, stop this brutality which darkens our nation's fair name; adding if it cannot be stopped, the impetuous spirit of Crispus Attucks of John Brown, who is still marching on, will in its march hasten into action."

CARLISLE MAY SUCCEED JACKSON.

Will probably be appointed to fill the vacancy on Supreme Court bench.

WASHINGTON, Nov. 13.—The Post says that Secretary Carlisle may be appointed to the supreme court bench to succeed the late Justice Jackson. The Post says that some time ago the president had practically fixed upon Judge Rufus W. Peckham of the New York court of appeals for the place. It then continues:

"All these plans, however, are said to have been changed by the recent elections. Had Kentucky elected a Democratic legislator it was confidently expected that Mr. Carlisle would step from the cabinet into the senate. Under these circumstances the political future has little attraction for Mr. Carlisle besides which, his talents and size lend him naturally to a judicial position."

Executed on the Highway.

LITTLE ROCK, Nov. 13.—Fred Croker, the 18-year-old son of R. M. Croker, a prominent citizen of Sulphur Springs, Ark., was murdered by Captain Francis and Al Little both of Southwest City, Mo., on the public highway in Benton county late Sunday night. The murderers are at large. The cause of the murder is not known here. Governor Clark has offered a reward of \$100 for the capture of the men.

Thrown from a Horse and Killed.

CHICAGO, Nov. 13.—William Schaefer, a carpenter, 65 years of age, was thrown down stairs and instantly killed. The accident on the old man occurred during a drunken row, and four men who had a part in it were arrested.

BATTLESHIP TEXAS DEFECTIVE.

Her Construction is Not Substantial and May Have to Be Changed.

WASHINGTON, Nov. 13.—Battleship Texas has come to grief in the dry dock at New York and has sustained serious injuries, the extent of which is not known here at present. The ship went into dock a week ago to be cleaned and painted and to remove an accumulation of seaweed which had grown in the pipe gratings leading to the circulating pumps. Several reports have been made showing that the ship has sustained injuries from straining while in dock. It appears from these reports that about 31 of the bottom frames and brackets of the Texas are buckled from a quarter of an inch to an inch and a half while the central lining of the double bottom is cracked in many places. Whether it will be necessary to undertake to repair these frames and remove the dents in the bottom cannot be told until after a further examination.

There is a belief that the Texas was too lightly built to stand her own weight while in dock, and it is said that the department officials were of the opinion from the first that they were defective in that too much strength had been sacrificed in order to save weight and make the vessel fast at the calculated displacement.

SANTA FE DEPOT ROBBED.

Two Men Taken to the State Prison.

COLORADO SPRINGS, Nov. 13.—The express office at the Santa Fe depot in this city was robbed of \$30,000 Monday night. Immediately after the departure of the night express at 5:58 George Kront, the express agent, stepped from the platform into his office and was confronted by two masked men who leveled revolvers at his head and ordered him to open the safe. This he did, and they helped themselves to two packages of money containing \$5,000 and \$15,000 respectively and made their escape. The money was part of a consignment of \$50,000 sent from Denver to Cripple Creek, the remainder of which was in the safe, but was not found.

Officers are scouring the country for the robbers.

RODE OUT ON RAILS.

Mormon Elders Run Out of Kentucky by Farmers.

ASHLAND, Ky., Nov. 13.—A report from Whites Port, Pike county, states that two Mormon elders were taken from the church there Sunday night and ridden out of the state into West Virginia on rails. The elders, who had been at work in West Virginia for some time, crossed the river in defiance of warning from farmers, and were expecting a large congregation to accept the Mormon faith when they were assaulted by a band of men who rode them out of the state, but subjected them to no other indignities.

MONSTER FLYWHEEL BURST.

One Man is Killed and Several Others are Injured.

AIRY, Nov. 13.—The monster 20-ton flywheel in the powerhouse of the Albany railway burst yesterday and the bursting fragments inflicted injuries from which John Pihl died at the hospital. The others hurt are Charles Meyer, supervisor, leg and ankle bruised; Lewis Tinius, head and left breast lacerated, may die; John Faust, head and leg injured.

One of the pieces crashed through Meyer's saloon across the street. Another piece weighing two tons flew for two blocks and tore off a roof and side of a residence, but injured no one. The property loss will reach about \$20,000.

STARTED FOR THE FRONTIER.

Maxim Guns Being Carried to the Land Claimed by Venezuela.

KINGSTON, Jamaica, Nov. 13.—British Guiana advices report that Maxim guns have been started towards the Venezuelan frontier. The expedition consists of three guns for the 50 man and 9 cañons. A force of Venezuelan troops is supposed to be awaiting the arrival of the expedition, prepared to capture the guns.

The Gould-Nicolaus Suit.

New York, Nov. 13.—The counsel for George J. Gould has served notice on the counsel for Zella Nicolaus Rahrman in her \$40,000 suit against Gould that her evidence would be taken in Cincinnati on Dec. 1. Twenty witnesses have been subpoenaed for these hearings. Among them are Colonel William F. Cody, or "Buffalo Bill," Nate Salisbury and George F. Trade of Illinois.

Attale at Formosa.

ST. PETERSBURG, Nov. 13.—A special telegram from Vladivostok to the Novoe Vremya says that the chief of the black flag in Formosa has fled to Kial. The Japanese troops are concentrated at Tainan. The natives, however, are so hostile that probably more troops will have to be sent to the island.

Dictate the Terms.

Conditions Upon Which Spaniards Are Released.

GAMPOS SON AMONG THE NUMBERS

General Rego, the Insurgent Leader in Santa Clara Province, delivers Spanish Wounded Prisoners to Six Spanish Officers, but the Authorities Will Not Release the Terms.

HAVANA, Nov. 13.—A son of General Campos is said to have been among the prisoners given up by Insurgent General Rego at Camanayagua in Santa Clara province.

The Spanish first sent a volunteer major to parley with General Rego, but the general would only negotiate with the commanding officers of the army in that jurisdiction. General Rego eventually delivered 16 wounded prisoners to a committee of six Spanish officers, including a sergeant. It is believed that some of the prisoners were of a very high rank of distinction, otherwise the Spanish would never have agreed to the terms imposed by the rebel general.

The Spanish will not disclose what those terms were.

The news caused a tremendous sensation in this city. The Spanish are amazed. They cannot understand how General Campos' officers deigned to close a transaction with a rebel general. They claim the rebels are worse than bandits and that no honorable Spanish officer would enter into negotiations with them.

Serious differences in the Spanish ministry are reported in dispatches from Madrid. Senor Canovas, the prime minister, has been in protracted consultation with the queen regent, Maria Christina. What was said was kept secret, but a dispatch to La Discusion states the general opinion is the conference over the Cuban affairs and the ministerial differences caused by Gen. Campos' expressions on the subject of reforms here.

In military circles it is said General Campos is looking for a pretext to leave Cuba. That assertion is untrue. It is also reported that another style of conducting the war may be adopted. This is construed as meaning that the insurgents will be dealt with severely.

THE WHITNEY-PAGET WEDDING.

It Is Celebrated in St. Thomas' Church at New York.

NEW YORK, Nov. 13.—The marriage of Miss Pauline Whitney to Almeric Paget was solemnized at 12 yesterday at St. Thomas' church. The bride, who is the daughter of William C. Whitney, former secretary of the navy, is known favorably in society in New York, Washington, London and Paris. The groom is the youngest son of the late General Lord Alfred Paget, who was personal aide-de-camp to Queen Victoria and grandson of the first Marquis of Angles. The first Marquis of Angles married a Miss King of Georgia, and Mr. Paget's brother, Colonel Arthur Paget, married the only daughter of the late Mrs. Parson Stevens in 1878.

The scene within the church was a beautiful one. The interior was completely hidden beneath vines, chrysanthemums and lilies, these flowers also being arranged on four triple arches erected across the center aisle, while the stone Gothic pillars and abutments were entirely hidden in masses of rhododendrons. Around the chancel and choir stalls tree ferns and palms were placed. The chancel rail, galleries and side of aisles of the church were basked with flowers, over which was artistically draped a hanging green and white tressy of foliage and lilies which gave a natural unadorned effect to the decorations.

The family and intimate friends had a seat separate from those reserved for the guests by a floral gate built on Gothic lines extending across the center aisle. On the right sat President Cleveland, Secretary Lamont and Secretary Herbert, and in the seats immediately behind, were the presidential party, Governor and Mrs. Morton, Sir Julian Pauncefote and members of the British embassy, Dr. Channing M. Duper and specially invited guests. On the left were selected members of the Whitney household, Lady Colebrook and Miss Annie Paget, sisters of the bridegroom, Lord Westmeath and personal friends of the bride.

Renewed Changes in Army Circles.

CHICAGO, Nov. 13.—It is believed in army circles that the Fifteenth Infantry, stationed at Fort Sheridan, will shortly be transferred to the department of Texas, relieving the Twenty-third Infantry which will in turn relieve the Twenty-fourth Infantry at Fort Harker, Washington, the latter coming to the department of Missouri. This change has been under consideration at the war department for some time past.

Captured in Canadian Waters.

HANDSQUET, O., Nov. 13.—While a fleet of American fishingboats engaged in lifting their nets near north Bass Island the Canadian cutter Patrol suddenly appeared. The boats scattered, and all but two succeeded in eluding the Canadian cruiser. Over two titles of some nets were confiscated. The crews of the boats that escaped admit that they were fishing in Canadian waters.

Will Not Last Long.

CHICAGO, Nov. 13.—The Monarchists in Brazil, according to a Rio Janeiro dispatch, declare that the republic cannot last longer than six months more.

MORE ARMENIAN OUTBREAKS.

Fresh Disturbances at Marash, Bitlis and Sivas.

CONSTANTINOPLE, Nov. 13.—Advices received yesterday announce fresh disturbances at Marash, Bitlis and Sivas, with their attendant massacres.

It is also announced that a battalion of Turkish troops, which was in garrison at Zeitoun, and which recently distinguished itself by surrendering and shooting down Armenian insurgents, was later besieged in its barracks by Armenians to whom the soldiers eventually capitulated with arms and ammunition bag and baggage.

It is added the Armenians now occupy quarters at Zeitoun, previously occupied by Turkish soldiers.

The Armenians have also garrisoned all the important positions in and about Zeitoun and are gathering ammunition and provisions, throwing up other fortifications, and in every way preparing to hold the place.

Zeitoun is on the route from Baghzer to Aleppo, and is an important routing center. Considerable anxiety is felt in American circles here on account of the absence of news from districts where American missionaries are stationed, and United States Ambassador Terrell has telegraphed to Commissioner Darmanian at Harput asking him if the American mission is safe.

According to advices from Hadjin, several villages in that vicinity have been attacked by riotous who massacred the inhabitants and plundered their property. It is feared the disturbances will spread to Hadjin.

It is stated in European official circles that as a result of additional exchange of views between the powers, through their representatives here and at different capitals, it is believed that a joint course of action, involving a display of naval and possibly military force, has been decided upon, with a view of restoring order in Armenia. The recent events having demonstrated that the sultan has no intention of carrying out the scheme for the reform agreed upon some time ago.

TO ELECT OFFICERS.

Reorganization Committee of the Santa Fe System Holds a Meeting.

NEW YORK, Nov. 13.—The reorganization committee of the Atchafalaya, Tule and Santa Fe road will meet in this city today to name the officers and directors of the new company. It has not been decided as yet who will be selected as president. The most prominent candidates are E. T. Jeffreys and D. B. Robinson. The latter has been acting president of the Atchafalaya, Tule and Santa Fe since the resignation of J. W. Reinhardt. Mr. Jeffreys has the support of some of the foreign interests, but Mr. Robinson, partly on account of his many friends and his familiarity with the system, is preferred by American securityholders.

Mr. Robinson was born in Vermont in 1847 and has been in railway service since 1867. He became general manager of the Seneca railroad, in Mexico, in 1890, and since that time his services have been with roads in the southwest, part of the time with the Atlantic and Pacific and the Colorado Midland. He has been first vice-president of the Atchafalaya system since March, 1893.

BURNED TO DEATH.

A Man Loses His Life and His Wife and Son Bearly Burned.

CHICAGO, Nov. 13.—John Baramicki was burned to death here, his wife and 24-year-old son, Martin, were fatally injured. Three other people were badly hurt in the fire which destroyed two buildings on Noble street. The fire was discovered by a policeman who endeavored in vain to arouse the family. The flames broke the doors in. The members of the family were all unconscious and their rescue was effected with great difficulty.

READY FOR THE RUSH.

People Gathering For the Opening of the New Pecos Reservation.

JULIETTA, Ida., Nov. 13.—Two hundred and fifty home seekers are in camp in the vicinity waiting for the opening of the New Pecos reservation on Nov. 18. Several families have just arrived from the east and many are leaving here daily to look over the land and make their selections. Those who are returning are stated over their prospects. It is expected that there will be 10,000 people ready when the word is given to enter this promised land. Many have been waiting for years for this opportunity. The reservation will furnish homes for over 8000 families.
