Jail Rockefeller and Other Trust Magnates, Says Bryan

Chicago July 7.—A dispatch to the Record-Herald from Warsaw, Ind., says:

"Send John D. Rockefeller and a dozen other trust magnates to prison for a long term of years and one of the most vital questions before the people will have been solved," declared Wm. J. Bryan yesterday at a banquet given in his honor by Dr. Sol C. Dickey, president of Winona Lake Assembly.

"President Roosevelt and others are now bringing to successful issue the principles and ideas I advocated 17 years ago," Mr. Bryan continued. "This is particularly true as regards the tariff. The President is compiling my future speeches for me."

Mr. Bryan took a fling at the President's Cabinet, saying that there was not a man in it who agreed with Roosevelt. Referring to the controversy between the United States and Japan Mr. Bryan, who, during his trip around the world visited the Eastern Empire, said a little more backbone at Washington would settle the difficulties for all time to come without a conflict between the two nations.

Rockefeller as a Witness— His Answers about Standard Oil Co. Unsatisfactory.

Chicago, July 6.—John D. Rockefeller, president of the Standard Oil Company, of New Jersey, occupied the witness stand in the U. S. District Court today while Judge Landis piled him with questions regarding the financial strength and business methods of the corporation of which he is the head.

Mr. Rockefeller was a very willing and equally unsatisfactory witness. He was ready to tell all that he knew, but he said that he knew practically nothing. The net result of his examination was that he believed that during the years 1903, 1904 and 1805, the period covered by the indictments on which the Standard Oil Company, of Indiana, was recently convicted, the net profits of the Standard Oil Company, of New Jersey, was approximately 40 per cent of an outstanding capitalization of \$100,000,000.

—There will be a meeting of the trustees and patrons of Unity school at the school house next Saturday afternoon at 2 o'clock. Every one that is interested in school work is requested to be there.

W. B. Neill,
Clerk board trustees.

War Against Consumption.

All nations are endeavoring to check the ravages of consumption, the "white plague" that claims so many victims each year. Foley's Honey and Tar cures coughs and colds perfectly and you are in danger of consumption. Do not risk your health by some unknown preparation when Foley's Honey and Tar is safe and certain in results. The genuine is in a yellow package. Fauderburk Pharmacy.

An Approaching Marriage

Lieutenant E. R. Tompkins of the Eleventh Cavalry to Wed Mrs. Marie M. Goode, of Iowa.

Lieutenant E. R. Tompkins, an officer in the United States cavalry service, son of Mr. and Mrs. R. E. Tompkins of Rock Hill, is to be married on the 25th instant to Mrs. Marie M. Goode, a highly cultured and accomplished lady of Des Moines, Iowa. Lieut. Tompkins is a native of Kershaw county and a graduate of the Citadel in Charleston. He has been in the army nine years, four of which were spent in the Philippines. His regiment is now stationed in Cuba. The handsome young officer has a number of friends and acquaintances in Lancaster, where he occasionally visits. The Des Moines Register and Leader makes the following announcement of the approaching nuptials:

Although not formally announced, the reported engagement of Mrs. Marie Mills Goode and Lieutenant Edmond R. Tompkins of the Eleventh Cavalry was confirmed last evening, and the wedding will take place the latter part of this month. Lieutenant Tompkins is now stationed in Cuba, but is on a furlough, and will arrive in the city in about two weeks. With his bride he will return to Cuba in the fall. The wedding will be held in this city and because of the prominence of both parties promises to be one of the most brilliant social events which has taken place in the city for some time.

Mrs. Goode is the daughter of F. M. Mills, widely known throughout this portion of the country, and is a sister of Mrs. C. A. Finkbine, Mrs. E. C. Chase and Mrs. Otis Love. She has taken a prominent part in the social life of Des Moines, and the report of her engagement came as a great surprise to a wide circle of friends.

Lieutenant Tompkins was universally liked during his stay in this city by all with whom he came in contact. His home is in South Carolina.

The King's Daughters—An Earnest Appeal to Aid Them in their Noble Work.

Ed. The News: It has been our pleasure, as well as benefit, to find out some of the quiet workings of this grand little band in our community, and we feel constrained to speak a word to the public. Already Christ has set His seal of approval upon it; and its work is looming up.

The noble young leader is being ably and faithfully backed by the members; some of them, apparently gay and thoughtless, are penetrating into scenes of sickness and sorrow. Should not our

community come to their aid?

Of course much has been nobly done, but more is to be done.—There are many who feel that they have only a little to offer and perhaps it would not be worth while. Let such place their gift in the hands of the King's Daughters, and they will place it right. And rest assured it will return to you, perhaps not after many days but quite soon, whilst others may not know until the Great Resurrection Morn.—O, think how God has blessed our community. Even in the matter of the "Glorious Fourth."—As far as we can learn Lancaster county has not a single casualty to report, whilst other counties have had sad events to record.—Where Christ is leading let us follow.

Mrs. John P. Hunter.

Kershaw Dispensary Election—State Board to Hear Appeal Tomorrow.

Columbia special in Monday's News and Courier: The dispensary faction's appeal from the finding of the Kershaw County board of canvassers in declaring the dispensaries voted out of that county will be heard before the State board here next Thursday. There is much speculation as to the outcome of the fight generally over the State on account of the points involved, and of course, feeling is intense over the matter in Kershaw County, where the church people have taken what they think is a death grip on the throat of the "whiskey devil." In a strikingly similar case from Laurens last year the State board reversed the action of the county board, which had declared against the election in favor of prohibition on the ground of irregularities. The case was then taken before Judge Hydrick on certiorari, who sustained the action of the county board, and the Supreme Court affirming this judgment Laurens has continued "wet"

Chesterfield News—Contractor Hurt—Cutting Scrape at McBee.

Jefferson special in Sunday's State: Mr. J. J. Knight, a contractor and builder, was seriously injured here July 4. A scaffold on which he was standing while at work gave away and he fell some 15 or 20 feet, head foremost, striking a rock on the ground. He received a severe wound in the head and was injured internally. He has been in a semi-conscious state ever since. The physicians pronounce him in a precarious condition.

Meagre news has just reached your correspondent of an affray at McBee on the Fourth. Mr. W. E. Hendrick, a merchant of Clarks, and "Bud" Jordan, a farmer of the Catarrh neighborhood, were the participants. The report goes that Mr. Hendrick was right badly cut. Jordan escaped unscratched.

A Significant Move.

The Atlantic Fleet to be sent to the Pacific—Is Uncle Sam Preparing for Trouble with Japan?

Washington, July 6.—Details of the vast movement of the Atlantic fleet to Pacific waters have been theoretically worked out weeks in advance by the naval general board. But these details are necessarily subject to constant change resulting from the withdrawal of the battle ships from active commission on account of having been declared antiquated or in need of repairs, and the substitution of other ships just going into commission and fresh from the builders' hands.

The opinion of naval officers is that but one route is feasible for the big ships and that is by way of the Straits of Magellan. The route from New York across the Atlantic and through the Mediterranean and the Suez Canal is open to the objection that it would bring the big ships almost into Japanese waters and the movement might consequently be regarded as a menace, which Secretary Metcalf has stated has never been contemplated. The Suez route, too, is longer by a thousand miles than the Magellan route, which is about 13,000 miles in length. The opinion is that under ordinary cruising speed, which for the big battle ships means about ten or twelve knots an hour, and allowing a reasonable time for coaling en route, the Atlantic fleet can make the passage from New York to San Francisco in less than sixty days.

Ladies Held Up and Ordered to Take Off Shoes and Wade.

Bamberg special in the Columbia State: About dusk this evening four young ladies, three of them sisters, were strolling on the outskirts of the town when suddenly they were accosted by a white man who threw a revolver upon them, commanding that they follow him to the edge of the woods. Upon reaching a ditch he gave a further command that they take off their shoes and go in wading. About this time one of the young ladies fainted and another made an outcry, whereupon the unknown man took to the woods.

The alarm was soon given and a search was instituted for the stranger. Bloodhounds were put on the trail and he was tracked for several miles. The dogs having lost trail apparently because the stranger took a buggy, the searchers secured vehicles and at a late hour tonight the search is being continued.

The man was apparently about 30 years old, tall, of dark complexion and shaven.

Subscribe to The News.

News in Brief.

Fred Glosson, an employe of the Southern Railway Company at Spencer, N. C., attempted to end his life Saturday night by drinking two bottles of laudanum and a quantity of paregoric....
