"Ernest Moore, mayor of Lancaster, was born and reared in Lancaster county where he has lived practically the entire 52 years of his life. Mr. Moore has served several terms, at different periods, as mayor of Lancaster. His services are in demand and eagerly sought and when he will permit the people make him mayor. At the last election the office was his without opposition. For more than 25 years he has been closely identified with every progressive movement of Lancaster town and county. He graduated with honors from the Washington and Lee University law school and was admitted to the bar of South Carolina about 28 years ago. He has followed his profession in Lancaster with unusual success and he has been suggested as a suitable successor to Judge Woods on the supreme court bench. Negro Drowned.

On last Friday, Jim McCarter, a colored youth living on the Dunlap place, now owned by the Southern Power Company, was drowned in the Catawba river while swimming. The body was recovered. It seems the deceased and his little brother, while minding cows near the river, concluded to go in swimming. It is supposed the boy must have taken a cramp, for he was considered a good swimmer. Magistrate D. A. Knight, acting coroner, held the inquest and the jury returned a verdict of "death by accidental drowning."

GOOD ROADS TALK.

Mr. T. W. N. Falle Tells of Good Work Being Done by Supervisor Blackmon in Taxahaw Section.

To the Editor of The News:

I am not accustomed to writing for a paper, but I hope these few lines will escape the waste basket.

I have no better way of showing my appreciation for what our county supervisor is now doing in our township. It seems that he is determined to put all our roads in good repair, and especially the clay roads of our community, and I truly hope that he will be able before his term expires to do something for our sandy roads, for they are the worst roads in the world, I believe, and we are looking forward with fond anticipation to the time when our sandy roads will be clayed. We are beginning to believe that the time has come when our most important roads will receive the attention so much needed. We believe we have at last one who will give all parts their dues. It seems that he is going to do more for us than any one of his predecessors. He has been working some roads this week that have not been worked before in four years. I have been informed that he has just worked one that had not been worked before in sixteen years. We have two roads that we are especially interested in, the road leading out from Kershaw to Taxahaw; we would highly appreciate having it clayed; also the road leading from Taxahaw to and by Charlesboro. If we had those two roads clayed we would have a good road to any of the nearby towns—Kershaw, Pageland, or Jefferson. Three more miles would finish our Kershaw road and about four miles would complete the other road. So hoping that these few lines will find space in your columns, I will close for the present.

REPRESENTATIVE MASSEY WEDS

Married Yesterday to Miss Kelly of Macon.

The many friends of Hon. J. Copeland Massey of Kershaw, the able young attorney who is a member of the House of Representatives from Lancaster county, will read with interest of his marriage yesterday in Macon, Ga., to Miss Lucile Kelly of that place. The affair was quiet and no cards were issued, the ceremony being performed yesterday afternoon at 4 o'clock in the presence of a small company of the friends and relatives of the bride. Immediately after the ceremony the bride and groom left for Waynesville and other mountain resorts, where they will spend their honeymoon. Returning early in August, they will be at home in Kershaw.

Mrs. Massey is a handsome and cultured young woman. She is a graduate of Winthrop College, where she was very popular. She has taught successfully since her graduation in Aiken and several other towns.

Mr. Massey is a young man who is rapidly rising in his chosen profession. He is a graduate of the University of South Carolina, both in the academic and law departments, and was one of the most popular students who ever attended that institution. The News wishes this young couple a successful and happy married life.

NEWS FROM PRIMUS.

Mr. B. F. Adams Gives His Views on Various Subjects.

To the Editor of The News:

I again take the task of penning a few lines for The News as I said I would do in a previous letter, but I find it very hard for me to get up an article just like I want it. Then again we have some critics (smart Alecks I call them) who are always ready to criticize us. Nevertheless, I will venture a little.

The farmers of this community are about done laying-by their crops. The cotton is looking fine.

The Red Hill school opened Monday, July 14th, with Miss Reba Killian as teacher. Miss Killian has made a fine impression as a teacher. She is a good Christian lady.

The protracted meeting is being carried on at High Point Baptist church this week by the pastor, Rev. B. F. Carson, the introductory sermon being preached Friday night on the subject of prayer.

I again have read with delight the letter of your Georgia correspondent, Mr. J. W. Twitty. It delighted me to see the stand he has taken against the moving picture shows, soft drinks and baseball playing. All of these are evils and should be opposed. It seems to me that my old friend (Mr. Twitty) should have gone a little further and thrown a shell at the cigarette smoker, which I honestly believe is one of the greatest curses of the day among the young people of this generation. Cigarette smoking, in my honest opinion is one of the greatest evils of the times. It kills the body. My, my! Just go anywhere, the church not excepted, and you will be nearly smoked out. I have seen the accursed things rolled until I as disgusted beyond measure. A little piece of paper filled with tobacco and opium, and fire stuck to one end of it and a fool at the other end. It's wrong, boys. Let's do away with the habit.

I am glad to learn that my friend, Mr. Twitty, is able to go out to church again. I do not know what his profession is, Baptist, Methodist or any of the other professions. Neither do I care. The thing which should concern us most is for us to be able to say, I am a Christian. If we are true Christians we all belong to the Royal Family, though I am proud to say I am a Baptist. Why am I a Baptist? I believe in so doing I have followed the example of the Saviour while here on earth. Read Romans 6:4.

Mr. Editor, I fell that I would be ungrateful to close my letter without expressing my thanks and appreciations to my good friend, Mr. Twitty, for the good words he has spoken in reference to my lamented father and also in behalf of myself.

Yours truly,
B. F. ADAMS.

WORKERS FEEL WELL PAID.

Road Crew Given Sumptuous Dinner After Hard Day's Work.

To the Editor of The News:

Please allow me space in your valuable columns to express my appreciation for the kindness shown us while working the roads of this community. On July 16th, when we came out from under that steep, rough and hot hill near Cook's mill, we were tired, hungry and hot. But our hearts leaped for joy for the good people of this community had gathered together and prepared a great feast for us. They met us with well-filled baskets, spread out the dinner and told us to help ourselves. We cannot find words to thank the good women who prepared this meal for us. But they can never be forgotten, and we believe that if we ever have the opportunity to work their road again that they, too, will remember us. We feel that we have not done enough for these good people. But only hope that we can come back again in the near future and do more for them.

Hoping this will escape the waste basket and find space in your paper, I beg to remain, the people's humble servant.

A. J. MORGAN.
