CARMEN STRIKE TO GET RECOGNITION OF UNION

Muskogee, Okla., Oct. 4.—Motormen and conductors employed by the Muskogee Street Railway company went on strike Tuesday when company officials refused to accede to demands for recognition of a newly organized union. Service continued throughout the day and until a late hour last night and officials of the company declared that sufficient men had been hired to replace the strikers and maintain normal service. Union leaders asserted that virtually the entire force of motormen and conductors, about 85 men, obeyed the strike order.

THINKS COTTON CROP SHORT OF ESTIMATE

Henry N. Pope, President of Farmers' Union Presidents, Sees Less Than Government Figures. Fort Worth, Tex., Oct. 3.—The present cotton crop will fall short of the 11,637,000 bales estimate issued yesterday by the United States department of agriculture, according to Henry N. Pope, president of the Association of State Farmers' Union Presidents. The government's first estimate was for a crop of more than 14,000,000 bales but this has been reduced 3,000,000 bales by revised figures and is said to be caused by climatic and pest damage but according to President Pope these two factors are going to be instrumental in further reducing the revised estimate.

"The top crop which is the smallest in history has also been generally over estimated" said Mr. Pope, "and the present cotton crop is one of the largest acreage, is the smallest yield per acre within 20 years and the indications are it will bring the highest aggregate price of any crop in the history of the cotton industry. It is an established fact that small production is usually followed the next year by a large acreage and a heavy yield. The cotton farmer will never get out of debt or the tenant become a home owner until we get a reasonable price for a reasonable crop. Ever since the South has been planting 30,000,000 acres in cotton each cotton farmer has been selling cotton at about three cents per pound less than cost of production. The only protection of a cotton farmer against a calamity of low price is in a 12 cents loan minimum by government or some agency capable of protecting it."

MILK FAMINE RESULTS OVER WHOLESALE PRICE

New York, Oct. 2.—The first effects of a milk famine were felt here today as the result of the deadlock between dairymen and distributors over the price the former shall receive for their product. It was estimated that milk trains brought to this city last night 600,000 less than the usual 2,500,000 quarts.

The milk companies announce that hospitals and homes in which there are children who are ill will receive first consideration and for the present will obtain a full supply. Some of the milk now arriving here is coming from Pennsylvania, Delaware, Illinois and Canada. After Wednesday, it is stated, virtually all the supply except that marketed by the Dairyman's league must come from a great distance. It is said the league can supply about 12 per cent of the amount now consumed.

The contracts of the distributing corporations with New York and New Jersey farmers ended yesterday and the 17,000 members of the Dairyman's league are determined not to renew their contracts at less than 4 3/4 cents a quart. Attorney General Woodbury has promised an investigation at the request of the distributors, who allege that the Dairyman's league is a combination in restraint of trade.

The still was made of copper and is very valuable, being the best the officers have seized in a long time, holding 75 gallons.

Boxes containing 1,500 gallons of mash were overturned and washed away in the stream. A quantity of whiskey was captured. Collector Eaves took the worm with him. Officers went back and tried to find another Thursday but without success.

DEATH OF W. J. BECKHAM.

News comes from Beaufort of the sudden and untimely death of W. J. Beckham, at one time a resident of our city. His numerous friends here and elsewhere will be shocked and saddened to hear of it. He was engaged in construction work on the new link of the Seaboard Air Line near Beaufort and lost his footing in loose rubble at the top of a high ballasted trestle and fell 20 feet striking a timber on the way down and being swept away by the current. The accident occurred on last Friday afternoon and the body was recovered on Monday morning.

Mr. Beckham was a splendid specimen of manhood in the prime of life and was highly esteemed by all who enjoyed his friendship for his sterling qualities. He was industrious, a devoted husband and father and a loyal friend. A smile and a hearty greeting for every acquaintance he was one of those men who made the world brighter because he lived in it, and he will be much missed by all who knew him.

He is survived by his wife, formerly Miss Rebecca Crawford, of Lamar, S. C., and three children, a daughter, Eugene M. Beckham, of Heath Springs, by his first wife, and two little girls, Pauline and Frances, by his widow.

HURRAH! RINGLING DAY ALMOST HERE

Big Circus and Great Spectacle Occupy Five Trains Crammed With Wonders.

The big event for which the youngsters and grownups have been impatiently waiting is drawing near, for on Tuesday, October 17, Ringling Brothers' circus is to exhibit afternoon and night in Columbia. Expectancy never ran so high before and it is likely that this district will send a large delegation to feed the elephants. Unusual interest centers around the gigantic spectacle, "Cinderella," with which the famous showmen are this season opening their wonderful main tent program. "Cinderella" is probably the best loved of all fairy tales and to see it produced with more than 1,000 persons, hundreds of dancing girls and glorious pageants, indeed gives promise of making "childhood's golden dreams come true." In the same great tent, will come the marvelous circus numbers in which 400 men and women performers, scores of trained animals and a galaxy of special features are introduced. The majority of the acts are entirely new to America, the Ringling Bros. having secured the pick of those European performers who have been obliged to seek engagements in this country because of the war. The all-new street parade will take place show day morning.
