MULIUM IN PARVO.—McDonald's Great Blood Purifier of Sarasaparilla Alternative is the most highly concentrated, most harmoniously and skilfully combined of all the blood medicines offered to the public. Many certificates from well-known and worthy persons could be furnished to substantiate the virtues claimed for this great medicine, but the manufacturer prefers simply to say any purchaser feeling the benefit derived from the use of a bottle not equivalent to the seventy-five cents invested in the purchase can have their money returned.

—A large crowd of people from all parts of the surrounding country congregated at Coburn last Sunday, to take in the colored campmeeting. As far as the attendance of colored folks was concerned we can hardly call the affair a success. There were only seven of them actively engaged in religious worship, including the two preachers. Their odd way of singing was a curiosity to many of their white spectators. Quite a number of whites we noticed had a superfluity of spirits and seemed to rival with the colored singers in making the most noise. Altogether it was a great day for Coburn.
EXEMPTION FROM PAYMENT OF TOLL.—For the information of the public, we publish below the law exempting persons from the payment of tolls in passing over turnpike roads:

The penalty for receiving toll contrary to law is five dollars for each offense.

Professionally, I always recommend them, as I consider they embody to the utmost the principal and most desirable points in a vermifuge—smallness of dose, easiness to take, compactness and elegance, while our steadily increasing sales attest their value as a worm destroyer and the satisfaction they give our trade."
Dissatisfied purchasers can have their money refunded.

IN TIME OF PEACE PREPARE FOR PEACE.—Changes of climate, diet and water, oftentimes atmospheric changes alone, will subject some member of the family to cholera morbus, dysentery, &c., when that wail of misery in the "two sma' hours of the night" announce the fact, and you are sent from your comfortable bed across lots or down back alleys for a doctor, 'twould be a good time to reflect that had you only secured a bottle of Curtis' Carmelite Cordial in time, you could with a few drops have headed off the attack, saved a doctor's bill, and secured a peaceful night's rest. Dissatisfied purchasers can have their money refunded.

—In another place we publish a short statement of the accidental drowning of Rev. J. K. Millet, of McEwensville. Deceased was a graduate of the Old Millinburg Academy, and is well-known by many of our readers. He was a son-in-law of Mr. Geo. Gutelius, of Millinburg, and at the time of his sad death, was pastor of the Paradise Reformed church. Further particulars of his drowning are given in the Milton Economist as follows:
"His left hand, the parsonage in McEwensville, he shook a hatchet off the window cornice. It struck him on the head and glancing off broke an \$80 window pane.

took a small boat, rowed out to about the middle of the river—which is very wide there—the place where he often had fished. Before anchoring the boat he loaded his watch and chain to Miss Culp, which was his usual custom, no matter who accompanied him. He had a valuable watch and a pair of spectacles, and when the boat was about to start he dropped the watch and spectacles into the water. The boat was too short to reach bottom, which caused the boat to dip and commence filling up with water. Mr. Millet commenced bailing it out, to save it from sinking. In doing so he was overtaken by the boat which he would swim to the shore [a distance of about three hundred yds.], assuring her that if she would hold fast she would be saved, or that the fishermen, who were near at hand and saw them in their perilous condition would come to their rescue. He twice called to her, looking back to hold on as he struck out for the shore battling with the mad waves, swimming for life. Two men in a boat near at hand went to the rescue of Maggie, picked her up and pulling for the shore passed by the struggling man, landed the girl, and returned to the boat which he had by this time reached the shore within thirty feet, but was now so greatly exhausted and in the excitement of the moment sank to the bottom of the river after the boat had reached out with a fishing pole for him to catch hold of. Only five minutes elapsed before the body was recovered, which lay in about six feet of water, and all that could be seen and heard was that it was done, but the vital spark had never to return.

TAKE SIMMONS LIVER REGULATOR For all Diseases of the Liver, Kidneys, Stomach and Spleen.
This purely vegetable preparation, now so celebrated as a Family Medicine, originated in the South in 1838. It acts gently on the Bowels and Kidneys and corrects the action of the Liver, and is, therefore, the best preparatory medicine, whatever the sickness may prove to be. In all common diseases it will, unassisted by any other medicine, effect a speedy cure.
The Regulator is safe to administer in any condition of the system, and under no circumstances can it do harm. It will invigorate like a glass of wine, but is no intoxicating beverage, and is not injurious to the system. It promotes digestion, dissipates headache, and generally tones up the system. The dose is small, not unpleasant, and its virtues undoubted.
No loss of time, no interruption or stoppage of business while taking the Regulator.
Children complaining of Colic, Headache, or Sick Stomach, a teaspoonful or more will give relief.
If taken occasionally by patients exposed to MALARIA, it will expel the poison and protect them from attack.
A PHYSICIAN'S OPINION.
I have been practicing medicine for twenty years, and have never been able to put up a vegetable compound that would, like Simmons Liver Regulator, promptly and effectively move the Liver to action, and at the same time aid (instead of weakening) the assimilative and assimilative powers of the system. J. M. HAYTON, M.D., Washington, Ark.
SEE THAT YOU GET THE GENUINE. PREPARED BY J. H. Zeilin & Co., Philadelphia, Pa.
COSTIVENESS
affects seriously all the digestive and assimilative organs, including the Kidneys. When these organs are so affected, they fail to extract from the blood the uric acid, which, carried through the circulation, causes Rheumatism and Neuralgia.
The functions of the Liver are also affected by costiveness, causing Bilious Disorders.
Among the warning symptoms of Biliousness are Nausea, Dizziness, Headache, Weakness, Fever, Dimness of Vision, Yellowness of Skin, Pains in the Side, Back and Shoulders, Foul Mouth, Furred Tongue, Irregularity in the action of the Bowels, Vomiting, &c.
The Stomach suffers when the bowels are constipated, and indigestion follows. Fetid Breath, Gastric Pains, Headache, Acidity of the Stomach, Water-brash, Nervousness, and Depression, are all evidences of the presence of this distressing malady. A Sure Relief for all Irregularities of the Stomach and all consequent diseases, will be found in the use of AYER'S PILLS.
They stimulate the stomach, free the bowels, healthfully invigorate the torpid liver and kidneys, and by their cleansing, heating and tonic properties, strengthen and purify the whole system, and restore it to a salutary and normal condition. PREPARED BY DR. J. C. AYER & Co., Lowell, Mass. Sold by all Druggists.

QUAKER TABLE SAUCE. Is the Best.
Thousands of articles are now manufactured that in former years had to be imported, paying high import duty as it is now being done on Lea & Perrin's table sauce; the QUAKER TABLE SAUCE takes its place; it has been pronounced by competent judges just as good and even better. The Quaker Sauce has slowly but surely gained great importance and is replacing the very best imported sauce on the shelf of the grocer, the saloon and the restaurant and the tables of the rich and poor man, greatly prized and relished by all on account of its purity, agreeable taste, strength and purity. The inventor has by years of study of the secret virtues contained in the aromatic spices of the Indies and China, such as mace, nutmeg, cinnamon, genuine Jamaican ginger, and peppers and oils of fresh unknown to most men, and by long practice succeeded to combine their extracts in such a liquid form as we now find, of agreeable taste, and as invigorating as to be taken in place of stomach bitters. By manufacturing this sauce here, heavy import duties and freight are saved, and it is sold at a lower figure to the dealer, who making a better profit on Quaker Sauce can sell it to the consumer cheaper than the very best imported article which equals it. If your grocer does not have it, write us for prices, etc. Sold in bottles of 1/2 and 1 gallon.
