—A much-needed improvement in this town are street gutters. On rainy days the streets are in an unsightly condition on account of the many large puddles. What say ye, fathers of the borough?

This makes the fifth weekly printed in this town.
The name of the publishers of the "Fountain" is not given.

Papers in Pennsylvania requested to copy. Address, William S. Hammonds, Hastings P. O., Nebraska."
—The rather hasty committal of young Frank Foote to the county jail the other day, for a little transgression of the seventh commandment, was not approved of by a majority of our citizens. Much worse deeds committed by grown men before this were left unpunished and there is no need of crushing the whole future of an orphan boy by undue severity.
Frank was released from prison through the efforts of Dr. J. F. Harter, in whose charge the boy will remain for the present.
PRINTERS' INK.—Whether black or colored, it will pay any business man, who uses it judiciously. This week's Supplement of the JOURNAL, printed in red, shows that D. S. A close examination of their proclamation, arranged alphabetically, will convince our readers that they are prepared to meet the wants of all.
—Judge Furst, of this district, in sentencing a young man to the penitentiary at the late term of the Huntingdon county court, said: "There is no crime that the court looks upon with more disapprobation than the crime of young men carrying hidden weapons and then getting drunk and attacking citizens whenever they get an opportunity, and we warn you and others who are indulging in this practice that it must be stopped." This warning is needed in other counties as well as Huntingdon.—Watchman.

SOMETHING WORTH KNOWING.—Mr. J. B. Fisher, of Penn Hall, returned from Philadelphia, where he has purchased a large stock of Dry Goods, Notions, Clothing, Boots & Shoes, Hardware, Queensware, &c., which he is now opening and which he will take pleasure in showing to his many friends and customers. —OCTOBER is a good month for merchant to examine their stock of Dr. Kessler's Celebrated English Cough Medicine and include a winter's supply in their next order. The people have found out by experience that it can be relied on in all cases of croup, whooping-cough, colds, and lung troubles of any nature, and will have it. A good article draws trade while worthless preparations drive it away. It should be a source of satisfaction to a dealer as well, to know he is giving good honest value for money received. Money refunded to dissatisfied purchasers.

—An unpleasant shooting incident occurred at Centre Hall on Monday evening, on the premises of Mr. Jacob Solt. Mr. Wasson, the marble cutter, who is a boarder at Solt's house, retired to the back yard, when Mr. Solt mistook the gentleman for a large dog he had been watching for several days with a loaded gun, and emptied the load of shot into Mr. Wasson's face and body. Our informant tells us that Mr. Wasson's wounds fortunately are not serious, but very painful.

—DRUGGISTS all report a rapid and steadily increasing demand for McDonald's Celebrated Worm Powder. There is no secret or trick about their popularity. It is solely because people have become convinced through trial or hearing their neighbors say that they are the best and easiest to take vermifuge ever produced. Nasty sickening, old-fashioned worm syrups won't sell. People demand McDonald's Celebrated Worm powder, and won't have anything else, hence their sales are greater than all the other vermifuges combined. Money refunded to dissatisfied purchasers.

Mr. Mallory, the teacher engaged for the Woodward school, opened the 19th inst.
It is probably inconsistent to write of great enterprises and success under the heading of briefs, but since there was an attempt to make its existence brief, I may be excused in referring to J. C. Motz's lightning-cider press. One must be stupid indeed, not to appreciate the business aspect it has brought to Woodward. It is not an unusual sight to see eight wagons loaded with apples waiting their turn. Some days they press as high as twenty-five hundred gallons, and still this is not the full extent of its capacity. ARGENTI.

A Family Blessing.
Nothing adds more to the security of life, of happiness and health, than a safe and reliable family medicine. Simons Liver Regulator has won for itself the appellation of "the favorite home remedy." It is adapted to a large proportion of the emergencies which occur in domestic life. If the child has the colic, it is a sure, safe and pleasant remedy. If the father is exhausted, overworked, debilitated, it will restore his falling strength. If the wife suffers from dyspepsia, low spirits, headache, it will give relief. If any member of the family has eaten anything hard of digestion, a small dose of the Regulator will soon establish a good digestion. It gives refreshing sleep where narcotics have failed. It is the best preventive medicine, and safe to begin with, no matter what the attack; and in almost every case will afford relief and effect a speedy cure without the aid of other medicine. No error to be feared in administering; no injury from exposure after taking; no change of diet required; no change of habits; no neglect of duties or loss of time. Simons Liver Regulator is entirely vegetable and is the purest and best medicine compounded. Prepared by J. H. ZEILIN & Co., Philadelphia, Pa., sole proprietors.

QUAKER
Is the Best
TABLE SAUCE.
Thousands of articles are now manufactured that in former years had to be imported, paying high import duty as it is now being done on Lee & Pottsville table sauce; the Quaker Table Sauce takes its place; it has been pronounced by competent judges just as good and even better. The Quaker Table Sauce has not only gained great importance and is replacing the very best imported sauce on the shelves of the grocer, the tables of the restaurant and the tables of the rich and poor men, greatly prized and relished by all on account of its piquancy, aroma, taste, strength and purity. The inventor has by years of study of the secret virtues contained in the aromatic spices of the Indies and China, such as mace, nutmeg, cinnamon, genuine Jamaican ginger, and peppers and buds of trees unknown to most men, and by long practice succeeded to combine their extracts in such a liquid form as we never find it of agreeable taste, and so invigorating as to be taken in place of stomach bitters. By manufacturing this sauce here, heavy import duties and freight are saved, and it is sold at a lower figure to the dealer, who making a better profit on Quaker Sauce can sell it to the consumer cheaper than the very best imported article hardly equaling ours. If your grocer does not keep it, write us for prices, etc. Sold in bottles or by the gallon.
