—Messrs. Bannell & Aikens, of Bellefonte, have put an Estey Chapel Organ into the Lutheran church on trial. All knowers of organs will and do admit that the Estey organs stand at the head of the list for sweetness of tone and durability, and it is almost unnecessary for us to say that the instrument placed in the Luth. auditorium is a splendid one in all respects and can hardly fail to give satisfaction.

A PARTING WORD TO THE PEOPLE OF MILLHEIM.—As the time for my departure is now at hand, and as I do not, owing to increasing age, ever expect to serve this dear people again in an administrative capacity, I feel that my adieu will be final. In view of this I desire to give expression through the medium of your fresh and spicy JOURNAL, to a few thoughts uppermost in my mind. First, I thank the people of Millheim for their uniform kindness and spryly courteous behavior which I have met with here. True, there are in all communities people who, owing to a lack of better raising and the greater lack of true religion, frequently come short of that kindly treatment, which the devoted servant of the Lord Jesus Christ stands so much in need of. With these few exceptions my stay among the people of Millheim has been very pleasant. To my evangelical and other friends I hereby tender my warmest thanks for the liberal donation given us. In conclusion permit me to express my best wishes, and offer my most sincere prayers for the happiness and welfare of all the people of Millheim. And now let me indulge the hope of a final meeting in Heaven where parting is unknown. To my foes I offer the olive branch and in the language of the lamented Lincoln say: "Make toward none and charity toward all."

Your faithful and abiding friend,

—That old established cough remedy Down's Elixir, still more than holds its own in the public estimation, despite sharp and active competition. It is a "home remedy," and in this locality needs no words of praise from us, so well and favorably known is it. It is the standard remedy for coughs, colds and all throat troubles, with great numbers of our people, and their continued use and unsolicited recommendation it speaks in its favor.—Burlington, Vt., Free Press, Jan. 26, 1882.

For sale by J. Spiegelmyer and D. S. Kauffman & Co., Millheim, Pa.

RUM'S BAD WORK.—A frightful accident occurred last Thursday on the bridge, south of Millheim, by which the whole community was thrown into a state of excitement, mingled with indignation and sympathy. John Stonebraker, accompanied by a little son of Squire Gettig, of Coburn, was to Geo. Guistwite's sale in Brushyville, and when they returned at about four o'clock, they were heavily intoxicated and hardly knew which line he held in his right or left hand. The horse he drove belonged to Mr. Jacob Kerstetter and was blind. When they reached the bridge, John, being unable to keep the horse in the road, was driving in a zig-zag manner, and the boy becoming alarmed at this, attempted to relieve him of the lines. But Stonebraker would not consent to this and giving the left line an angry jerk, urged the now excited animal against the weak banister of the bridge. The banister gave way to the pressure and horse, buggy and occupants were precipitated into the creek, which at present is shallow, while the bed is filled with large stones. In its fall the buggy was turned upside down and both Stonebraker and his companion were thrown under the box and laid there in the cold water in a stunned and helpless condition. Mrs. Jesse Kremer, residing near the bridge, witnessed the awful tumble and at once ran to the assistance of the unfortunate party. Her cries for help soon brought several men to the scene and the pair were extricated from their uncomfortable position. Both spit blood and their injuries were supposed to be internal. Young Gettig's lower lip was cut very badly. They were at once taken to their homes at Coburn. The horse was also badly used up and for a time it was thought it could not live. It was taken to Fiedler's stable on Penn street. The upper part of the top buggy, which belonged to Mr. Gettig, was entirely wrecked. When the news of the accident had fairly spread in town crowds of men congregated on the bridge to view the remains of the buggy and learn particulars, and all sorts of theories were indulged in over the miraculous escape of man and beast from almost certain death.

First, I thank the people of Millheim for their uniform kindness and spryly courteous behavior which I have met with here. True, there are in all communities people who, owing to a lack of better raising and the greater lack of true religion, frequently come short of that kindly treatment, which the devoted servant of the Lord Jesus Christ stands so much in need of. With these few exceptions my stay among the people of Millheim has been very pleasant. To my evangelical and other friends I hereby tender my warmest thanks for the liberal donation given us. In conclusion permit me to express my best wishes, and offer my most sincere prayers for the happiness and welfare of all the people of Millheim. And now let me indulge the hope of a final meeting in Heaven where parting is unknown. To my foes I offer the olive branch and in the language of the lamented Lincoln say: "Make toward none and charity toward all."

Your faithful and abiding friend,

B. HENGST.

—That old established cough remedy Down's Elixir, still more than holds its own in the public estimation, despite sharp and active competition. It is a "home remedy," and in this locality needs no words of praise from us, so well and favorably known is it. It is the standard remedy for coughs, colds and all throat troubles, with great numbers of our people, and their continued use and unsolicited recommendation it speaks in its favor.—Burlington, Vt., Free Press, Jan. 26, 1882.
