

[Correspondence of the Baltimore Clipper.]

WASHINGTON, Nov. 9, 1844. For the last two days and nights this city has been under the greatest political excitement that ever was witnessed. During the whole of yesterday, the public anxiety was wrought up to the very highest pitch, both parties being elevated and depressed, as they made their calculations as to the probable result in the Empire State, which is to decide the momentous contest now about closing, for the highest office in the gift of a free people. Last night, from dusk until the telegraphic announcement was made of the latest returns from the western counties of New York, Pennsylvania Avenue and Seventh street were crowded with an anxious multitude, walking and waiting for the expected returns. It was nearly one o'clock, A. M. before the announcement was made to both parties, that the result in the Empire State was in favor of James K. Polk for President, and Silas Wright for Governor. On the announcement being made to the democratic party, they lit up a large bonfire, and spent several hours, until break of day, in rejoicing and revelry. Thus passed away the hours immediately after the telegraphic announcement. This morning there seems to be a perfect calm, and I am happy to say that I have heard of no acts of personal violence growing out of party feeling.

The business of our Criminal Court will be resumed next Monday, when the petit jury, who were discharged on Wednesday night until the 11th inst., will be again in attendance. The Hon. Judge Dunlop has been holding the Criminal Court at Alexandria, during the last week. I understand the grand jury have got through a large amount of business during the past week, and it is probable that there will be some very interesting trials during the next, of which I shall send you regular notices.

OUTRAGE IN WASHINGTON. A gross and brutal outrage was committed on Saturday night about 11 o'clock, at the corner of 3d st. and Pennsylvania Avenue, upon the persons of James E. Harvey, esq. formerly of the treasury department, and Mr. Sherman, an attorney at law, who were attacked by a body of ruffians, said to be from the Navy Yard, with bricksbats, bludgeons, &c. and seriously, one it is feared, fatally, injured. The cause of course was politics.

SERIOUS AFFAIR. A very unfortunate event occurred at Cabanus, N. C. Franklin Harrison was murdered by a John Craton. It seems that Craton had ingratiated himself with Harrison's wife, and was seriously disturbing his domestic happiness. Some difficulty was consequently in prospect between them. On the fatal day Craton attacked Harrison with a club, and striking him across the forehead, broke his skull. He lived 10 or 12 hours and expired. Craton has thus far avoided the officers of the law. Mrs. Harrison has been committed to jail on a charge of having been an accomplice in the murder of her husband.

SPECIE FOR EUROPE. About \$1,000,000 in specie was cleared from the port of New York last week for Europe.

SUDDEN DEATH IN WESTFIELD. Mr. Benjamin S. Hatfield of Scotch Plains, N. J. fell from his wagon on Thursday afternoon on his way home, and was so injured by the fall that he died in about six hours. Mr. H. was about 35 years of age and leaves a wife and a numerous circle of friends to mourn his loss.

NEW HAMPSHIRE. At the election just past in New Hampshire, a vote was taken on amending the Constitution and abolishing Capital Punishment. From the returns received we incline to the opinion that both have been negatived.

BALTIMORE LOCK HOSPITAL, NORTH FREDERICK STREET.

Two doors from the corner—where may be obtained most speedily remedies for Gonorrhoea, Gleet, Stricture, Seminal Weakness, pain in the Loins, affections of the Kidneys, and every symptom of a secret Disease. A CURE WARRANTED, OR NO CHARGE MADE, IN FROM ONE TO TWO DAYS. ATTENDANCE FROM 7 IN THE MORNING TILL 10 AT NIGHT. DR. JOHNSTON, A member of the Royal College of Surgeons, Licentiate of the Apothecary's Hall, London, and Graduate from one of the first colleges in the United States, may be consulted in all diseases incident to the human frame, but more especially in all cases of a SECRET DISEASE. When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an ill timed sense of shame, or dread of exposing others to him from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as aching in the throat, diseased, nocturnal pains in the head and limbs, dimness of sight, deafness, nodes on the skin, and aches, blotches on the head, face and extremities, progressing on with fearful rapidity, till at last the palate of the mouth or the loins of the back are the seat of the disease. In such a case, the patient becomes a horrid object of commiseration, till death puts a period to his dreadful sufferings, by sending him to "that bourne, whence no traveller returns." To such, therefore, Dr. JOHNSTON pledges himself to give relief, by the use of his medicine, and from his extensive practice in the first hospitals of Europe and America, he can confidently recommend a safe and speedy cure to the unfortunate victim of this horrid disease. TAKE NOTICE. Those persons who have injured their constitutions by a certain practice, speedily cured. SURGICAL OPERATIONS on the Eye, such as Squinting, Cataract, &c. Also, those of the Limb, such as Club Foot, &c., performed on the Poor free of charge. SKIN DISEASES SPEEDILY CURED. Take notice, on the right hand side of N. SIGNED OVER!! To an end, to wit, by all who, by the use of the pale and ghastly object, cause of the disease, and most violent cough, with night sweats, hoarseness and sound of the voice, indicated an alarming state of disease; my every man was plain with me, and stated that I had but a few days to live; my sister, who was my anxious care taker, made in the night, when she was unable to obtain the most certain relief, she was told of Dr. Swaney's Compound Syrup of Wild Cherry, a medicine in general use, which she immediately procured, and to the cure of coughs, colds, consumption, spitting of blood, influenza, palpitation of the heart, whooping cough, tickling, or rising sensation in the throat, bronchitis, asthma, weakness of the nervous system, or impaired constitution, on any cause, and to prevent persons from falling into a decline. She was informed if this medicine failed in the cure, my life was hopeless. Dr. SWANEY'S Syrup was then procured, and the first bottle given, and by the time, and commenced the fifth bottle, my cough had left me, and my strength so much improved, that I was able to take my usual exercise, and in a short time I entirely recovered my former health. For a corroboration of the truth of the above statement, you can call on the subscriber, who lives in a niper street, one door below King street, Philadelphia. 638

Be cautious to ask for the original Dr. Swaney's Compound Syrup of Wild Cherry, as all other preparations from this valuable tree are fictitious and counterfeited, prepared only by Dr. SWANEY, who resides at the north-west corner of Eleventh and Race-sts. In addition to the many certificates published in the papers of the day, he has in his possession a number from most respectable individuals, testifying to the virtues of these medicines, and which can be seen at his store. The subscriber also takes this opportunity to return his grateful thanks to a discerning public, who have extended to his medicines such a liberal support since their introduction into the city, and who are happy in the belief that they have been productive of much good wherever used. JOHNSTON of the LOCK HOSPITAL, North Frederick street, Two doors from Baltimore street, where may be obtained the most speedy remedy for Gonorrhoea, Gleet, Stricture, Seminal Weakness, pain in the Loins, affections of the Kidneys, and every other symptom of a secret Disease. A CERTAIN DISEASE. To the unfortunate victim of this horrid disease Dr. JOHNSTON can recommend a safe and speedy remedy which will eradicate every symptom of this awful complaint, without laying the foundation of other diseases; for, alas! it is too often the case that the poor misguided votary of pleasure, by the use of an unwholesome practice, who perhaps by chance may effect a cure, but from the remedies employed the constitution is left enfeebled, and a disease a thousand times more pernicious than the one he previously had pervades every part of his body, infecting his humor, and the contaminated stream of blood constantly rushing through the system, produces a complication of maladies which may never be cured and the unfortunate victim of this horrid disease is left a mere object of commiseration to the eyes of the charitable. To such, therefore, Dr. JOHNSTON pledges himself to give relief, by the use of his medicine, and from his extensive practice in the first hospitals of Europe and America, he can confidently recommend a safe and speedy cure.
