

WARD ORGANIZATIONS. The American Republicans in some of the wards of this city have formed associations and organized for business, and the example will no doubt be followed in every ward of the city.

THE MILLERITES. Scenes such as are represented in an article from a Portland paper, (published in another column,) are calculated to diminish confidence in the boasted superiority of mankind over the brute creation—for brutes could not conduct themselves more irrationally than the Millerites in Maine, as shown by the testimony given on the trial of one Damon, in the article above referred to.

ILLEGAL VOTING. The list of acts passed at the late session of the Legislature has shown us, that we were mistaken in supposing that nothing had been done in relation to frauds at elections. A bill was passed to prevent illegal voting, but what are its provisions we know not, but hope that they are sufficiently rigid to insure the object in view.

THE STREETS. The condition of the streets is abominable, and is likely to be worse, unless new contracts for cleaning them are immediately made. The law under which former contracts were made remains in force unless repealed by a new ordinance; and we would therefore suggest to the City Commissioners the propriety of advertising at once for proposals.

LECTURES ON MESMERISM. It will be seen by the notice in another column, that the celebrated lecturer and experimenter on Mesmerism, Prof. Debonneville, is now delivering a series of lectures on this much abused science, in the Masonic Hall.

THE MUSEUM. The popularity of the Saloon, continues unabated, and so it will remain, so long as the manager puts forth such attractive bills, as the one announced for to-night. See the advertisement in another part of to-day's paper.

RESIGNED. The Philadelphia Inquirer states that William L. Ashmead, Esq., the Agent of the Philadelphia and Baltimore Railroad Company has resigned his situation, in consequence of the contest between the said company and the Canal Company, which requires his personal attention to be given to the Ericsson Steamboat Line, he being largely interested in the same.

THE SLAVE TRADE. The National Intelligencer of yesterday has a communication from W. McLain, Secretary of the American Colonization Society, in which he introduces part of a letter, dated Jan. 24, from Mr. Roberts, Governor of Liberia. The Governor says: "You will no doubt be a little surprised to hear that the well-known brig 'Atalanta' left the coast a week or two ago for the 'Havana' with upwards of 400 slaves on board, and in sight too of a British cruiser. It had been arranged, it seems, a month or two before between the parties, that the 'Atalanta' should return to Cape Mount at a set time, land her officers and crew, deliver the vessel into other hands, receive a cargo of miserable human beings, and make the best of her way off the coast. This was done in a few hours. The 'Atalanta' being an old trader on the coast, and known by most of the naval officers on this station, was not expected by the officers of the men-of-war in sight; consequently no notice was taken of her, nor did they discover the delusion until the vessel was far, far away, beyond their reach.

Mr. McLain remarks—"Such is the statement of the fact, and all that Gov. Roberts says on the subject. It would have been pleasant to know who owned the Atalanta; who transferred her to the slavers; who was the captain of her, and what became of him and his crew. These questions could doubtless be answered by somebody in New York, as the Atalanta is a well-known vessel and has long been in the African trade. Time, and those who know, will doubtless reveal some facts which will throw light on the perpetrators of this guilty deed."

BOARDING SCHOOL FOR BOYS. We take great pleasure in referring our readers to the advertisement of Mr. JULIUS A. FAY, who is about to establish a Boarding School for boys, at Elizabethtown, N. J. Mr. Fay has, for several years, occupied a prominent place among teachers of the highest repute in our city; and his ability and faithfulness are evidenced in the high character of those who have heretofore patronized and recommended his School, their continued satisfaction with the mental and moral training of their sons, and the ardent attachment manifested towards their instructor, by the pupils themselves. We believe that Mr. Fay, with his substantial professional qualifications, his elevated moral and religious principles, and the refined attractions of his domestic circle, will enter his new field of labor with pre-eminent advantages and with flattering prospects of success; and we should be doing injustice to our own interest in the cause of sound education, as well as to our convictions of Mr. Fay's peculiar merits, did we not advise those parents, both in the city and country, who have sons to send from home, to commit them to the charge of Mr. Fay and his amiable family.

THEOLOGICAL WORKS. We refer to Parsons & Preston's advertisement of Theological Books in another column. Their stock comprises the best assortment in the city.

DEATH OF SENATOR BATES. Hon. Isaac C. Bates, U. S. Senator from Massachusetts, who had been lying dangerously ill at his lodgings in Washington for two weeks past, died on Sunday evening. Mr. Bates was possessed of fine talents, an amiable disposition, and was held in high esteem by his colleagues of both parties in the Senate. He had acquired an unbounded popularity in his own State, by the distinguished ability with which he served her in various important stations, and we doubt not the news of his decease, although not unexpected, will be received by her citizens with the deepest regret. Mr. Webster, his colleague, announced the melancholy intelligence to the Senate yesterday, after which that body adjourned. His funeral will take place to-day.

PROCEEDINGS OF THE U. S. SENATE YESTERDAY. We learn from the Madisonian of last evening, that on the meeting of the U. S. Senate, yesterday, after Mr. Cameron, Senator elect from Pennsylvania, was qualified, Mr. Webster rose and announced "that his late colleague, the Hon. Isaac Chapman Bates, a Senator from the State of Massachusetts, departed this life at his lodgings, in this city, at twenty minutes past six o'clock yesterday evening; and having reached the end of his earthly pilgrimage, he had gone to another and a better world."

THE CHARACTER OF THE DECEASED was portrayed in a manner simple, unaffected, and eloquent; and Mr. Webster, during the delivery of the remarks applicable to his late friend, had frequent occasion to pause and weep. Although profound silence prevailed in the Senate Chamber, many of his words were denied audible utterance by his emotions of sorrow.

Mr. Huger availed himself of the occasion to express his deep regret at the melancholy event and to bear testimony to the uprightness, honor, intelligence, and urbanity of his departed friend.

Mr. Evans, to evince a proper mark of respect on the part of the Senate to the memory of the deceased, and express the loss which the Senate, in common with the country, had sustained, submitted a series of resolutions; that the Senators attend the funeral to-day (Tuesday) at 12 o'clock; and wear crape on the left arm for one month. Messrs. Evans, Mangum, Woodbury, Barrow, Sevier, and Cass, were appointed a committee to make arrangements for the funeral. The Senate then adjourned.

THE COMMUNICANT'S COMPANION—By the Rev. Matthew Henry, with an Introductory Essay, by the Rev. John Brown, Edinburgh. This work appears to be well calculated to produce that calm, contemplative, and grateful condition of the mind and affections, so necessary to the communicant who would receive the Lord's Supper in an acceptable manner; and it should therefore be read by those who are seriously disposed, and seek to connect themselves in a more solemn manner with the Christian community. The volume may be had at the bookstore of Messrs. D. Owen & Son, No. 56 Baltimore st.

A SYNOPSIS OF POPERY as IT WAS AND AS IT IS—by William Hogan, Esq., formerly Roman Catholic Priest, Boston; published by Saxton & Kelt. This pamphlet has been laid on our table by Messrs. Cushing & Brother, but not having read it we cannot speak as to its merits.

CITY INTELLIGENCE. Public Schools. The exhibition of the mode of teaching in the Public Schools, was resumed yesterday morning. The exercises at Public School No. 5, on the corner of Monument and Forrest streets, were of a highly interesting character. The Male Department, under charge of Mr. Thos. H. Robinson, as Principal, and Benjamin Charles, Assistant, numbers 212 scholars. In the female department, of which Miss E. Jouris is Principal, and Miss L. Simpson and Miss Frances, Assistants, there are about 212 scholars. The exercises in the various branches of English education, were alike creditable to the scholars and teachers, and received the most flattering commendations of the School Commissioners in attendance.

School No. 6. There are in the male department of this school, situated on Ross st., near Biddle, 220 scholars. Mr. E. Y. Reese, principal, and Mr. Wm. R. Creery, assistant. The classes under the Principal were ready in their exercises, and correct in their answers. The explanations in algebra and demonstrations in geometry, were evidently the result of an acquaintance with those studies. The classes under the more immediate care of the assistant gave evidence that their proficiency could not have been attained but by great industry on the part of teacher and pupils, and reflected much credit upon both. An amusing dialogue was conducted between two young masters. Mr. W. K. Keiser addressed them.

The female department numbers 130 scholars; and has undergone an entire change of teachers since the last annual examination. Miss Eliza Adams is principal, and Miss Anne Eliza Cockey, assistant. These ladies have but recently assumed the arduous and responsible duties of teachers; but if we may judge of the condition of the school, the proficiency of the scholars, as well as their tact as disciplinarians, the female department of No. 6 is in excellent hands. The usual exercises were gone through with in a most creditable style; and in reading, several of the young misses, in the first class, did remarkably well. Messrs. Toner, Keiser, Ireland, and McJilton, of the school commissioners, were present and participated in the ceremonies.

City Court. There was nothing of interest done in this Court yesterday. Much impediment to business results from the non-attendance of witnesses, and we are requested to say to those interested in the cases of Shade and Harkeley, Back, Price, Moffitt, Wilson, Walsh, and Southdye, that if they fail to answer when again called, they may expect to be attached, and put in for costs, &c. The Court meets this morning, at 10 o'clock.

Reprehensible Conduct. On Sunday afternoon, four persons hired a one horse carriage from Mr. Henry Baker, in Old Town, and proceeded out to Govanstown. On their return in the evening, they became so spirited, that a rapid and furious drive through various streets of the city, irrespective of life and limb, was the consequence, until the police interfered and seized the horse by the reins, when the whole party jumped out, and at an equally rapid rate ran, escaped the clutches of the officers. As warrants, however, have been issued for Mr. J. Jones, they may yet learn that although a "borrowed horse never tires," the city is no place to try his speed, and particularly on the Sabbath day.

The Weather—Snow. Yesterday was St. Patrick's Day, and the weather, as is not unusual on the anniversary of the birth of Ireland's patron Saint, exhibited its freaks in a variety of shapes. First, about 7 o'clock, snow commenced falling rapidly, and so continued for an hour or more, covering the ground to the depth of an inch. Then a little sunshine succeeded, followed by a slight rain, and finally the clouds were dispersed and the sun came out with warmth and brilliancy, melting away the snow and drying up the sloppy streets by noon. In the afternoon, however, the atmosphere was cool, and the wind raw and unpleasant, notwithstanding the sun continued to emit his warm rays as a protection to the "early buds and flowers."

Detention. The cars from Cumberland were detained until about 10 o'clock, on Sunday night, in consequence of breaking the front axle of the tender, about 8 1/2 miles this side of Harper's Ferry. No other damage done, and nobody hurt. The cars from Philadelphia were detained yesterday afternoon until after 4 o'clock, on account of the water in the locomotive becoming exhausted.

Dangerous experiment. A young man, while playfully pushing the cars about at the outer depot of the Washington route, on Sunday, caused an engine to start with such velocity as to run it off the track and down a hill; he narrowly escaped injury in an effort to stop it. A heavy penalty attaches to injuries of this kind, but as it was not designed in this case no legal proceedings will be taken.

Assault. William C. Merritt was arrested yesterday, by officer Gross, charged with an assault of an aggravated nature upon Henry Clay Niles. He was, in default of security, committed to jail by Allen Elder, Esq., to appear at the Saturday Court.

Robbery. The tailoring establishment of Mr. S. Taylor, South street, was entered during the night of Sunday, and robbed of a large quantity of valuable goods, &c. We trust the perpetrators may be detected.

Pitching Cents. A colored boy, by the name of John Chapel, and a white youth, by the name of Christian Lightner, were arrested on Sunday by officers Taylor and Stockert, for pitching cents, in a lot adjoining Green Mount Cemetery. Chapel was committed to jail, and Lightner released.

Who Lost it? We examined yesterday a large brass coil scuttle, at the office of Justice Wright, which was taken from a person supposed to have no legal right to it.

"STATEMENT OF FRANCIS THOMAS." This is a pamphlet of upwards of 50 pages, written by ex-Governor Thomas, of Maryland, in relation to his domestic affairs, in which the conduct of Gov. McDowell, of Va. and his family, together with Col. Benton, and other dignitaries, is severely arraigned, and all matters in relation to his marriage, and its subsequent unpleasant events, explained and commented on with force and vigor. It can be had at this office—price 25 cents.

PATAPSCO FIRE COMPANY. The members of the Company and the members of the Library Association, will assemble THIS DAY, at 10 o'clock, in the Library Room, in citizens dress, to attend the funeral of our late fellow member, Wm. F. SMITH. By order, HENRY M. MILNOR, Secy.

FIFTH WARD. An adjourned meeting of the "American Republicans" will be held THIS EVENING, 18th inst., at 7 o'clock, at Habbersett's Hotel, No. 124 High street. The committee appointed at last meeting to edit a citizens dress, and by the support, and the association for the Ward be permanently formed. All those favorable to the American Republicans, are respectfully requested to attend.

I. O. R. M. The members of Pocahontas tribe No. 1, O. R. M. are hereby notified to meet at their Wigwag, in citizens dress, on WEDNESDAY, at 8 o'clock, to attend the funeral of Brother WILLIAM F. SMITH. The members of the sister tribes are respectfully invited to attend.

CAPS OF LATEST SPRING STYLE, suitable for Ladies, only 5 cts. each; Gloves 6 and 10 cts. each; super Elastic Suspenders 25 and 31 cts.; Patent Elastic do. only 74; black Satin Stocks 50 a 62 cts. each; gentlemen's Collars, new style, 15 and 24 cts. each; Scarfs 50 cents each; Gloves, various prices; Scissors 12 cts. each; Hair Pins 8 and 12 cts. each; Steel Rings and Tassels; Steel Combs of various numbers; also all kinds of Brass Combs and Fancy Goods, run off at low prices for cash.

The Resolutions of the Maryland Institute of Education, which we insert below, bestow a merited compliment. The well earned reputation which Mr. FAY has acquired in his country, and the guarantee of the success that awaits him in the extended field, which it will be seen in our advertising columns he has selected for himself.

FREE TREATMENT BY MAGNETISM. Prof. DE BONNEVILLE, having treated with success by Magnetism several thousand persons for nervous diseases, since his residence in the United States, will give a free treatment during the first course of public lectures, Ladies ONLY, on the 21st inst. at 8 o'clock, Thursday and Saturday. Gentlemen only will be received on Wednesday and Friday. Free treatment from 10 to 12 o'clock, A. M. mh18-3t
