By the Comptroller's October apportionment of the public school fund Harford County will receive for running schools \$5,194.38.

Governor Harrington has appointed Miss Daisy Archer a notary public. Miss Archer held this office during the latter part of Gov. Goldsborough's administration.

The Democratic meeting to be held at Havre de Grace next Monday evening has been called off, the meeting to be held there at Aberdeen later, due notice of which will be given.

The County Commissioners on Monday appointed Mr. S. M. Kahoe clerk to the supervisors of assessors at \$75 per month, beginning October 10th, and lasting during the assessment.

Hog cholera has again invaded Harford, several cases having appeared in the vicinity of Edgewood and Level. Several hundred hogs were lost in the county last fall by this disease.

Commencing on Sunday revival services will be held at Mt. Tabor Church by the pastor, Rev. G. W. Sheridan. The revival services which have just closed at Deer Creek Church resulted in thirteen conversions.

On motion of Mr. P. H. Close, Mr. John M. Richardson, son of Mr. and Mrs. J. S. Richardson, of Bel Air was admitted to the local bar on Monday. Mr. Richardson is at present connected with the Maryland Casualty Company.

The Chairman of the Democratic State Central Committee has announced that the County Mass meeting for Harford will be held in Bel Air on the night of Tuesday, October 24. The visiting speakers will be Congressman Talbot, Lewis and Heflin.

The many friends of Mr. Ross Cameron, who is a frequent visitor to Bel Air, learned with regret a few days since that he was seriously ill with appendicitis. A successful operation was performed at the Union Protestant infirmary and he is now on the road to recovery.

The evening session of the joint convention of Christian Endeavor and Epworth League announced for 27th instant will be held in the Bel Air Armory as the audience will doubtless more than fill any of the churches. The two organizations are arranging a fine program for the occasion.

State Forester Bestler, in a public letter, calls attention to the desirability of planting forest and roadside shade trees in the fall rather than in the spring, and states that the State Forestry Board has a large number to dispose of in this way at cost, which is little more than nominal.

Bel Air M. P. Church, Rev. B. W. Kindley, pastor, Sunday, October 15, Providence-Sunday School 9.30, Rally Day Exercises 10.30 A. M.; Revival Services, 7.45 P. M. Union Chapel-Sunday School 2, Rally Day Services 3 P. M. Bel Air-Sunday School 10 A. M.; Evening Services, 7 o'clock.

Lawyer, the Chicago man says of last week's market. "Fat cattle of good kind sold higher than any week this year. This means that they were higher or than any time in the market. Many fat steers went over the scales from \$10.75 to \$11.35." Good medium steers, weight about 850, sold from \$9.50 to \$9.85.

A most enjoyable evening is in store for those who attend the big dance that is to be held at Fallston, Friday evening, October 13th in Shanahan's Hall. The music, which has been specially selected, will come from Baltimore, prepared to begin playing for the dances at 8.30 sharp and continue until the wee hours.

Mr. Frank Longley, originally of Rosnoke, Va., but for several years an active business man in Upper Harford until recalled to his old home by the death of his father, has been in Harford on a business trip this week. His many friends feel that he really belongs to the county and hope to see him re-establish his home in Harford.

Judge Bond, of Baltimore, on Saturday refused to grant a preliminary injunction restraining the Public Service Commission from enforcing their new schedule of tolls to be charged on the Havre de Grace bridge, and they went into effect the next day. The case will come up on appeal and be tried on its merits in the near future.

Although it has been difficult to get definite figures on the recent registration indications are that about 100 more Democrats than Republicans registered in Harford. At Bel Air 18 persons registered the first day, 10 being Democrats, 1 Republican, and one Decline. On the second day 16 Democrats, 12 Republicans and 2 Declines registered.

The glad news that the First Regiment M. N. G. had been ordered home, and that members of Company D would soon fill their accustomed places in our midst was hailed with delight by Harford citizens. Although our citizens are justly proud of the showing the boys have made as soldiers, their return to civilian life will be much more gratifying.

The State Sunday School Convention will meet in the Lutheran and Methodist Protestant Churches of Westminster, on October 16-18. Several hundred active workers are expected to be present. The principal speakers will be Mr. W. C. Pearson, of Chicago, and the new General Secretary, Rev. E. Morris Ferguson will also take an active part.

Howard Kelly, son of Dr. Howard A. Kelly, sustained painful bruises and a severe shock when he was thrown from his motorcycle at Linden avenue and McMechen street, Baltimore, on Monday. In order to avert a collision, with a motor truck young Kelly was thrown heavily from his machine. He was taken to his father's hospital where he received treatment.

Mr. Thomas C. Hopkins, treasurer for the Harford County Racing Association, has filed his report for 1916 with County Treasurer W. J. Shanahan and turned over a check for \$4,027.55 to balance the year's account. This amount will be divided into five equal sums of \$785.51 to be applied to the roads of the five districts. During the year 1916 the county's total receipts from the race track amounted to \$6,027.55.

Mr. Harold Francis, vice-principal of the Bel Air High School last year, was knocked down by an automobile while getting off a street car in Bridgeport, Conn., about ten days ago and had his leg broken in two places. So serious were the breaks it is feared he will be unable to return to work before January. In the meantime the Du Pont Powder Company, by whom he is employed, is continuing his salary and footing the expense account.

Dr. Herbert Hoopes, of Kalmia, has offered a registered Jersey bull calf to the Harford county winner in the Boys' Corn Club contest which will be decided about the first of November. Unfortunately the number of boys competing in the county is rather small, as we had no county agent to look after organizing clubs in the spring, but some of the boys who are engaged in the work have exceptionally big crops. Next year still better club work is anticipated.

Miss Virginia Cairnes, a native of Harford, in the vicinity of Jarrettsville, where she is widely connected, but for some years past a resident of Baltimore, and Mr. Walter R. Swift, of Honesdale, Pa., were married in the Cantonville Methodist Episcopal Church at noon on Wednesday. Miss Cairnes entered the church on the arm of her brother, Mr. R. Milton Cairnes, by whom she was given in marriage and her sister, Miss Lella Cairnes, was her only attendant.

After having prepared an editorial on the political situation which is published elsewhere, we received a letter from Mr. T. B. Lynch, National Chairman of Political Clubs and Organizations, in which he strongly urged their immediate organization and offered to furnish promptly all necessary organizational supplies, etc. He adds, "The viciousness of the effort to defeat the President passes all bounds. We must vindicate America by re-electing him." Let every good American in Harford feel that this is a personal call to him.

Mr. John Paea Mitchell, now of Baltimore but for many years a resident of Harford, near Boothby Hill, was a visitor at our office on Wednesday. Mr. Mitchell is selling a device called a help-a-phon to be attached to the receiver of an ordinary phone by means of which it receives value is greatly increased. The little receiver when desired is applied to the operator's second ear thus shutting out all outside sounds and giving a chance to hear the message through both instead of only one ear. In a busy office or a bustling living room one often longs for a half dozen ears.

The contract to build a state road from Rees' corner, starting just west of the old Center Church, via Rocks towards Ramsay's corner, has been awarded by the State Road Commission to a New York contractor and work has been begun. There are only \$75,000 due Harford and we understand that at present funds are available to build to the Rocks. Its course will diverge considerably from the ordinary roadbed and an excellent grade will be secured by passing over the lands of Mrs. Rees and Messrs. James Whalen and Walter Bailey, re-entering the main road near the residence of Mr. Joseph Harkins. The \$1,500 necessary to secure the new right-of-way has been granted by public-spirited residents interested in the road.

THOMPSON-HOWARD. Miss Isabel Howard, daughter of Mr. and Mrs. John C. Howard, of Forest Hill, and Mr. Harry Lee Thompson, of Bel Air, surprised their many friends on Saturday by motoring to Frederick and being quietly married. The ceremony was performed by Rev. J. O. Wrightson. Mr. Thompson is engaged in the automobile business.

BAILY-FISHER. Miss Augusta L. Fieseler, of Annapolis, and Mr. Harry M. Bailey, son of Mr. Annie E. and the late Silas R. Bailey, of Aberdeen, were quietly married on last Friday at the parsonage of Williams Street M. E. Church, Baltimore, by Rev. W. G. McNeil. Only members of the immediate families were present. After the ceremony Mr. and Mrs. Bailey left for a southern trip, and upon their return will reside in Baltimore.

COURT NEWS. On Monday a jury rendered a verdict of \$100 against the American Telegraph and Telephone Company in favor of John T. Skinner and Son. The testimony showed that an employee of the telephone company hired a horse from Skinner and drove it a distance of 38 miles so fast it was foundered. Soon afterwards an animal died from the effects of the trip. The petit jury was dismissed at the conclusion of the case until Wednesday the 18th.

PERSONAL MENTION. Mrs. R. Harry Webster entertained at cards on Monday afternoon in honor of Miss Peggy Neal.

Mr. and Mrs. H. S. O'Neill left on Saturday for a motor trip to Staunton, Va.

JOINT MEETING OF REPUBLICANS. With great bustle and good humor a large number of Republicans from York and Harford counties assembled at Lloyd's Hall, Cardiff, on Wednesday evening to learn how difficult it will be in November for them to defeat the Democratic ticket. The meeting was presided over by Dr. W. C. McCurdy while Mr. D. G. Harry introduced the speakers, among whom were: Roosevelt's non-lawyer, Hon. Nicholas Longworth, Mr. William H. Lawrence and Dr. Joseph I. France, from Maryland, and ex-congressman B. F. Lafean and Samuel M. McCall, candidate for congress, from Pennsylvania.

FARM LOAN BOARD TO MEET. The Federal Farm Loan Board, with Secretary McAdoo presiding, will conduct a public hearing in the Federal building at Baltimore on Wednesday, October 18th, for the purpose of obtaining information as to the farm loan needs of the farmers of Maryland. The question of boundaries of the Land Bank Districts and the location of the banks will also be discussed and special attention will be given to explaining the details of the Farm Loan Act, and towards finding out the financial needs of the farmers of Maryland. It is hoped that this community may have several representatives present at this important meeting.

COUNTY COMMISSIONERS. Road checks were issued as follows: D. R. Gilbert, \$76.50; Isaac S. Lee, \$71.50; J. R. Phillips, \$104.95; Howard Jones, \$68.

Kuehn, belt for engine, \$5; Democratic Ledger, printing contract, \$26; Bel Air Water & Light Co., \$39.51; R. S. Atkin, sheriff's account, \$617.35; Henry M. Taylor, Darlington road improvement, \$310; William Joseph, seed wheat, Snowy Home, \$67.50; James Landers, Snowy's Mill bridge, \$22.

ANOTHER AUTO ACCIDENT. A family carriage belonging to Mr. William H. Tucker, of near Hickory, was damaged to the extent of about thirty dollars on Sunday night by an automobile which struck the rear wheel with its machine. Just after turning out of his lane Mr. Tucker passed to talk with a friend sitting in an automobile drawn off to the side of the road. When the second machine was seen approaching Mr. Tucker pulled well off to the side behind the standing machine but left his rear wheel projecting out slightly.

Claiming that he was blinded by the lights of the other machine Mr. S. Jones, who was driving the second car crashed into Mr. Tucker's vehicle. The carriage was badly broken and Mr. Tucker considerably injured by being thrown to the pike. Jones refused to make good the damage, and on Monday Mr. Tucker swore out a warrant for his arrest charging him with running a machine recklessly.

MILK SHIPPERS CALLED TO ARMS. So aggressive has been the work of the executive committee of the Maryland and Pennsylvania Dairies Producers' Association, five of the large dairies evidently endeavoring to head off the big meeting called for Saturday, the 14th, on Tuesday issued a statement through the daily press saying they would grant the shippers' demands for ten months. Nothing was said, however, concerning the remaining two months.

Realizing that this would leave the average price of the year still under the control of the dairies, who in all probability would class a great quantity of milk as "surplus" and give a starvation price for it, officers of the association immediately issued an urgent call to all shippers to attend Saturday's meeting. In case the dairies refuse the demands the shippers contemplate taking drastic steps immediately.

The Maryland and Pennsylvania Railroad will sell special excursion tickets to shippers who travel on first through train.

HOW TO DESTROY FLIES. During a pleasant visit to our office several days ago Mr. William L. Ains, who has just returned from an important business trip to Alabama, gave some valuable suggestions on the method of destroying flies successfully employed in Mobile. Fly traps about 18 inches square are placed at intervals along the side walls of streets, in which fish or other bait are placed, and thus flies are drawn out of houses instead of into them and caught in large numbers. A town employee goes along every few hours and destroys the flies by holding a torch under the trap. It is quite wonderful to see what preventive steps are now being taken in Southern cities to escape the danger of yellow fever and other scourges which formerly invaded them with disastrous results.

The home campaign on "Swat the Fly" which was pushed with such vigor a year ago evidently accomplished all that could have been asked, as the scarcity of flies has been very noteworthy during the past summer.

A two-ton freight truck belonging to the Baltimore and Bel Air Auto Express Company was completely destroyed by fire at Bagley on Tuesday evening. While the machine was backed up to Bagley's store preparing to unload some goods, Mr. Oscar McCommas, the driver, noticed a sudden increase in heat and feeling free pulled the machine into the road away from the store. Leaping to the ground Mr. McCommas jerked open the hood, and as he did so the front of the machine burst into flames. So terrific was the blaze he was unable to secure a fire extinguisher on the front of the truck, and in little or no time the powerful car was a twisted mass of ruins.

At the time of the fire the machine was loaded with about three tons of goods consisting of 250 milk cans, a consignment of wire and a lot of refuse goods. The loss on the truck was covered by insurance, but the freight was uninsured. It is supposed the blaze started from the engine "back firing."
