

Abilian & Telegraph. CUMBERLAND, MD. Thursday Morning, Oct 4, 1860. Advertisers & Business Men. For circulation and Telegraph, with a circulation of ONE THOUSAND, among the farmers, mechanics, manufacturers, and other substantial business men of this and adjoining counties, is confidently recommended as a medium of Advertising unsurpassed by any other paper in Western Maryland. It reaches among its readers those who are able to pay liberal and prompt attention to business custom would be valuable to business men.

disregarded his admonitions; when in defiance of his property he fired upon them with a shot gun, when they, in retaliation, stoned his house and broke his windows. Six of the party have been arrested and placed under bonds to keep the peace.

A SERIOUS CHARGE.—Considerable excitement was manifested in our city on last Friday occasioned by an examination of a young man by the name of John Gross, who was charged by a young lady by the name of Miss Ellen Sliger for attempt, on the 11th day of last February, to commit a rape on her. A number of witnesses were examined, and in the opinion of the magistrate the young man proved an *alibi*, and the case was dismissed. The general impression is that an infamous attack was made at the time specified upon the young lady, but that she was mistaken in the person having had no previous acquaintance with Mr. Gross; there may have been some resemblance between him and the person making the attack.

HON. HENRY W. DAVIS SPEECH.—On last Thursday night, Hon. H. W. Davis, delivered before his constituency in Baltimore one of the most eloquent speeches which we have ever been permitted to read. It proves Mr. Davis to be what we have ever thought of him—a master mind, and a statesman far above the generality of those who are far too much in the present day. Estimating the speech as we do, and thinking that we cannot do our readers a more acceptable service, rather than give a synopsis, or detached portions of it, we have concluded to lay the whole of it before them in our next issue, and bespeak for it a candid and careful perusal.

MARYLAND STATE AGRICULTURAL FAIR.—Our thanks are due to Samuel Sands, Esq., for a ticket to attend the Fair of the State Agricultural Society to be held in Baltimore on 30th and 31st October, and 1st and 2nd of November, 1860. We shall try to be present.

AMERICAN FARMER.—We have received the October number of this venerable and excellent periodical. The first in the field it has not suffered itself to be out done by its competitors who have entered the count since it commenced its career. We recommend it to the farmers of Allegany as well worthy their patronage.

YOUNG MEN'S CHRISTIAN ASSOCIATION.—The Rev. Mr. Weidell will preach a sermon before the Young Men's Christian Association on next Sunday night, in the English Lutheran Church. The public is invited to attend.

BIBLE AGENT.—Mr. Joseph Lincoln, who has been appointed by the Maryland Bible Society as their district agent for this county, has called upon the discharge of his duties. We commend him to the favorable regard of all friends of the cause.

Female Health! Female Health! Thousands of females suffer from derangements peculiar to the sex. First, and most common among these is, Female Weakness or Whites an Leucorrhoea, with its constant attendants, Lassitude, Prostration, Lame or Weak Back, and General Debility. No one can be entirely well who thus suffers, and in hundreds of cases health is utterly undermined. Old-school medicines and drugs do but little good—often much injury; but HUMPHREY'S SPECIFIC HOMEOPATHIC FEMALE PILLS are just the thing, relieving promptly, and curing permanently. A dollar's worth will do more good than quart of nostrums, or six months' attendance on a doctor. Six boxes for \$1. Single boxes 25 cts.

N. B.—A full set of Humphrey's Homeopathic Specifics, with Book of Directions, and twenty Remedies, in large three-dram vials, and morocco case, \$5; do. in plain case, \$4; case of fifteen boxes, and book, \$2.

"Re-remembered the Evergettes" was beautifully said of Howard the Philanthropist—It also applies to every who brings the amelioration, comforts and enjoyments of life with in the reach of persons and classes who are otherwise deprived of their advantages. Especially may it be said of him who laboriously seeks and finds new means of preserving health, "the poor man's capital and the rich man's power." We think this eulogium properly applied to J. C. Ayer of Lowell, the renowned chemist of New England, who, spurning the trodden paths to fame, devotes his entire abilities and acquirements to the discovery of Nature's most effectual remedies for disease. When the hidden blessing has been revealed, he proceeds to supply it to all mankind alike, through our druggists, at such low prices that poor and rich may alike enjoy its benefits.—Journal & Enquirer, Portland, Maine.

It is a Common Observation that there are more sufferers from debility, Americans than from any other civilized nation. The reason is obvious. We take too little exercise, and forget the wants of the body in the absorbing pleasures of business. In all such cases, ordinary medicines can do little good. What is required is just such a tonic and invigorator as Dr. J. Hostetter has given to the world, in his CELEBRATED STOMACH BITTERS. The weak and nervous denizens of the counting house, the exhausted toiler upon the shop-board, and the prostrated student of the midnight lamp have found a wonderful restorer in the "Bitters," and prefer it to more precious, but less efficacious medicines. But it should not be forgotten that the agent which is so magical in its influence upon a frame which is debilitated, is equally powerful in assisting nature to expel the most terrible forms of disease. Who would not give it a trial, Sold by druggists and dealers every where.

MRS. WINSLOW. An experienced nurse and female physician, has a soothing Syrup for children teething, which greatly facilitates the process of teething, by softening the gums, reducing all inflammation, will allay all pain, and is sure to regulate the bowels. **The University's Family Remedies:**  
STOMACH BITTERS.  
The proprietors and manufacturers of HOSTETTER'S CELEBRATED STOMACH BITTERS can speak with perfect confidence to physicians and citizens generally of the United States, because the article has obtained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes here asserted or more fully than the consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in time past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recognize its efficacy, but are ready to testify to its efficacy in all cases of stomachic derangement and the diseases resulting therefrom.

This is not a temporary popularity obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be enduring as time itself.

Hostetter's Stomach Bitters have proved a Goldenrod to regions where fever and ague and various other malarial diseases are ready to their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to state the truth, and to state an allied pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, in a condition essentially adapted to the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to their normal and healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find it a tonic and generally agreeable. It is especially adapted to the young, in declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangement and general debility; acting under the direction of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the mother, especially if she is young, is apt to forget her own health in her excessive anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Hence, it is necessary for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to-wit: sufferers from fever and ague, dyspepsia, malarial fever, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and those who are afflicted with their own physical weakness by giving to Hostetter's Celebrated Stomach Bitters a trial.

Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, South America, and Germany.

Sold by HEALY & SHIRVER, Cumberland, Md. Also, Lowndes & Clark, Frostburg, Md.; Keshner and G. W. Leister, Clearspring; J. S. Hedding, Hancock, November 24, 1859-1860.
