

HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOSTETTER'S CELEBRATED STOMACH BITTERS see and speak with perfect confidence to physicians and citizens generally of the United States, that the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be enduring as time flies. Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the Bitters are a certain cure for Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature. The Bitters daily see directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few have written the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her excessive anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorants, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhoea, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, and suppurated glands, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.

CAUTION—We caution the public against using any of the many imitations of Hostetter's Stomach Bitters, and that the bottle has the words "Dr. J. C. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

Prof. L. Miller's HAIR INVIGORATOR.

AN EFFECTIVE, SAFE AND ECONOMICAL COMPOUND.

FOR RESTORING GRAY HAIR to its original color without dyeing, and preventing the hair from turning gray.

FOR PREVENTING BALDNESS, and curing it, when there is the least particle of vitality or recuperative energy remaining.

FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections of the Scalp.

FOR BEAUTIFYING THE HAIR, imparting to it an unequalled gloss and brilliancy, making it soft and silky in its texture and causing it to curl readily.

The great celebrity and the increasing demand for this unequalled preparation, convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation at present in use. It cleanses the scalp from dandruff and other cutaneous diseases, causes the hair to grow luxuriantly, and gives it a rich, soft, glossy and flexible appearance, and also, where the hair is loosening and thinning, it will give strength and vigor to the roots, and restore the growth to those parts which have become bald, causing it to yield a fresh covering of hair.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the hair from turning gray until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty restore it to its original hue, giving it a dark, glossy appearance. As a perfume for the toilet, and a Hair Restorative, it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in dressing the hair, which, when used with the Invigorator, can be dressed in any required form, will preserve its place, whether plain or in curls—the great demand for it by the ladies as a standard toilet article which none ought to be without, as the price places it within the reach of all, being

ONLY 25 CTS. per bottle, to be had at all respectable druggists and perfumers.

L. Miller would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the children's Hair inclines to be weak. The use of it lays the foundation for a good head of Hair, and removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of his Hair.

CAUTION—None genuine without the facsimile of L. Miller being on the outer wrapper; also, L. MILLER'S HAIR INVIGORATOR, N. Y., blown in the glass.

Lighte & Bradburn's Grand and Square Piano-Fortes.

The Insulated Iron frame prevents the ordinary tone of the Piano-Forte which is so objectionable, securing it for all time against that most disagreeable quality of tone invariably found in all other Iron frame Piano-Fortes. It greatly strengthens the case and thus keeps the Piano-Forte much longer in tune. It gives the instrument a much fuller, richer and sweeter tone. It adapts the Piano to all climates and to all changes of atmosphere, and in all respects it is pronounced by our best artists to be the greatest improvement of the age in Piano-Forte construction; producing an instrument acknowledged to be superior to all others made in this country or Europe.

As testimonials in regard to the superiority of our New Patent Insulated Piano-Fortes. "I have examined the Piano-Fortes of Lighte & Bradburn's with entire satisfaction. I know that there are no other better, either in our own country or elsewhere."—**DR. LOWELL MASON.**

"In cleanliness, richness, and volume of tone, and in delicacy of touch, and in repeating action, I have never played upon their equal."—**H. A. WOLLENBAUER.**

"In volume, richness, evenness, and purity of tone, and in delicacy of touch they certainly excel, and in that beautiful singing quality so desirable yet so seldom found."—**Wm. MASON.**

"I have never played upon so rich and heavy a tone Square Piano-Forte."—**ARTHUR NAPOLK.**

"I am astonished and delighted with the New Scale Iron Frame Piano-Fortes made by you. There must be a splendid future for Lighte & Bradburn's Piano-Fortes."—**GEO. F. BOON.**

"I have never played upon so fine an instrument."—**GEO. F. BASTROW.**

"I consider them as to beauty, richness, fullness and equality of tone, as well as to their tone, and in delicacy of touch, far superior to any Piano made in this country or Europe."—**KARL WELLS.**

"In power, quantity, and quality of tone, they are in every respect far superior to any other rich and singing tone so invaluable as an accompaniment to the voice, I have never met their equal."—**C. BASSINI.**

THE SOLDIER'S TRUE FRIEND.

ALWAYS READY.

HOLLOWAY'S OINTMENT.

LONG MARCHES, sore and stiff joints, blisters, and inflammation of feet. All the soldier must endure. Mothers, remember this, when your sons are grasping their muskets to meet danger; think what relief a single spot of this Ointment and cooling Salve will give to the exhausted soldier when he returns home and friends. It hardens and makes tough the feet, so that they can endure great fatigue. It soothes and relieves the inflamed and stiffened joints, leaving them supple, strong and vigorous, while for

SABRE CUTS AND GUNSHOT WOUNDS it stands unequalled, removing and preventing every vestige of inflammation, and gently drawing the edges together, it quickly and completely heals the most frightful wounds.

Wives and Sisters of our Volunteers. You cannot put into the Knapsack of your Husband and Brother, a more valuable or more necessary gift than a supply of this

Extraordinary Military Salve. The lonely soldier walking his rounds at night, exposed to drizzling rains and chill night air, is often seized with most violent pains, cough and suffocating hoarseness, first symptoms of a cold, which, if not relieved with HOLLOWAY'S PILLS and HOLLOWAY'S OINTMENT, all danger is averted, a few Pills taken at night and morning, and the Ointment briskly rubbed twice a day over the throat and chest will remove the severest pain and stop the most distressing or dangerous cough. Therefore we say to the whole Army.
