LOCAL INTELLIGENCE.

TO ADVERTISERS.—The Circulation of the CIVILIAN AND TELEGRAPH is more than twice as large as that of any other paper published in this city or county, and therefore presents greater advantages to the Advertising Public than is offered through any other medium. A word to the wise is sufficient.

REGISTRATION OFFICERS.

Remember that the law requires that you give at least ten days notice of the time and place of your meeting for registering the names of voters. Send in your orders at once.

OFFICERS OF REGISTRATION FOR ALLEGANY COUNTY.—The following is a complete list of officers of Registration for the respective districts of this county. At least one officer from each district is expected to be in this city to-morrow to attend a meeting for the purpose of consulting together, and adopting such rules and regulations as will facilitate the work of registration as well as make their action uniform:

DANCING ACADEMY.—On yesterday we paid a visit to Prof. Nott's Dancing Academy, in McKays Block, on Baltimore Street, between Mechanic and Liberty, and we found present a large number of young ladies and Misses, who were learning to trip the "light fantastic toe." The Professor has had his classes in hand but a short time, and yet his scholars move with grace and accuracy through the most difficult figures. Their rapid progress reflects great credit upon his skill and ability. The second session of his school will soon commence, and we advise all our young lady friends to prepare for the festivities of the coming winter.

REDUCTION OF WAGES.—A few days since, the employees in the machine and work shops of the Baltimore & Ohio Railroad Company were notified that their pay would be reduced a certain per centage, from the 1st day of July. Quite a large number of the men employed in the works in this city and in Piedmont immediately quit work, thinking the reduction entirely too great and unreasonable.

SOMERSET COUNTY NORMAL SCHOOL.—We take much pleasure in directing attention to the advertisement of the above institution. Its character and reputation are guarantees sufficient to induce the patronage of a public who appreciate the value of education. The session will commence on Monday, the 7th of August.

The Metho. i. e. Ep's. sopal Sabbath School had a jovial picnic, a short distance from the city on Thursday last, and the participants of all ages returned highly delighted with their experience.

The English Lutheran Sabbath School, on yesterday, went to the woods about a mile East of the city, and enjoyed a real old-fashioned picnic, with mountains of eatables and casks of drinkables.

Mr. T. A. KELLER is now running a tri-weekly stage line from New Creek to Romney and Moorefield and return, and persons having occasion to visit that part of the country will find the conveyance easy and pleasant.

THE CANAL is still doing an excellent business and this port presents quite a lively scene. Boats are almost constantly departing loaded to their full capacity with the product of our rich mines.

During the last week 157 boats cleared this port for Georgetown, carrying 17,208.15 tons of coal. The total amount shipped during the entire season is 123,791.10 tons. On Thursday last the Board of Directors of the Company held a meeting in Washington city, and had under consideration the revision of the rates of toll. No definite action was taken however, and the subject will probably come up again before a general meeting.

The free labor system is working well in the South, and as a general thing planters and negroes are satisfied with the result of their experiments.

A letter from Mexico says that the Imperial Government is considering a plan for the introduction of 100,000 native Africans to colonize and cultivate the Tierra Caliente, but the scheme meets with much opposition.

U. S. 7-30 LOAN.

THIRD SERIES. 230,000,000.

By authority of the Secretary of the Treasury, the undersigned, the General Subscription Agent, for the sale of United States Securities, offers to the public the third of the third series of Treasury Notes, bearing seven and three tenths per cent. interest, per annum, known as the

7-30 LOAN.

These Notes are issued under date of July 15th, 1864, and are payable three years from that time, in currency, or are convertible at the option of the holder into

U. S. 5-20 Six Per Cent. GOLD-BEARING BONDS.

These bonds are now worth a handsome premium, and are exempt, as are all Government Bonds, from State and municipal taxation, which adds from one to three per cent. per annum to their value, according to the rate level on other property. The interest is payable semi-annually by coupons attached to each note, which may be cut off and sold at any bank or banker.

The interest at 7-30 per cent. amounts to One cent per day on a \$50 note. Two cents " " " \$100 " " " " \$500 " " " " \$1000 " " " " \$5000

Notes of all the denominations named will be promptly furnished upon receipt of subscriptions. The Notes of this Third Series are precisely similar in form and privileges to the Seven-Thirties already sold, except the Government reserves to itself the option of paying interest in gold coin at 6 per cent., instead of 7-30 in currency. Subscribers will deduct the interest in currency up to July 15th, at the time when they subscribe. The delivery of the notes of this third series of the Seven-Thirties will commence on the 1st June, and will be made promptly and continuously after that date.

The slight change made in the conditions of this THIRD SERIES affects only the matter of interest. The payment in gold, if made, will be equivalent to the currency interest of the higher rate.

The return to specie payments, in the event of which only will the option to pay interest in Gold be available, would so reduce and equalize prices that purchases made with six per cent. in gold would be fully equal to those made with seven and three-tenths per cent. in currency. This is the ONLY LOAN IN MARKET now offered by the Government, and its superior advantages will make it the GREAT POPULAR LOAN OF THE PEOPLE. Less than \$230,000,000 of the Loan authorized Congress are now on the market. This amount, at the rate at which it is being absorbed, will all be subscribed for within sixty days, when the notes will undoubtedly command a premium, as has uniformly been the case on closing the subscriptions to other Loans.

In order that citizens of every town and section of the country may be afforded facilities for taking the loan, the National Banks, State Banks, and Private Bankers throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agent, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.

JAY COOKE, Subscription Agent, PHILADELPHIA, May 15, 1865. SUBSCRIPTIONS WILL BE RECEIVED BY THE First National Bank of Cumberland May 25, 1865—3m.
