PARTICULAR NOTICE.

All persons who know themselves indebted to this office for subscription, advertising or job work, are requested to send us the amounts so due at once. We wish to have all our old claims settled before January 1st. We necessarily make such payments for every article consumed by us in the transaction of our business, as well as for labor, and inasmuch as this is the case it will at once become evident to the minds of our patrons that we cannot afford to engage in a very extensive business on long credits. To our subscribers we would say that we furnish them with the printed paper at about the cost of the blank sheets, paper having advanced about 100 per cent. in the last four months and we desire every one indebted to us for subscription to settle for the same at once.

The Meeting of Congress.

The first session of the Thirty-Ninth Congress of the United States began at Washington at noon on Monday. A quorum of the members of both the Senate and House of Representatives was in attendance. The House was organized by the election of Mr. COLFAX as Speaker, and Mr. McPHERSON as Clerk. Mr. Stevens introduced a resolution, which was passed, calling for a joint committee of both houses to inquire into the condition of the late rebellious States and report whether they or any of them are entitled to be represented in Congress.

Report of Post Master General.

We have received the report of the Post Master General, and it appears that the revenues of this Department for the year ended June 30, 1865, were \$14,555,158.70, and the expenditures \$13,664,728.28, leaving a surplus of \$890,430.42. The ratio of increase of revenue was 17 per cent, and of expenditures 8 per cent, compared with the previous year. The estimated expenditures for the year ending June 30, 1867, are \$18,078,000. Estimated revenues \$17,470,543. Leaving a deficiency of \$1,207,457. No special appropriation will be required however, for this deficiency, as former appropriations amounting to \$2,100,000 are still unexpended. An appropriation of \$500,000 will be necessary for steamship service.

Business cards printed on envelopes.

The amount received from issue of postage stamps, stamped envelopes and wrappers was \$12,847,437.50. Business cards are printed on envelopes without additional cost when ordered in quantities of not less than one thousand for one party.

It is proposed to furnish stamped envelopes at the price of the stamps alone.

New stamps have been adopted of the denominations of 5, 10 and 25 cents for prepaying postage on packages of newspapers forwarded by publishers or news dealers. The receipts of the department since January 1, 1861, have been \$209,311,894.57. Expenditures \$244,748,881.56. Leaving a deficit of \$44,436,987.12.

The number of routes in operation in June were 6,012, of the aggregate length of 142,849 miles, costing \$6,247,884.

Railway post offices have been established on several roads, and the transmission of correspondence has been greatly accelerated. Others will be soon established.

In the late Rebel States 241 routes have been put in operation; their length 18,640 miles, and compensation \$721,040.

Proposals have been invited for carrying mails in Virginia, West Virginia, North Carolina, South Carolina, and Florida. Number of miles 852, proposals received 232.

The Foreign Postal Service is in a moderately satisfactory condition, and but little change will be made in that direction.

The number of Post offices established on the 30th of June 1865, including suspended offices in Southern States, was 28,882; number subject to appointment by the President, 712; to the Postmaster-General, 28,170.

New offices established, 586; discontinued, 582.

The free delivering system is now in operation in 45 of the principal cities. Number of dead letters received was 4,368,087, an increase of 859,262 over the previous year.

It is recommended that prepaid dead letters be returned to the owner free, and that letters be forwarded by request of the addressee from one post office to the other without extra charge.

The number of letters lost and destroyed by postal department does not exceed one in eight hundred, and 467,501,600 letters were carried during the present year.

The number of money order offices is 419, 15 additional will be put in operation. Value of money orders during the year was \$360,122.52. Excess of expenditures over receipts \$7,047.47. The maximum amount of money orders is \$50, but may be increased to \$50.

Balances due from Southern postmasters at the breaking out of the war \$360,627; few of which have been paid.

The mail service in the South is being re-established as rapidly as possible, and inasmuch as revenues will be light the rate of compensation has been reduced.

The maximum annual receipts from all the States previous to the Rebellion was \$8,518,007.40 which was exceeded in the sum of \$6,088,091.30 by the receipts of the last year from the loyal States alone. The revenues during the past four years amounted to \$46,459,022.67, of the four immediately preceding \$32,322,646.73, showing an average annual increase of \$2,523,845.53. The excess of pay over the receipts to the Western mail service is \$1,135,819.55, which is the principal cause of the deficits in the department.

THANKSGIVING DAY.—This is the day set apart throughout the United States for thanksgiving and prayer to a merciful and loving God for the blessings he has bestowed upon us as a nation. Certainly no people ever had greater cause for thanks than have we—none have been more successful in the enterprises undertaken for the well being of ourselves and our posterity. The occasion will undoubtedly be universally and appropriately observed.

The Legislatures of twenty six States have ratified the Constitutional Amendment, and only one other State is needed to complete the work. The New Jersey Legislature meets on the 1st of January, and its first act after it is organized will be to ratify the amendment. Thus this great act, which extirpates and forever excludes Slavery from the Union is safe.

TON SAYERS, the English pugilist, died on the 15th of Nov., and his funeral was attended by all the sum of the country. The whole proceeding was such as one might expect to behold at a combined exhibition of horse racing, man fighting, man hawking, &c., attended by river rats, scavengers, pals, and all the ill-favored professional bipeds peculiar to the sinks of London.

The number of Fenians enrolled and now drilling in Canada is stated to be nearly eighty-two thousand, of whom nearly one-half are said to be already armed. It is also announced that clubs designed to agitate in favor of the annexation of the provinces to the United States are being organized all over Lower Canada.

WE have received a copy of the Brandon (Miss.) Republican, published by our old friend and fellow townsman, A. J. FLANNERY. JACK has been lost to us for a number of years, and we are glad to hear from him again.

WE have just received an excellent little book entitled "Political Economy in a Nut Shell," showing the difference between money and capital and proposing a practical plan for paying the National debt without increasing the public burden. Published by G. BARTLEY, 240 Canal Street, New York. Price 50 cents, post paid.

It is authentically stated in Macon, Ga., that Hon. Robert Toombs, who had been censured for months in one of the adjacent counties, has eluded his pursuers, escaped across the country, and made his safe exit from the part of New Orleans for foreign parts.

EXTRA SESSION OF LEGISLATURE.—It is generally understood that during the coming month an extra session of the Maryland State Legislature will be convened, for the purpose of providing for the payment of bounties, &c.

Doctor Gwin, who was arrested some time since on his return from Mexico to the United States, is confined at Fort Jackson, below New Orleans.

An assistant carrier in the Baltimore post office has been arrested for robbing letters entrusted to his care for delivery. The amount of his peculations are unknown.

On the 21st of November twelve hundred troops of the Foreign Legion arrived at Matamoros to reinforce Mejia, the French commander.

A company of Italians have purchased land in Montgomery county, Maryland, with the view of cultivating the grape and making wine.

From Mexico.—Semi-official news has been received in Washington, at the Mexican Legation, dated City of Mexico, November 17th. M. Langlais, the Minister of the Treasury, whom Napoleon sent to Maximilian in order to arrange the finances of the Empire, has declared it is impossible to succeed in that enterprise, as the budget amounts to \$40,000,000 and the receipts do not quite reach the sum of \$15,000,000.

There is no confirmation of the report of the defeat of the Liberal forces under Ugaldo and Paganos.

The French are concentrating their forces in San Luis Potosi, the City of Mexico and on the Rio Grande. The abandonment of the States of Sonora, Sinaloa, Chihuahua, Nuevo Leon and Coahuila, is officially confirmed.

General Diaz defeated an imperial force in the State of Puebla, and afterwards went to see Gen. Alvarez, to combine a decided movement against the French. The Turbide family have renounced their right to live in Mexico, and all political claims they may have to the Mexican throne, for the sum of \$100,000 a piece. Mr. Argel Turbide has given his own child to Maximilian, and the boy, only two years old, has been adopted by Maximilian and made an Imperial Prince. Mrs. Turbide, his mother, has been made the victim of an infamous plot. She has been taken away from her son, after being compelled to sign a paper renouncing her rights as a mother. It was decided to send her out of the country.

Sober Facts for Thinking People.

Year after year, for an eighth of a century, the Press of the country has chronicled the beneficial effects of BOSTETTER'S STOMACH BITTERS. Editors, authors, physicians, merchants, officers of the army and navy, chemists, counselors, ministers of the gospel, in short, a great cloud of witnesses of every profession, trade and calling, have testified to its efficacy as a tonic and regulating medicine. The names and statements of these witnesses have been published in the public prints. Many of them are well known to the whole public. Their testimony has never been challenged or impugned. Upon evidence far less weighty than is acquired or obtained by conscientious jurists.

BOSTETTER'S STOMACH BITTERS is not, however, upon trial. It has been tried and pronounced the authority of those whose lives and health it has preserved, a pure, harmless and entirely salutary preparation. Attempts have been made to rival it. They have failed. Can it be necessary to say why they have failed? Ask the recovered dyspeptics, millions sufferers, victims of fever and ague, and nervous subjects who have experienced its effects, what they think of it. Ask them and be guided solely by what they say. Sold everywhere.
