**CITY IN BRIEF.**

John Williams is to be tried to-morrow on a charge of picking pockets.  
That portion of Tennessee street between Ray and Morris is being improved.  
Four small chemical fire extinguishers have been placed at the Reformatory.  
Frank and Susan Webber are being prosecuted for violating the 11 o'clock law.  
The Indianapolis Division of the K. of P. netted \$194.25 by the "Galley Slave" engagement.  
The building season in the southwestern part of the city has been commenced in earnest.  
William Smith, for throwing stones at Jane O'Brien on West Merrill street, has been sent to jail.  
Andrei Kwezy, who was killed Wednesday by the cars, was born in the village of Rostkowskizna, July 10, 1843.  
Hiram Thompson, George Champion and Dan Noe will be tried to-morrow for the alleged theft of old iron from Casper Budmisky.  
The five Supreme Court Commissioners will retire Monday, they having had a two years' service. The docket is burdened with about 600 cases.  
Because the parents of Miss Shutt fear that Lancaster would desert their daughter after marriage, they refuse to allow the party until she is thus compromised.  
At 7 o'clock last evening the cold wave signal was raised; and it is said that the temperature will fall from fifteen to thirty-six degrees in the next twenty-four hours.  
Professor Collett will retire from the State Geological Department on Saturday, at which time Professor J. M. Thompson, of Crawfordsville, will take charge of the office.  
The frame residence owned by Calvin Monrod, and situated two miles from the city on the Shelby Road, was destroyed by fire night before last, involving a loss of \$500.  
The first circular of 1885 issued by the National Department of Education, has been received by the State Superintendent. It refers to the school systems of the United States, and was prepared by Dr. Philbrick,

late Superintendent of the Boston City Schools.  
Buffalo Bill's Wild West Company will appear at the Exposition Grounds on Tuesday and Wednesday next. A first-class show is promised.  
It is said that a city firm laid in a large stock of memorial badges for General Grant, sent out by a New York firm while the demise of Grant was thought to be so near at hand.  
To-night and to-morrow night are the last two of the season at the College Avenue Rink. To-morrow evening the grand floral carnival will be given, and will doubtless be an elegant affair.  
The report of the Pension Agent for the month of March has been prepared, and it shows the payment of 23,904 vouchers and the disbursement of \$833,235.89. Of this \$1,656 was paid to the survivors of the war of 1812.  
There is a pond in the southeastern part of the city which is about forty feet square and perhaps six inches deep. Yesterday there were about thirty lads, ranging from six to twelve years, "swimming" at this place, and they could not have had more fun if it had been a mile deep.  
The game of polo last night at Meridian Rink between the College Avenue and Halcyon Clubs resulted in a victory for the latter by a score of 3 to 1. On Saturday evening the famous Nip and Tuck teams will play the tie game of the series between these clubs.  
Mrs. Amos Grudgel and her sister-in-law, Mrs. Lizzie Stout, called at the State Treasury yesterday to make inquiries about the \$1,000,000 left by James Wheeling, of New York. The mother of Mrs. Grudgel was named Wheeling, and she had relatives by the same name and of whom she had lost all trace. She will investigate further.  
Indianapolis Division No. 2, U. R., met this evening at the armory, Mozart Hall, and will have eight candidates for initiation. Among the number will be City Attorney C. S. Denny and Theodore Pfafflin. The division is growing rapidly in numbers, and is drawing to its ranks a class of men who will undoubtedly make it strong and substantial.  
Starch manufacturers from Franklin, Edinburg, Elkhart, Columbus, Danville, Ill., and Cincinnati met at the Bates House yesterday afternoon to form a pool and establish rates. It is understood that prices are to be advanced in a couple of days, and a permanent organization effected. There will be another meeting the 13th of next month.  
Regarding the State Militia, Adjutant General Koontz says that the feeling among the companies is much better than it was some time ago, and there will not be any more companies to abandon the State Militia. There were two or three of the companies who were inclined to reorganize on an independent basis, among them Richmond and Terre Haute, but they are now all right, and instead of losing ground, there is good reason to believe that a half dozen new companies will shortly be organized.

**AMUSEMENTS.**

**THE MEXICAN ORCHESTRA.**  
As was anticipated, the Grand Opera House was well filled last night by a well-pleased audience gathered together to hear the first of a series of novel concerts by the Mexican Typical Orchestra. Its name is not a misnomer, for it is thoroughly typical of the Mexican national school of music. There is in it all the romance and sentiment intensified by a glowing warmth that is peculiar to a Southern sky, being a softer and older method than that of the new. The arrangement on the stage was somewhat picturesque, being in three tiers, and forming a pyramid, uniformed in dark blue cloth, gorgeously trimmed with silver frogs and facings, and wearing their large sombreros with cord and tassel, while over their shoulders were thrown bright colored shawls. The performance opened with "Thomas' overture to 'Raymond.' Its production was an eminent success, and will be a long time before its sweetest case to reverberate in the ears of the enchanted auditors. It was a test of the capability of the orchestra, at once striking the delightful effect produced by the combined instruments. A waltz by Waldteufel followed, given in rare taste and of a totally different style of composition from the first. And then was played Schubert's lovely "Serenade." His music, so full of earnest and expressive melody lies more in the interpretation than in the execution. He is so often slaughtered, that his spirit might well be thankful for such a beautiful vindication of his claim to genius as was given in this production last night. The Mexican band led in the hands of Senior Vega, with herp accompaniment, proved a very charming combination. Signor Egeiros used the violin as a solo instrument in a degree of perfection that created an extraordinary sensation. His bowing was a close approach to perfection, while the beauty and fullness of tone glowed with a warmth and temperament of execution. Senior Carli upon the xylophone and Signor Garcia upon the salteno, both Mexican instruments, the solos of each were well received. Two other delightful numbers followed and the performance closed by a lively rendering of an orchestral melody. A different program will be rendered to night.

**NOTES.**

The Swiss Bell-ringers continue to give performances at English's. Cheap press.  
Mr. Frank McKee, representing Haverly's new united American-European Minstrel, fifty strong, is in town. This company gives a single performance at the Grand next week.  
In order to give the ladies and children an opportunity to hear the famous Mexican Orchestra Manager Dickson has reduced the matinee prices to twenty five and fifty cents, with seventy-five cents for reserved seats.  
The patent ventilators put in the Dime Museum have lowered the temperature so much that it is now quite comfortable all the time, notwithstanding the immense crowds that attend each performance "Thuma," the Mystery, the Doll Woman, Camel Girl, fat boy, and the fine stage performance please everybody.  
The advance sale of seats for the engagement of the celebrated Carlton Opera Company at the Grand Opera-house the first half of next week, opens this morning at the theater box-office. Regular opera prices will rule, and the repertoire will be as follows: Monday, "The Dum Major's Daughter," Tuesday, "The Merry War," Wednesday matinee, "The Mascotte," and Wednesday evening, "Fra Diavolo." The costumes worn in the "Mascotte" are the finest ever seen in America.

**THE DIAMOND.**  
Indianapolis Wine the Exhibition Game at Springfield—Games at Other Points.  
Special to the Sentinel.  
SPRINGFIELD, O., April 23.—The Indianapolis Club won the game here to-day by a score of 16 to 11. It was a slugging contest from beginning to end, although Collins, who pitched for the visitors, was not rapped near so hard as Kelly, off whose delivery Indianapolis secured twenty-four hits. Keenan caught Collins in good style. Base Hits—Springfield, 16; Indianapolis, 7. The same nines will play again to-morrow, when Miller will in all probability do the twirling for the visitors.  
**The Mets Drop Another Game.**  
BALTIMORE, Md., April 23.—Baltimore won another game from the champion Metropolitan to-day by hard work with the bat. The Metropolitan played a perfect game in the field, and did some hard batting, but failed to bunch their hits. The score is as follows:  
Baltimore..... 0 2 1 1 0 0 1 0 1 6  
Metropolitan..... 0 0 0 2 0 0 0 1 1 1 4  
**Brooklyn Beats the Athletics.**

**St. Louis Turns the Tables on Cincinnati.**  
ST. LOUIS, April 23.—St. Louis turned the tables on Cincinnati to-day and won the game in fine style. White was pounded hard, while the visitors made but six hits off Caruthers. The fielding was very fine on both sides, and the game generally well contested. Following is the score by innings:  
St. Louis..... 3 0 0 0 0 0 0 0 0 2  
Cincinnati..... 0 1 0 0 0 0 0 0 0 1  
**GENERAL U. S. GRANT.**  
Called Meeting to Celebrate His Anniversary on Monday Next.  
The following call for a meeting to be held on Monday was circulated and signed yesterday:  
To the Citizens of Indianapolis:  
In view of the fact that Monday next, the 27th instant, will be the anniversary of the birth of General U. S. Grant, and considering his present glorious affliction, it has been proposed in several larger cities of the United States for the citizens to meet and testify their appreciation of his great services to the country, and to give public expression of their sympathy and their kindly regard for him, and to voice the hope that he may speedily recover his health, and that he may yet be spared many years of life and happiness. We, therefore, regardless of political ties, call a meeting for the above purpose, to be held at the United States Court room, on Monday evening, at 7:30 o'clock.

**Beach Medical College**

The commencement exercises of the Beach Medical College were held yesterday afternoon in Room 25 of the old Sentinel building. Professor J. L. Marsh made the faculty address. M. M. Sample delivered the valedictory, and Professor Cole presented the diplomas. Eras Dixie sang a song, and Dr. Bischoff presented a frame containing the photographs of the graduating class, which was responded to by Professor Wood, who was then presented with a gold-headed cane by the class. Thomas Threlkirk presented a speech. Professor Pickrell then made an interesting speech.

**A Clerk's Funds Not Exempt.**

The Supreme Court yesterday affirmed the decision of the lower court in the case of Moses G. McLain against Receiver Wallace, of Fletcher & Sharpe's defunct bank. When the bank closed, McLain, as Clerk of Marion County, had something over \$15,000 in the bank, and he brought suit, holding that it was a special trust, and therefore should be paid in full. The decision of the court puts McLain on the same footing with other depositors.

**At an End**

The strike at the Woodburn Sarven Wheel Works was practically ended yesterday, a number of the employees returning to work, and the places of those who didn't being supplied with new men. The proprietors claim that the business is light and they can get along with a reduced force. The men who returned to work did so without the 10 per cent. advance demanded.

**Activity**

In order to catch something a man does not always require much activity, mental or otherwise. A Chicago policeman caught the "malicious" while asleep. It had worn a Ryan hat he would have been impervious to contagion.
