**We Are Ready to Fill All Your Wants**

We will have for sale as usual "SCOTT'S SURE GROWTH FERTILIZERS" the coming Spring, notwithstanding the fact that our plant was burned last December.

We have made arrangements with two of the most reliable organizations in the business to manufacture our well known brands from our own formulae, and our full guarantee as to quality and drilling condition is back of them.

SURE GROWTH FERTILIZERS have been made and sold in Cecil County for more than forty years, and have given complete satisfaction as to both mechanical condition and results on the crops. We are today selling our goods, in many instances to the grandchildren of the men who bought the first we made. **STOP AND THINK!**

Could we do this unless our goods were right in every particular? Of course not. The goods sell themselves by giving satisfaction in every respect to the purchaser, and we guarantee that they will continue to do so.

Our goods are for sale by the following well-known firms:
