

No. 2005

NOTICE OF EXPIRATION OF REDEMPTION.

OFFICE OF COUNTY AUDITOR
County of Cook, State of Minnesota
To Johnson, Frank.

You are hereby notified that the following described parcel of land, situate in the County of Cook and State of Minnesota, to-wit: Undivided 1/24 W 1/2 of NE 1/4, E 1/2 of NW 1/4, of Section 34, Township 65, Range 5 West, is now assessed in your name; that on the 15th day of May 1912, at the sale of land pursuant to the Real Estate Tax Judgment duly entered in and by the District Court of the County of Cook on the 21st day of March, A. D. 1912, in proceedings to enforce the payment of taxes delinquent upon real estate for the year 1910 for the said County of Cook, the above described parcel of land was sold for the sum of Two Dollars and sixty-nine cents to the State of Minnesota.

That said tract of land was not redeemed from such sale and was on the 9th day of August, A. D. 1915, sold at Forfeited Tax Sale for the sum of Thirteen Dollars and sixty-four cents to the County Treasurer of said County, and the amount required to redeem said parcel of land from such tax sale, exclusive of the costs to accrue upon this notice, is the sum of Thirteen Dollars and sixty-four cents, and interest at the rate of twelve per cent per annum from the 9th day of August, A. D. 1915.

That the tax certificate issued upon said sale has been presented to me by the holder thereof, and the time for redemption of said parcel of land from said sale will expire sixty days after the service of this notice and proof thereof has been filed in my office.

Witness my hand and official seal this 10th day of August, A. D. 1915.

T. L. CARTER,
County Auditor,
Cook County, Minnesota.

Notice for Bids

Notice is hereby given that the undersigned will receive sealed bids to and including the 4th day of Sept. 1915, for the following purpose:

To complete the boring or drilling of a well (which is at present drilled to a depth of 25 feet), at the Flute Reed Valley school grounds. The contractor to be required to guarantee a plentiful supply of water.

The school board reserves the right to reject any and all bids received.

By order of the Board of Independent School Dist. No. 2.

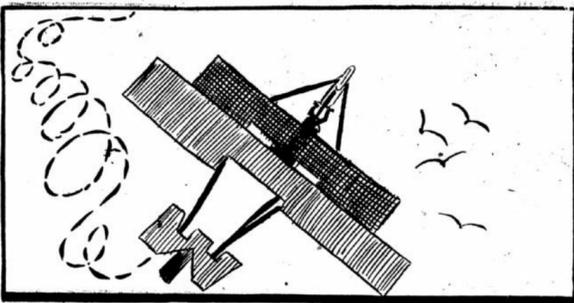

Hovland, Cook County, Minn.
A. L. ELLQUIST, Clerk.

To Increase Munitions Outfit.

Petrograd, via London, Aug. 2.—The first sitting of the Duma, which has just opened, holds out promise of work with the object of promoting the production of military supplies and meeting the military requirements, rather than oratory, recriminations of effort to discover those responsible for the failure to realize the earlier high hopes. The temper of the deputies was moderate, party differences were minimized; there was an entire absence of gloom. The speeches of the president of the chamber were well received.

War Veteran Drowns Self.

Wapeton, N. D., August 2.—John A. Walker, 72 years old, a civil war soldier, drowned himself in a rain barrel at his home here. He arose from his bed, dressed himself and went out to the yard. His wife, following him half an hour later, found him head first in the rain barrel. She called assistance, but it was too late to save his life. He had been suffering from dropsy and physicians had told him they could do nothing for him. He is survived by his wife and six children.

IN ADDITION TO THE MANY EDUCATIONAL FEATURES at the Minnesota State Fair, Sept. 6 to 11, for which nearly \$85,000 in premiums are given, several of the most noted features in the Entertainment World will be offered. Art Smith, King of the Air, the sensation of the Frisco Exposition for ten weeks, will give performances day and night. An auto race program featuring the world's greatest speed demons, a horse racing program for \$24,500 in purses, a 50-mile endurance motorcycle race, auto polo by original American and English teams, a dozen bands and orchestras, three stages of continuous vaudeville before the Grandstand afternoon and evening, these and many other features will supplement the educational program. Each night a great scenic city, stormed by air fleets and shell fire, will be destroyed in "The War of Nations." It is a program you should not miss. LET'S GO!

MACHINERY DISPLAY BIGGEST EVER HELD

Minnesota State Fair Show Occupies Seventy Acres.

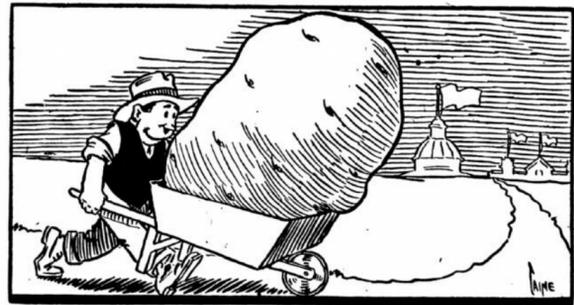

The big machinery show at the Minnesota State Fair, Sept. 6 to 11, covering over seventy acres, exclusive of the area used for plow demonstrations, is to offer a large number of new types of farm machinery to the public this fall. As last year it will continue the biggest display of machinery in America.

Several new large modern structures are being erected by firms interested in making machinery, and Machinery Hill will be better equipped to handle machinery exhibits than formerly. One of the new buildings will be a modern farm house built from the plans that won first prize in the model farm house contest conducted by the State Art Society a year ago. It is to be the first of a series of farm buildings, including a modern barn, granary, milk shed, and other structures.

Many New Models.
There is a tendency on the part of manufacturers to exhibit more new models this year than ever before. As a result everything new in the farm machinery field will be shown at the Minnesota State Fair this fall. It will afford an excellent opportunity to farmers in the Northwest to study all the different types of machinery now being introduced for the first time. The usual lines of staples will be exhibited as formerly.

It is believed by W. W. Sivright of Hutchinson, Minn., superintendent of the machinery department, that the previous high mark of 312 exhibitors will be exceeded this year. Many local manufacturers who have never exhibited at the state fair are considering the proposition this year. The fact that over 300,000 persons will visit the fair and inspect their lines makes this method of advertising a very profitable one.

No Space Charge.
There is absolutely no charge for outside space on Machinery Hill. For the limited amount of inside exhibit space a nominal charge of 5 cents a square foot is made to partially cover the depreciation, lights, and other expenses. Only one exhibitor's ticket must be purchased by any exhibitor, free admission being given to all the helpers necessary to care for the exhibit.

UNDOUBTEDLY THIS POTATO will take no prize. It will not be the only potato entered at the Minnesota State Fair, Sept. 6 to 11. Its owner, however, recognizes the value of State Fair advertising, and will continue to enter potatoes until he does take a prize. Furthermore he wants to look over the million dollar livestock show and buy a boar to head his herd. As he is also thinking of buying a manure spreader and a silo he wants to look over the suitable types at the 70-acre machinery show and decide what to do. His wife is to show a lemon pie, and his oldest boy is to exhibit some corn. They sent to Secretary John C. Simpson, Hamline, Minn., for a premium list, looked it over, and decided to get into the game. Then they all want to see Aviator Art Smith, ten weeks at the Frisco Exposition, the auto polo, horse racing, the fire works, auto racing, music, and other great features. Say, LET'S GO TOO!

BABIES IN CAGE.

Unusual Attention Paid to Minnesota State Fair Baby Show.

Babies entered in the baby show at the Minnesota State Fair, Sept. 6 to 11, will be given an unusual public reception, as a result of a novel arrangement just made by Mrs. Bertha Dahl Laws of Appleton, Minn., superintendent in charge.

All physical examinations are to be conducted in a big glass cage erected in the center of the Woman's building. The mental test will be carried on in

1914 CHAMPION GIRL.

a closed apartment at the rear of the glass cage, but visitors will have an opportunity to see most of the examination.

As formerly there are to be three classes: Children from the country, children from towns and villages under 2,500; and children from towns and cities over 2,500. In each class there are sub-classes for girls twelve months old and under twenty-four, boys twelve months old and under twenty-four, girls twenty-four months old and under thirty-six, and boys twenty-four months old and under thirty-six. All prizes are to consist of ribbons and medals except in case of the championships, \$25 being given the most perfect boy and girl.

The Webb Publishing company of St. Paul is furnishing all prizes, and will give either or both championships \$25 extra in case residence is in the country. Only Minnesota babies can enter.

GERMANS MENACE RUSSIAN RETREAT

BERLIN STATEMENT REPORTS PARTIAL SUCCESS—CHELM-LUBLIN RAILWAY TAKEN.

SLAVS ARE APPLYING TORCH

Dispatches to London Report Country Left to Invaders, Devastated—Warsaw Denuded of Everything of Military Value.

London, July 31.—The Russians now are facing the problem of evacuating Warsaw and the surrounding country without losing their armies, while the Austro-German forces are making a supreme effort to get across their line of retreat. The Teutons are said to have met with partial success in this attempt, a Berlin official report stating that Field Marshal von Mackensen, resuming the offensive, had reached the Chelm-Lublin railway, about midway between those two cities, and that southeast of this as far as the Bug river, the Russian front had been "shaken."

The success of General von Mackensen in getting across this railway, after having been virtually stopped by the Russian counter attack, denies at least one line of retreat to the Russians who might still be between him and Warsaw, and also places the Germans in a position to move against the Bug river front should this be decided upon.

British military critics, however, refuse to believe that Grand Duke Nicholas, commander-in-chief of the Russian forces, has not provided for all contingencies or that he was not fairly sure of the safety of his troops before indicating to the world that he had decided to take up a new line.

Indeed, the news contained in the Berlin official statement that the Germans have crossed the Vistula river southeast of Warsaw, between the Pilica river and Kozienice, leads the military writers to the belief that the Russians already have fallen back in this region and that perhaps even the fortress of Ivaagorod has been left to its fate.

Russians Applying Torch.
There is no news of the situation on the Narew river or of General von Buelow's wider outflanking movement in Kovno province. However, the opinion is expressed here that as the German plans contemplate a series of attacks rather than a simultaneous one, it is probable they are waiting for Von Mackensen to reach some previously arranged position before they resume their attacks.

According to dispatches received here, the country around Warsaw which the Russians are leaving to the invaders has been put to the torch, while the city itself has been denuded of everything that might be of use to the Germans if it falls into their hands.

NEGRO IS BURNED ON SQUARE

Taken From Court by Mob on Charge of Triple Murder—Admission of Guilt Alleged.

Temple, Tex., July 31.—Will Stanley, the negro arrested on a charge of being the man who murdered the three Grimes children, was taken from the justice court room at midnight and burned on the public square in the presence of thousands of men, women and children. People had thronged the streets all afternoon and evening awaiting the outcome of the examination of alleged accomplices brought from Rogers.

The two negroes brought from Rogers were released after their examination and told to leave the city. The scene on the well-lighted public square at the time of the burning of the negro was spectacular. The mob had chosen an open space in which to build the pyre, this being surrounded by men who yelled and cheered as they shoved the negro into the flames.

The streets were filled with pedestrians and automobiles loaded with fascinated onlookers. Trees fringing the street on the side of the square nearest the burning were filled with boys, while scattered through the throngs were many young girls.

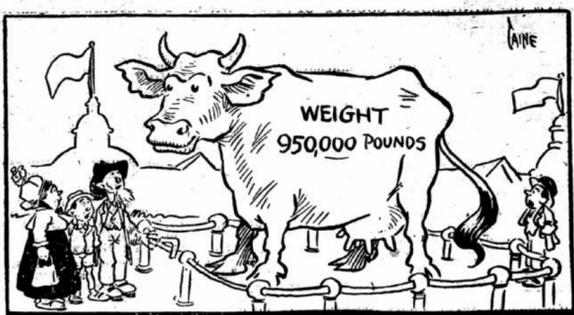

When Stanley was cast into the flames he struggled frantically to escape, but was repeatedly shoved back. Several men said Stanley confessed that he did the killing, claiming that he had been hired to do the deed. He begged to be permitted to live long enough to tell all about it, but his alleged admission of guilt was sufficient for those around the fire.

A shot was fired which some claim struck the struggling negro. His struggles soon ceased and the gathering began to disperse. In a few minutes the square was practically deserted and the crowds had vanished.

Minneapolis Population 360,357. Minneapolis, July 31.—The population of Minneapolis is 360,357, according to the Minneapolis Directory company, which announces completion of its compilation for this year.

Figuring on the number of names in the new directory and the increase in the population as shown by the added names the directory company estimates the increase in population in the last year at 9,419.

The United States census for 1910 gave Minneapolis a population of 301,408.

WHAT AN ENORMOUS COW! Such an animal, you say, never existed. You are absolutely right. However if all the cattle to be shown at the Minnesota State Fair, Sept. 6 to 11, were reduced to one cow she would be as big. She would furnish enough meat to fill a sandwich for every person in Minnesota, and enough milk at one milking to wash it down. If all the sheep, horses, and swine were handled in the same way what big animals they would form! Everything at the Minnesota State Fair is conducted on the same enormous scale. There are to be forty county exhibits, 70 acres of machinery, immense amounts of butter, cheese, and fruit, corn and farm products. Art Smith, the aviator, is the leading amusement attraction in America today. Auto polo, music by a dozen bands and orchestras, a big automobile racing program, the fire works, a \$24,500 horse racing program, all these and other features will thrill the visitor. LET'S GO!

HORSES!

If you intend to buy a team or horse this spring come and look over my stock. I have some good ones at very low prices.

I am now equipped with a number of new buggies and wagons and ready to give first class livery service, heavy team work or draying.

Lower Prices on Ford Cars

The following prices f. o. b. Detroit, effective Aug. 2, 1915.

Runabout	\$390
Touring Car	440
Town Car	640

There can be no assurance given against an advance in these prices at any time. We guarantee however, that there will be no reduction in these prices prior to Aug. 1, 1916.

Our plan to profit-share with retail purchasers of Ford cars during 1914-15 has been most successful. We thoroughly believe in it, but, realizing the uncertainty of conditions generally makes it advisable to defer any announcement until a later date.
