

Topics of a Week

John B. Arnold was in town on business Saturday.

Schools in this district will open next Tuesday, Sept. 7th.

A daughter was born to Mr. and Mrs. L. G. Lundquist last Wednesday evening.

Andrew Tofte came up on the America Friday evening to attend the fishermen's meeting Saturday.

Miss Blanche Bally returned Wednesday evening from a three weeks visit at Bayfield, Ashland and Superior.

GIRL WANTED—for general housework.—Inquire George Hughes.

Miss Anna G. Smith arrived Wednesday evening. Miss Smith will teach in the high school again this year.

Fred Winger took Hans Engelson and Andrew Tofte home in his automobile Sunday, making the trip in four hours.

The U. S. naval militia boat, Gopher, called in here Sunday morning for shelter from the heavy northwest wind.

John MacIntyre, who has been visiting his aunt, Mrs. Sterling, the past two months, returned to his home in Duluth Monday evening.

C. C. Monker left Monday evening for the state fair. He brought with him a good supply of agricultural products for exhibition, and thinks that Cook county will make her usual good showing at this year's fair.

Dr. Hicks returned last evening from Wadena, where he was called on account of the illness of his daughter, Mrs. John Temple. Mrs. Temple is now somewhat improved and it is hoped that she soon will fully recover.

The Willing Workers entertained at a dancing party at the village hall last Friday evening. Music was furnished by Emil Eliassen of Hovland, and John Nelson. Lunch was served, and a good time is reported by all present.

Jack Croft shot a large black bear yesterday, near his fish house, three miles east of the village. He was a very fine specimen and weighed 262 pounds. Mr. Croft sold the whole carcass to Booth & Co., and it will be shipped to Duluth this evening.

Mr. and Mrs. Albert Stark, of Harris, Minn., were here last week on their wedding tour. They had spent a week with Gust Hagberg at Jockmock and will visit Port Arthur and Isle Royle before returning home. Mr. Hagberg accompanied them to Isle Royle and Port Arthur.

Meeting of North Shore Fishermen

An enthusiastic gathering of about 30 Cook county fishermen met at the court house on Saturday evening, August 28th, for the purpose of talking over matters relative to bettering existing conditions in the fresh and salt herring market.

Hans O. Engelson, the promoter of the movement, called the meeting to order and upon motions duly made and carried Mr. Engelson was elected presiding officer of the meeting and Hartley Holte was elected Secretary.

A general discussion followed in which all present took an active part. It would appear that the chief cause for complaint being that a very large percentage of the herring, both fresh and salt, as it reaches the market is in a spoiled condition, and it was mainly on account of this and to devise a way of correcting same that the meeting was originally called.

A resolution was adopted and a petition addressed to the State Pure Food Commission is being circulated among all fishermen on the north shore of Lake Superior between Duluth and Pigeon Point, and the same will later be presented to the fishermen of Isle Royle, asking that said commission formulate certain rules and regulations governing the inspection of all frozen herring immediately upon its arrival in the market, and for the inspection, repacking and stamping of all salt fish within seven days after its arrival at the re-packing houses.

The fishermen of Cook county are much interested as they are convinced that if their request is granted it will materially benefit all parties concerned. John Samskar is circulating the petition in the east end of the county, while a Mr. Jonsson and Carl F. Nelson of Lutsen, are getting signatures west as far as Duluth.

C. J. Johnson and party returned home Sunday from a two weeks outing at Clearwater Lake.

Andrew Larson left Saturday evening for the southern part of the state to look after the harvest on his farm.

Carl M. Johnson came up from Two Harbors Sunday evening for a short visit, returning Monday evening.

Mr. and Mrs. L. L. Simmons returned to their summer home at Clearwater Lake Sunday, after a few days stay in the village.

Ben Robertson came home Saturday evening. He drove a Ford automobile which he purchased in Duluth, and says he had no trouble in getting over the road, making the trip in about six hours.

FRENCH DESTROY GERMAN AIRSHIP

RIDDLE MACHINE ATTEMPTING RAID ON PARIS—BRITISH BOMBARD COAST.

GREECE MAY ENTER WAR

Breaking Off of Relations with Turkey Declared Almost Inevitable—Persecution of Greek Residents in Asia Minor Cause.

Berlin, Aug. 30.—British warships have again raided the Belgian coast, bombarding Ostend, Bruges and Middlekerke. The war office reported that no important military damage was done.

Paris, Aug. 30.—Four German military aeroplanes attempted to make a raid on Paris. They were attacked by a French air flotilla and one of the German machines was shot to pieces in midair.

The German machines crossed the French lines flying at a great height and driving toward the city of Paris.

When over a point to the north of the capital, they sighted a French air flotilla which was waiting for them and three of the German aeroplanes wheeled about and headed for the German lines.

Two of the German machines escaped, but one was outdistanced by its pursuers and was riddled by bullets. It fell flaming into the forest of Halatte, where the burned bodies of two aviators were found.

The fourth machine dropped five bombs at Montmorency, a town 15 miles from Paris. No one was hurt. The batteries at Montmorency opened fire on the aeroplane but it got away in the haze.

Greece May Fight Turkey.

Athens, Aug. 30.—Breaking off of diplomatic relations and possibly war between Greece and Turkey is now considered almost inevitable in political circles here. The censor has permitted it to become known that the Venizelos government is preparing sharp protests to Turkey, amounting virtually to an ultimatum, as the result of fresh persecutions of Greek residents of Asia Minor.

Three hundred thousand Greek residents of Asia Minor have been compelled by the Turkish authorities to go to the interior cities, it was reliably reported here. The Greek government had kept this news from the public, fearing that public sentiment would force Greece into war before the present Balkan negotiations were concluded and before Greece had exhausted all efforts to bring about a peaceful settlement through diplomacy.

Unconfirmed press dispatches regarding Turkish outrages on Greeks have inflamed the people of Athens. These reports charge all sorts of cruelties, including the mistreatment of Greek women by the Turks and the allegation that a number of young girls of Greek families in Asia Minor have been abducted.

A. BRUCE BIELASKI

A. Bruce Bielaski is chief of the division of investigation of the department of justice at Washington, and his bureau is investigating the alleged German propaganda which is being exposed in the newspapers.

IRISH TROOPS CHARGE TURKS

WREST HILL FROM ENEMY AT BAYONET'S POINT.

Bodies of Sultan's Troops Choke Gullies in Fierce Fight in the Dardanelles.

London, Aug. 28. — A dispatch to Reuters Telegram company from the Dardanelles says:

"For the moment the severe fighting has come to a stop along the front of our new positions after the week of battles which followed the landing at Sulva bay. The most important advantage secured has been a large extension of the territory held by us on the Northern shore of the peninsula. Resting upon Sulva bay with its left occupying the long ridge which follows the coast inland for several miles, our army holds the plain southward to where the heights of Anzac look down upon it so that we are in virtual possession of the cliffs overlooking the gulf of Saros almost to Gaba Tepe."

Irish Troops Charge Turks.

Describing the charge of the Irish division of a Turkish hill to the left of the Sulva bay position the correspondent says: "The Turks came out to meet them and most exciting bayonet fighting followed on the saddle between the two crests. Bayonets were flashing and stabbing for several minutes before the Turks began to give way. They left the crest and ran down over the ridge, the Irishmen standing up and firing down upon them while at intervals British machine guns on the hills behind drowned the sound of the rifle fire whenever the gunners were able to get a clear view of the fleeing Turks.

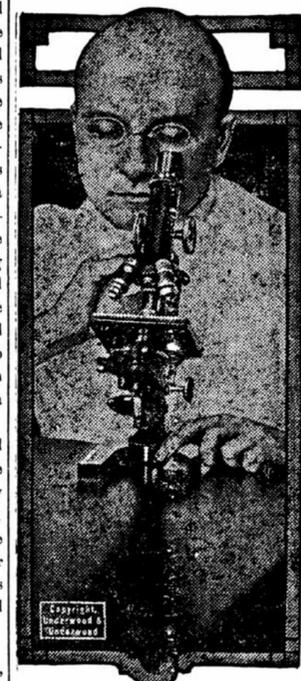

"The dead lie thick everywhere and the stench is appalling. Being unable to bury their dead, the Turks throw their bodies down the gully until they are stopped by the nature of the ground, while others thrown after them are stopped by the first. Consequently the whole gully is choked with Turkish dead."

Sunday's Baseball.

There was a doubleheader played here Sunday afternoon. A game was planned between the Grand Portage team and the Grand Marais boys which came off first, but as the local team proved too strong for the G. P. boys there was only five innings played, and their opponents turned over to the naval militia boys off the Gopher, which was lying in the harbor Sunday. The Gopher boys played a very strong game and at several stages it would be hard to guess which would be the winners. The local team did admirably well, but they were up against too fast a bunch for them this time. The game ended at a score of 10 to 12 in Gopher's favor.

The Grand Portage team arrived here about two o'clock in a gasoline boat and were accompanied by a few rooters, returning the same evening. The local fans and the men off the Gopher probably made a larger crowd of spectators than ever was present at a ball game in Grand Marais.

DR. ALEXIS CARREL

Dr. Alexis Carrel of the Rockefeller Institute, working with Dr. Henry D. Dakin in the French military hospital at Compiegne, has discovered a new antiseptic which, if applied in time, is said to make infection in wounds impossible.

CHASE NORTH DAKOTA THIEF

POSSE PRESSES PURLOINER OF TWENTY-FIVE HORSES.

Entire Western Section of State Aroused by Attempt to Run Animals Across Canadian Line.

Williston, N. D., Aug. 9.—With lines drawn tight in every direction, the horse thief who ran off twenty-five head of horses from the Forbes ranch in McKenzie county abandoned hope of getting his booty out of the country, and he drove the animals back to within a few miles of the place of the theft.

Posses who were in the vicinity discovered the robber returning the animals, but the thief discovered his pursuers at about the same time, and successfully escaped.

The entire western section of the state has been thoroughly aroused by the daring theft, which was the biggest attempt in many years. The thief evidently sought to run the horses to the Canadian line, but effective police work prevented this.

SUBMARINES SINK 3 SHIPS

German U-Boats Send British Steamers to Bottom With Loss of Five Lives.

London, Aug. 28. — The British steamers Windsor and William Lawson have met with disaster. The Windsor, a vessel of 6,055 tons, has, according to a report issued here, been sunk, while the William Lawson, an old steamer of 284 tons, has been blown up. The crew of the Windsor was saved, but five men of the Dawson's crew were lost.

The British steamer Cober has also been sunk by a submarine. The captain and crew have landed safely.

BISHOP HEFFRON IMPROVES

Winona Prelate, Shot by Father Lesches, Still Has Two Bullets in Body.

Winona, Minn., Aug. 30.—After Dr. W. J. Mayo of Rochester had spent several hours at the diocesan residence a bulletin was issued by Dr. H. F. McLaughy, physician in charge, that the right Rev. Bishop Patrick Heffron's condition continues to improve.

Bishop Heffron was shot twice by Father Lesches, who had been overcome by a fit of insanity.

The crisis had not been passed, the physicians say, but thus far there has been no unfavorable developments. Septic poisoning still is possible. The two bullets from the .32 calibre revolver still are in the bishop's body; one close to the skin in the thigh and the other probably in the wall of the perforated lung. The lead can be taken from the leg at any time, it is asserted, but it is unlikely that the bullet in the lung ever will be disturbed. No X-ray examination has as yet been made.

Hold Swedish Steamer.

London, Aug. 30.—The Swedish steamer Sydic, from Baltimore for Malmo, Sweden, has been released. The Swedish steamer Anglia from Baltimore for Kalmar, Sweden, has been detained.

Facts in Gary Pastor Murder Case.

Gary, Ind., Aug. 30.—Chief of Police Heintz has begun an investigation of reports tending to show the Rev. Edmund A. H. Kayser was murdered at his home in Tolleston because of his pro-German utterances. The chief intimates he will have some startling facts to disclose shortly. He declared there still is a possibility that one or more fanatical subjects of nations at war with Germany committed the crime, but he has been unable definitely to establish this or any other motive for the assault.

HAITI FAVORS PACT WITH U. S.

Parliament is Expected to Ratify Proposed American Protectorate Treaty at Once.

Washington, Aug. 28.—Prompt ratification of the proposed American protectorate treaty by the Haitian parliament was forecasted in dispatches to the state department from Charge Davis at Port-au-Prince.

It became known that plans of the United States for putting Haiti in order contemplate calling upon the war department, if necessary, to furnish officers for the island police from its corps of non-commissioned officers who have developed and commanded the Philippine constabulary.

The pending treaty would provide not only for a complete financial protectorate and the administration of custom houses, but for a native police force officered by Americans.

U. S. Lacks Shipping Facilities.

Washington, Aug. 28.—Lack of American shipping facilities was emphasized in a statement issued by the state department, based on a consular report from Arabia. The statement follows:

"The department has received from the American consul at Aden, Arabia, a dispatch stating that the merchants at that port were complaining bitterly of the lack of shipping facilities between Aden and America, many merchants having had to discontinue business."
