WESTERN BANKERS TO DISCUSS LOAN

ANGLO-FRENCH COMMISSION AND
EASTERNERS REACH VIRTUAL
AGREEMENT.

AMOUNT TO BE HALF BILLION

Western Bankers Are in Accordance
With Tentative Plan Arranged,
the Hugh Credit Program
Will be Assured.

New York, Sept. 27.—The Anglo-French financial commission and eastern bankers have reached a virtual agreement on the details of the proposed half billion dollar credit loan to Great Britain and France. Four members of the commission will leave here at once for Chicago, to confer with Western bankers over the tentative terms.

Following is the details of the loan upon which the commission and the bankers of Eastern states are in virtual accord:

The amount—Approximately \$500,000,000.

The securities—Joint Anglo-French notes.

The interest rate—Five per cent to yield the investor about 5 1/2 per cent by the notes being offered at slightly under par.

A conversion privilege at maturity of the notes—the holder to receive cash or joint Anglo-French 15 or 20 year bonds bearing 4 1/2 per cent interest.

It became known also that the entire program had been submitted by cable to London and Paris and that the attitude of the home governments, so far as disclosed, is one of approval for all that the commission has accomplished.

Adoption of Program Assured.

It is assumed that the parliaments of both Great Britain and France would have to authorize the issuance of the loan, inasmuch as it is an external loan and therefore would not be covered by any of the loans authorized so far.

Whether Paris and London, in addition to approving the work of their delegates, had formally ratified it in addition was not divulged. It was thought doubtful, however, if this had yet been done, or would be done until the agreement passes beyond the tentative stage.

If the Western bankers are in accordance with the tentative agreement upon which the Eastern financiers and the commission have reached an understanding the program will stand, barring unforeseen developments and its final adoption is as good as assured. This assertion was made by an American financier who has been of the inner circle throughout the period of negotiations.

A member of the firm of J. P. Morgan and company will be in Chicago. Bankers of the Twin Cities, St. Louis and other Western and Middle Western cities will attend the Chicago conference.

SOIL PRODUCTS SHOW OPENS

Exposition at Denver Has Great Exhibits of Interest to Farmers of Country.

Denver, Colo., Sept. 27.—The international soil-products exhibition began here today and will continue until October 10, while the international farm congress will hold its meetings here October 4-7. Among the delegates there are representatives from nearly every country on the globe. The United States government has an exhibit for which congress appropriated \$20,000. This and the Canadian exhibit are of great value. The Auditorium, one of the largest buildings west of the Mississippi river, is the concentrating point of the group of twelve exposition buildings.

Twenty states have installed fine exhibits of agricultural crops and machinery, gas and electric appliances, motor cars and accessories, dairy products and machinery, industrial, commercial and varied industries exhibits, minerals and mines displays and demonstration, and tractor shows. There are also international and interstate displays, a Colorado state exhibit, railway and land show.

One of the prominent characteristics of the exposition is the interest show in the achievement of women.

American Steamer Released.

London, Sept. 27.—The American tank steamer Corning, from Baton Rouge for Malmo, Sweden, with a cargo of refined petroleum and naphtha, has been released by the authorities at Kirkwall, where she put in recently. On account of the detention of the steamer, the American embassy has asked the foreign office for an explanation.

Train Hits Auto; 3 Killed.

Kenosha, Wis., Sept. 27.—Three young men were killed when the automobile which they had taken without the consent of the owner, was struck by a limited train on the Chicago & Milwaukee electric railroad at a crossing a mile and a half north of here. The young men were Anthony Czarowski, 23; Fred G. Frott, 22, and Frederick Metten, 23. Czarowski was employed by a brewing company. He was speeding over a smooth road and the train was making 50 miles an hour when the crash took place.

MINERS ENTOMBED FOR SIX DAYS ARE TAKEN FROM CHUTE

NINE MEN ARE RESCUED AFTER
PARTY CHOPS WAY THROUGH
300 FEET OF FALLEN
ROCK.

WIRACULOUSLY PRESERVED
BY SINGLE DINNER PAIL

AN Terribly Weakened by Long Waiting—Work of Rescue Forces Is Checked by Flow of Water in Tunnel of Pennsylvania Coal Co.

Lansford, Pa., Oct. 4.—Nine miners, spent and near starvation from being entombed for six days in the Foster Creek tunnel of the Lehigh Coal and Navigation company, were rescued after 200 men had chopped a way through 300 feet of fallen rock and debris which had cut off escape from the interior of the mine.

The contents of one dinner pail which one of the men had miraculously preserved and a few cakes of fish oil composition partaken of in small quantities was all that had kept them alive during their imprisonment.

They were found on top of a chute in which they had crawled to escape a flood of water that had broken from an abandoned working and caused more than 300 feet of gangway roof to fall, shutting off means of escape. The men are now in the hospital and it is said all will recover.

Blast Through Solid Rock.

The task of the rescuers was made more difficult by a three-foot stream of water which flowed from an adjoining working and which could be regulated only by constant operation of many pumps.

After blasting and tearing away more than 300 feet of solid rock, coal and timbers that had been wedged tightly into the gangway by the fall of roof, rescue forces reached an open space back of chute 24. Once more their work was checked by the presence of an even deeper flow of water, so a wooden platform, resembling a large raft, was built above the surface of the water and further progress was made toward the chutes in which the men had taken refuge.

All were terribly weakened by their 150 hours of waiting.

Cling to Dinner Pail.

Several of the men talked cheerfully to their stretcher bearers while being taken from the mine and from them it was learned that fish oil and a few crushed chicken bones had made up their principal diet until Thursday, when the latter "delicacy" gave out and the fish oil composition proved to be the only item on the bill of fare. Each of the men had in his pockets several cakes of a fish oil substance that is used by mine workers in lamps and which gives a smokeless flame. One of them, John Bononus, has for many years held a reputation for his voracious appetite and the size of the dinner can that is required to contain his mid-day meal. When the rush of water forced in the roof, Bononus, according to the story of his companions, ran with the others to chute No. 27, keeping a firm grip upon the dinner pail. This probably is what saved the men from starvation. In the pail Bononus had a large quantity of bread, other articles of food found in most miners' cans and the greater portion of a roast chicken.

Only Twelve Violators of Mayor Thompson's Order Reported to Chief of Police.

Chicago, Oct. 11.—Saloon, hotel and restaurant bars were closed here on Sunday for the first time in 44 years. Mayor Thompson's order of a week ago was in conformity with a state law which almost had been forgotten by its non-observance. The 7,152 saloons of the city and the restaurants and hotels have been operating their liquor privileges under a city ordinance requiring closure only between the hours of 1 a. m. and 5 p. m.

According to police reports the order of the mayor was generally observed. Instances of places in widely scattered parts of the city opening the side doors for admittance of a favored few were reported, but these instances were comparatively rare.

Liquor Men Pleas.

Leaders of the liquor interests said they were pleased at the response to the word to "clamp the lid tight."

Chief of Police Healy said he had reports of only 12 violators.

The chief said he would decide at once what action would be taken against those reported as having violated the law.

In the villages and towns surrounding the city the proprietors of public houses were said to have done an exceptional business. Sheriff Traeger has announced he would take no action toward enforcing the state law in Cook county, outside Chicago, until he had received an opinion from his attorney.
