THE PUBLIC PEACE.

The proclamation and order of Major General Buchanan, which we publish this morning, will be read with interest, and it will be cheerfully respected by all good men.

By the reconstruction laws the military commander is made especially the guardian of the public peace, and as such the country will look to him for the preservation of order in times of excitement.

And as the friends of the reconstruction policy, as the friends of Congress who conferred on the Commanding General his large powers, as the friends of law and peace, the Republicans of the city and State will cheerfully assent to the rules which the General prescribes, and will in every proper way use their personal influence to make the election fair, peaceable, and orderly.

The Republican party is emphatically the party which desires and demands good order at the polls. Equal rights, impartial justice, and universal suffrage can only be enjoyed where perfect peace prevails; they perish in the presence of violence and outrage. No true Republican then will disgrace himself or his party by making even the most trivial disturbance on election day, nor will he permit any unworthy member of his party to do so.

If a Republican commit any outrage or breach of the peace at the polls, let other Republicans, if properly called on, assist to arrest the offender. Beware of any interference with the police or military authorities in the discharge of their duties, or what they may think to be their duties. They are the constituted authorities for the time being, and it is better that some personal inconvenience, or even injustice, should result from their performance of duty than that constituted authority should be set at naught.

Let sobriety and decorum characterize the conduct of our party. Let no one have a chance to say in truth that at the first general election in Louisiana our friends were the enemies of order. On the contrary, let our conduct be such as to gladden the hearts of those who love freedom and justice throughout the land.

LETTERS, BEWARE OF FRAUDS! Look at the names on your tickets, or have them inspected by some one in whom you have confidence, before voting them. Be certain that they are at the top, "FOR THE CONSTITUTION," and next "FOR GOVERNOR," H. C. WARMOTH, and then the name of every regular candidate in its proper place under the office for which he is nominated. All sorts of falsehoods will be circulated by our opponents, and many kinds of tickets offered to you. Do not be deceived by the appearance of tickets. It is quite possible our opponents may succeed in getting up a ticket nearly or quite like ours. Trust to nothing but the names, and be sure they are rightly placed. Get the regular ticket, and keep it until you see it safely in the ballot box.

"A MODEL CARPET-BAGGER." Will the Times be so kind as to reproduce its article on the above subject for the benefit of Judge W. H. Coolcy, the Democratic nominee for judge of the sixth district court of this city. This gentleman was a member of the late constitutional convention from the parish of Pointe Coupee, elected by the Republicans. He is at present judge of the seventh judicial district, composed of Avoyelles, Pointe Coupee, and West Feliciana, and ought to be there holding court instead of being a carpet-bag candidate for judge in this city. He is a resident of the parish of Pointe Coupee, and now seeks office from the people of this city. What have the anti-carpet-baggers to say?

"WORKING MEN'S TICKET." There is but one ticket in the city and parish of New Orleans which can properly be called the "working men's ticket," and that is the ticket of the Republican party, and which Seth W. Lewis is the candidate for Mayor. It is the ticket, and the only ticket for which the working men of New Orleans can consistently vote. If it is not elected the rebel ticket doubtless will be elected, and every vote cast by a Republican for any other than the regular Republican ticket will tend to the election of the rebel candidate. There is no question, there is no doubt about this matter. The only road to success is to vote solidly the regular ticket of the Republican party.

RIDICULOUS FALSHOOD. Newspapers ordinarily have sufficient respect for their patrons to retain a grain of truth in their statements, but the accounts (and for five cents) of the "grand riot in St. Bernard" have not even one saving clause.

Every sentence published on the subject which is derogatory to the Republican gentlemen named is false from beginning to end. Doubtless our contemporaries have been deceived by persons experienced in misrepresentation and falsehood, for no respectable newspaper would knowingly insult its readers by publishing such unmitigated fabrications. A correct account of the St. Bernard meeting was published in yesterday's Republican.

JUDGE LONARD. It will be seen by a card in our issue of yesterday morning that this gentleman has withdrawn from the canvass as a candidate for judge of the second judicial district. He puts his withdrawal on the ground that he desires to preserve harmony in the Republican party. It is unnecessary to witness the manifestation of political good faith where there have been so many instances of selfishness and bad faith. Mr. Lonard is a gentleman of high character and statements, and for his ready conduct will not be forgotten by the great party to which he has united his fortunes.

Texas Convention.—General Buchanan, commanding the fifth military district, has appointed the 15th of June next as the day for the assembling of the Texas state convention, which is to frame a constitution and civil government for the state, in accordance with the act of Congress of March 2 and 23, 1867. The object of the convention is to frame a constitution, and the convention is to be held at Austin, Texas, on the 15th of June next.

JUDGE ROWEN'S LECTURE. The second lecture of the course before the Army and Navy Union will be delivered at 7 o'clock Hall this evening by Hon. William W. Howe, on the "Life of Judge Rowen and his Times." The lecturer is well known to our community as a brilliant and effective speaker, who combines good sense and humor in the most pleasing proportions. He will be greeted by a large audience. The lecture, like the others of the course, is free, and the public are cordially invited to attend.

TO THE COLORED VOTERS OF LOUISIANA.

Colored men of Louisiana.—The grandest hour of your life is at hand! All that is dear to you in this world is at stake. If you fail to do your duty now, the tears and sweat of the next twenty-five years can not wash out the error. On the SEVENTEENTH and EIGHTEENTH DAYS OF APRIL, will be held the state, parish, and city elections. At that election you will be called upon to ratify the new CONSTITUTION. That constitution is your political BIBLE. By its provisions all your rights as MEN and CITIZENS are secured to you. It makes you the POLITICAL EQUAL of any and every WHITE MAN IN LOUISIANA. It declares that you and your children shall never be SLAVES again. It gives you the right of FREE SPEECH and FREE MEETINGS. It opens to you all places of public amusement, and gives you equal rights on all steamboats and railroad cars. By that constitution you may be elected to any office in the state; you may be armed and equipped as a part of the state militia, and your children may attend any public school in the state.

But you must vote for this constitution or you can not enjoy these rights. Remember that your old masters, the Democrats, do not offer you any kind of a consolation. They are opposed to your voting, and will do all they can to defeat the constitution which offers you so many blessings. Do not vote the ticket which they vote, and you will vote right. When they say no, you say YES, and the constitution will be ratified, the state will be saved, and you will have all your rights.

The adoption of this constitution will bring prosperity to Louisiana. Our levees will be rebuilt; Northern men will come with money and settle among us; and the rich men of the North will invest their funds in the lands and trade of our state. You will then obtain higher wages for your labor, and in a short time you will be rich enough to buy a little farm. And in the possession of your property you will be protected by well organized courts and by a powerful militia force composed of Union men.

To secure the adoption of such a constitution it is your duty to make any sacrifice. You may live far from the polls, but if necessary walk a hundred miles to vote for so many rights. Your employer may threaten to discharge you if you leave off work to go to vote, but pay no attention to his threats, go and vote.

It will be better for you to have a constitution which will bring to you so many rights and blessings than to save a few dollars now. Your present loss will be your future gain. Do not be alarmed by threats of violence. Go quietly to the polls and vote, and no one will dare hurt you. Do not fail to take your registration papers with you on the day of election, and if any of you have not registered, go at once and get your papers.

Colored men of Louisiana, you are in the majority in this state. You are EMORY THOMAS strong. If you all vote one way the constitution will be adopted, but your greatest danger is you may divide among yourselves, and if you do, ALL IS LOST. In your Union there is STRENGTH. All vote one way.

There are two state tickets in the field. One is the ticket nominated by the state nominating convention of the Radical Republican party, composed of delegates whom you helped to elect, and headed by H. C. WARMOTH and O. J. DUNN, and the other is composed of men who have come out as candidates without any nomination, and is headed by J. G. TALLAFERRO and F. E. DUMAS, both of whom have been slaveholders. The ticket headed by H. C. WARMOTH and O. J. DUNN is supported by the whole Republican party of Louisiana. The ticket headed by J. G. TALLAFERRO and F. E. DUMAS is supported by the Rebels, Copperheads, and Conservatives, and all who oppose the Republican ticket.

These two tickets are the only ones that can possibly be elected. Either Judge Warmoth or Judge Tallaferra will be elected. All kinds of tricks will be tried to deceive you, and you must be watchful and wise. If you vote for any other candidate for governor than Judge Warmoth or Judge Tallaferra your vote will be thrown away, for he can not possibly be elected, and between these two you can not but vote for Judge Warmoth. All Republicans vote for H. C. WARMOTH and O. J. DUNN, and the regular nominees of your party.

They are the regular candidates. They are your true friends. Congress wants them elected, and they are the only Republicans who can possibly be elected. Then, Republicans of Louisiana, arise in your might, adopt the Constitution, and elect the Radical Republican ticket. Your enemies will be defeated, and you will stand forth in all the pride and glory of your American citizenship.

The Ploymen of yesterday, commenting at some length on a card emanating from Judge Buchanan who was nominated for judge of the Fourth District Court in which he, Judge Buchanan, expressed the desire that his name shall be dropped in any future mention of candidates for office, remarks that "he would certainly, in any way of looking at it, be stepping down to accept a seat on the district bench, when he had held the higher one before he was had opened the flood gates to trash." We are in no doubt after this sage and truthful conclusion of our contemporary, as to the reputation of the present incumbents of the several District Courts, and are confident that the tenure of office of this "trash" will be established on the seventeenth and eighteenth instant, by their being buried from power by the people, and the substitution of good, able, and loyal men in their places.

JUDGE ROWEN'S LECTURE. The second lecture of the course before the Army and Navy Union will be delivered at 7 o'clock Hall this evening by Hon. William W. Howe, on the "Life of Judge Rowen and his Times." The lecturer is well known to our community as a brilliant and effective speaker, who combines good sense and humor in the most pleasing proportions. He will be greeted by a large audience. The lecture, like the others of the course, is free, and the public are cordially invited to attend.

THE MASS MEETING. The mass meeting in Lafayette Square last evening was a splendid demonstration, notwithstanding the inclemency of the weather. Not less than fifteen thousand persons were present, and the frequent flashes of lightning combined with the glare of rockets and torches to make the scene unusually impressive. Eloquent speeches were made by Hon. Simon Jones, J. O. Noyes, Esq., and Messrs. Baker and Noble, and others. And the resolutions were read by Dr. Southworth, and unanimously adopted.

At this point the storm of rain came up with such violence that further proceedings were simply impossible. The enthusiastic multitude were compelled to seek shelter, and fled off from the square with tremendous cheers for Warmoth and Dunn.

We regret the storm, but though it brought the meeting to a sudden close, it demonstrated the earnestness of our loyal people. They endorsed it like true soldiers of a good cause, and retired with renewed resolutions of endeavor in the work before them.

The order of General Buchanan in regard to processions was not intended by him to take effect till to-day. Its premature publication in an extra of the Picayune naturally created some misapprehensions and prevented some clubs from attending this meeting. Yet, in spite of this and the storm, the assembly was a splendid testimony of the power of our party and their determination in the cause of equal rights.

GOOD NEWS. We have learned from a reliable source that a majority of the candidates on the Democratic ticket issued to vote for the ratification of the new constitution, and to induce as many as they can to do likewise. We are not at all surprised at this, as it is in accordance with the opinions we expressed a few days since in analyzing the Democratic party. The game of "heads you win, tails I lose" is not a tempting one to such old political sporting men as rule that organization, nor to their eager and place-furnished followers.

The extensive mill and factory on St. Joseph street, known as the Mariposa Mills with a large stock of manufactured stock, machinery, tools, lumber, etc., surrendered by Messrs. E. Frank & Brother, in bankruptcy, will be sold at auction this morning at 10 o'clock by Messrs. C. E. Girard & Co., acting under orders of the assignees from the United States District Court. The sale will be positive, without reserve, for cash.

We call on the newspapers of this city and State to be at once upon their readers the necessity and propriety of using all their influence to preserve peace and good order during the coming election. Lawlessness and violence can result only in evil to all parties, and the interests of all will be promoted by a fair and peaceable election.

The New Orleans Tribune is containing its unjust course by quoting articles from the REPUBLICAN, which were published when this paper was under a different control from the present, and impliedly claiming that they are now the sentiments of this paper. When will our neighbor learn that fairness and truth and prosperity go hand in hand?

IMPORTANT MILITARY ORDERS. Having previously announced in public print that I deemed it my duty as an honorable man and a consistent politician to support the regular nominees of the Republican party, and my readiness to signing this paper, but I feel not at all apprehensive that the New Orleans Tribune has been or will be taken as misrepresenting me in the matter.

My object being law, order, peace, and prosperity for the State of Louisiana, I oppose all divisions of the Republican party.

I cheerfully support the state ticket.

HEADQUARTERS CENTRAL EXECUTIVE COMMITTEE, New Orleans, Louisiana, March 2, 1868.

Out of eighty-eight Republicans in the constitutional convention seventy-eight have avowed themselves in favor of the regularly nominated state ticket, while four colored men, Rodriguez, of Orleans, Bonafant, of Pointe Coupee, Deane, of St. Tammany, and one of the colored men, and four white men, Tallaferra, of Catahoula, and Crane, Smith, and Muehaway, of Orleans, are the only members of the convention who have bolted their ticket, on which four of them (Tallaferra for governor, Smith for lieutenant governor, Crane for attorney general, and Bonafant for auditor), have placed.

This Central Executive committee, composed of one hundred and forty members, with the greatest unanimity, adopted, January 23 and January 26, the following resolutions:
