TELEGRAPH COMPANIES. THE NATIONAL TELEGRAPH COMPANY.

A new enterprise to be known as the National Telegraph Company has been organized with valuable franchises conferred by a recent act of Congress for the purpose of establishing trunk lines of telegraph on all the principal railroads and mail routes in the United States...

Capital to be \$10,000,000. In 100,000 shares of the par value of \$100 PER SHARE. But the actual amount to be paid in Cash is \$35 PER SHARE.

And this amount is to be paid as follows: One per cent of the amount of subscription, and no more, until the entire capital has been subscribed, and then on call to be made by the Board of Directors; instalments not to exceed five per cent per month. When thirty-five per cent of the par value of the shares has been paid, certificates of stock will be issued. This will give the Company a paid up Cash Capital of \$3,500,000.

Which will be sufficient to duplicate lines to all, or nearly all, the paying points reached by the present telegraph. The present telegraph companies of the country have been consolidated into one huge monopoly, and are now earning over six millions of dollars per year, or over one hundred per cent on the actual cost of their lines, their present capital having been watered over one thousand per cent.

The National Telegraph Company have a recognition from the United States Government of the importance of their enterprise, with a grant of the most valuable franchises ever conferred upon a telegraph company. No competing line has ever had the right now granted by Congress to this Company to construct and operate lines over every Railroad and Mail Route in the United States. The position of this Company differs from that of any company ever before organized. The question of the right of way is forever settled.

The stockholders of this Company can not be sold or transferred to any other Company. The act of Congress under which this company has been organized, prohibits any transfer of the franchises granted.

CALLS TO BE MADE. One per cent of the Stock will be required on "subscribing, and subsequent calls, not to exceed five per cent per month, will be made by the Board of Directors, from time to time, as may be necessary, to apply funds to construct and equip the lines; no call will be made after the one per cent is paid until the entire Capital Stock shall have been subscribed.

ACTUAL CAPITAL REQUIRED. The Company confidently believe that thirty five per cent of the Capital Stock will be constructed and fully equip.

25,000 Miles of Wire. Which will connect all the commercial centres and important places in the United States. This opinion rests upon the most reliable estimates and responsible offers to construct and equip the lines.

The National Telegraph Company is organized under the laws of the State of New York and franchises conferred by an act of Congress, approved July 24, 1867.

President—GEORGE D. SENTER, of Cleveland, Ohio. Vice-President—ROBERT SQUIRES, of New York City. Secretary—GEORGE B. WALLER, of New York City.

COMPANY'S OFFICE. No. 64 and 66 Broadway, New York.

A limited amount of the capital stock of this Company is allotted to this locality, and those having an opportunity, and subscribing, will be placed upon the list of subscribers, and will secure the interest in all franchises which have been, or will be hereafter granted to the Company from any and all sources.

Subscriptions will be received by JULES CASAR, ESQ., Cashier City National Bank, THOMAS J. DIX, ESQ., Cashier Merchants' Bank, and D. WEBSTER, ESQ., General Agent of the Company, at the office of R. G. Dunn & Co., 217 Poydras Street, up Stairs.

NEW ORLEANS, LOUISIANA. No. 63—5th St.
