

New Orleans Republican.

OFFICIAL JOURNAL OF THE UNITED STATES. OFFICIAL JOURNAL OF THE STATE OF LOUISIANA. NEW ORLEANS, MAY 7, 1870.

THE NEW ORLEANS REPUBLICAN HAS THE LARGEST CIRCULATION OF ANY PAPER IN THE SOUTH.

It may be had of the following dealers: George Killa, opposite the Postoffice. A. Simon, 94 Exchange Alley. J. G. Haley, 19 Commercial place. C. G. D. Hollis, 61 Exchange Place. James Ennis, Pontchartrain Railroad depot, Third District, also at depot foot of Lafayette street, First District. John Schafer, corner Ninth and Constance streets. J. W. Long, corner of Love and Esplanade streets, Third District. W. R. Dirks, No. 34 Annunciation street.

The mails due yesterday noon failed beyond Canton.

A column of Sheriff's sales may be found on the sixth page of this morning's paper.

Rain yesterday morning made the atmosphere perceptibly cooler.

The Administrator of Finance publishes an important license notice, which parties doing business are advised to read.

The Administrator of Police, Mr. Pierce, is looking after pound keepers who overcharge for cattle or goats impounded.

A centre-board skiff boat has been picked up on Lake Pontchartrain, and is advertised in this paper.

Governor Warmoth has appointed George S. Lacey, of the firm of Lacey & Butler, City Attorney of New Orleans, in place of J. B. Beckwith, resigned.

Sealed proposals are invited by the Board of Public Works for removing obstructions and improving the navigation of Bayou Vermilion. See advertisement signed by the secretary, Captain R. D. Mitchell.

The names of the gentlemen composing the new board of directors of the Louisiana Savings Bank and Safe Deposit Company, are published in another column. A. D. Grief has been chosen president, and W. Van Norden vice president.

Captain Burdau, agent of the Mississippi Valley Transportation Company, is advised by telegraph that the Atlantic and barges will arrive to-day. He will clear them for St. Louis on Monday.

The Bonifur packet Rose Franks, will leave without fail to-day. Captain Taylor and Mr. Robbins will be found on hand, and those having unfinished business in Bonifur should take advantage of this trip.

Colonel Stockdale, the internal revenue collector for this district, received last Thursday for internal revenue taxes \$21,793 93. The people of New Orleans are paying up very promptly, as they wish to save expense by so doing.

It is coming the season now for gentlemen to replenish their wardrobes, and they can do it with more profit to themselves than to buy of Messrs. Folger & Pitkin, No. 71 Camp street, who always keep up with the prevailing styles.

It is with pleasure we notice the arrival at the St. Charles Hotel, yesterday, of the celebrated divine, Rev. Edward G. Taylor, of Chicago. He will remain in our city but two Sabbaths, and will preach at the Coliseum place Baptist Church, at 11 A. M., and at 7 P. M. Seats free.

Captain George A. Sheridan, having been commissioned and qualified as tax collector of the First District of New Orleans, gives notice that he will in a few days be placed in possession of the tax rolls, licenses, etc., belonging to his office, and be prepared to collect all State taxes and licenses now due in that district.

SALE OF CHOICE AND WELL LOCATED BUILDING LOTS.—At twelve o'clock M. to-day E. A. Deslandes sells by auction, at the Merchants and Auctioneers Exchange, on Royal street, building lots on St. Charles, St. Andrew, Prytanis, Josephine and Foucher streets; also, dwellings and residences.

Some of the most perfect and simple sewing machines in the market are to be seen and obtained from our old established shoe dealers, Messrs. Blakely & Hogan, 99 and 101 Canal street.

The Improved Empire is the machine that is rapidly gaining friends and notoriety, and we doubt not that it is all that is claimed for it.

SEA SHORE RESIDENCE AT BAY ST. LOUIS. The attention of our readers is invited to the advertisement, by J. B. Walton, auctioneer, of a very complete, attractive and convenient residence at Bay St. Louis, Mississippi, to be sold by auction on Friday, thirteenth instant, at the St. Charles Exchange. For convenient arrangement, accessible location, and completeness in every respect for a summer or permanent residence, there are few upon the lake shore anywhere superior.

Captain F. Spraulay advertises in another column the annual regular meeting of the Fourth District German Republican Club to be held this evening.

This is the second club of German Republicans organized in this city, and judging from the number in attendance, and the enthusiasm manifested at the first meeting, we believe that are long German Republican clubs will spring up in every ward of the city, and we advise all German Republicans to join.

WALSH'S NEW FURNISHING GOODS.—The amount of taste displayed by Mr. B. T. Walsh, No. 110 Canal street, in the selection of his spring stock this season, has been a matter of considerable comment among the habitues of Canal street during the past week. Such beautiful cravats and ties, splendid undergarments, gloves, handkerchiefs, etc., rarely has been seen on this side of the Atlantic, while his prices are so reasonable that those splendid goods are placed within the reach of every one. Besides the above named goods, Mr. Walsh has also a general assortment of seasonable goods for children, which parents would do well to go and inspect. Mr. Walsh believes in quick sales and small profits. His goods are always as stylish as any to be found in the country, and having been manufactured expressly for his sale, are reliable in every respect. Go and look at them.

RELEASE OF PRISONERS.

A rather startling proceeding has recently taken effect in the First District Court on the motion of District Attorney Luzenberg.

It is well known to all citizens, quite as well as to lawyers, that the general statutes of the State, including those defining criminal offenses and prescribing their punishment, have been re-enacted substantially and in criminal matters exactly in the same words. Simultaneously with the re-enactment all laws on the same subject matter are repealed, except those contained in the Civil Code and Code of Practice. There can be no difficulty in any mind in defining the legislative intention, and that is what the judiciary are created to determine. In all criminal matters the law has flown on in an uninterrupted and continuous course in the same words and with the same meaning. The repeal of all laws on the same subject matter operated no hiatus for a single moment in the existence or force of a law expressly re-enacted. No such meaning or intention was expressed; nor can such be implied, for it is expressly contrary to what the Legislature said, and every man of common sense knows it is contrary to what they meant. How then the courts which are to decide the legislative intention, could declare otherwise, we can not see. We think the Court was hasty in acting upon the *non prosequi* entered by the District Attorney, and, of course, we think the District Attorney wrong. We mean no impeachment of the motives of these officers, which were, without doubt, good. But the consequences, if further carried out, are so startling, that we must, as an organ of public opinion, condemn the course which has been so hastily taken.

It is said there is a decision of the Supreme Court, made at Monroe last summer, which furnishes some ground for the doctrine which has been invoked. It has been time and again decided, that a decision of the Supreme Court is not of itself a law. It is only a decision of the Supreme Court, and how often that respectable tribunal recedes from its opinions! Even when it adheres to them it is in such language as this, "we see no ground for changing the opinion of this Court, expressed in the case of so-and-so vs. so-and-so," etc.

THE FINANCES OF THE CITY.

Step by step the Administrators are restoring the finances of the city from chaos. In a very few days the city will have practically resumed cash payments. The first financial operation was the resolution offered by Administrator Shaw to pay the charitable institutions, including the orphan asylums of all the various religious institutions to which the city was in arrears. This passed, and the asylums received the amounts due for the past three months in cash—a realization which they had not been used to for a long time. The next movement was taken by several of the departments at the last meeting, to pay in cash the expenses of the city for the month of April, or coequally with the entrance of the Administrators into office. We understand that, with the aid of the arrangements effected with the Bank of New Orleans, the city will pay all these obligations in cash.

We hope the next effort of the city authorities will be to pay the teachers of the public schools. The unpaid rolls from July, 1869, to and including February, and perhaps March, belong to the floating debt, and must necessarily be paid in cash, on the sale of the three million bonds. Let the teachers be paid for April; it is a debt of the city, and our citizens will approve prompt action in the matter.

ON CARONDELET STREET.

The market has not recovered; in fact the market is sick. Good, solvent, trustworthy corporations—institutions with a comfortable exhibit on the credit side that pay dividends regularly and maintain officers in luxury—have lost no prestige with the advent of summer, but the "fancies" are shippily dull. No one cares to "go in," while a few parties are keeping in the back ground. All this may change any hour, and then prices will mount again.

We give a record of a few of yesterday's transactions that took place before the board met. They will serve as a sample of the day's work. Two small lots of Navigation went at \$8 and \$8 25; 100 shares of Levee brought \$12. Two parcels of Ship Island of 500 shares each were sold at \$1 25; 500 more at \$1 30; 500 more at \$1 37 1/2, and another 500 at \$1 40. Sixty shares of Slaughterhouse were disposed of at \$32. At the board this stock did not fare so well.

The following shows the state of affairs at the board last night:

Table with 2 columns: Item and Amount. Includes items like Crescent City Slaughterhouse, Navigation, Ship Island, Slaughterhouse, etc.

Some rumor-monger has recently started a report to the effect that the public markets were to be closed on Sundays, by an order from the city authorities. Upon inquiry at the City Hall we learn that no such movement is contemplated. The Administrator of the Department of Commerce, Mr. Emloy, who has control of the markets, had not even heard that such a report as the one above alluded to was in circulation.

Such of the people as really desire to keep well informed about matters occurring and to occur, take the REPUBLICAN, wherein can be found all the laws of the

State, ordinances of the city, and notices of heads of Departments. Such an important measure as closing the markets on any day of the week is not likely to be adopted without mature deliberation and consultation.

A meeting of the new Board of Directors of the Mechanics' and Agricultural Fair Association took place yesterday for the election of officers to serve for the ensuing year. The following gentlemen were chosen, being all, as we believe, re-elected: President, I. N. Marks; First Vice-President, N. E. Bailey; Second Vice-President, James Jackson; Third Vice-President, C. H. Slocumb; Secretary, Luther Homes. The standing committees remain the same as last year.

The gentlemen thus chosen have exerted themselves to make the fair both useful and successful; and we are glad to be able to testify to the fact that they have, to some extent, infused a portion of their spirit into other citizens who have, heretofore, shown some backwardness in taking hold of anything out of the usual routine.

CONFLICT OF JURISDICTION.

In the month of October, 1869, S. N. Burbank, one of the Commissioners of the Parish, and also a Justice of the Peace, was appointed by the board treasurer and fiscal agent of the police department, obtained an injunction in the Sixth District Court prohibiting the board from interfering with him as treasurer, and enjoining them from electing another treasurer. Previous to this proceeding suit had been brought by Burbank against the State Treasurer to compel him to pay over the funds he had received from the city to pay the police, and liquidate the indebtedness which was standing against the department. The Board of Police attempted to interfere in this suit, which was disallowed by Judge Cooley. They subsequently took an appeal to the Supreme Court in this and several other suits brought by Burbank against the State Treasurer to compel him to pay over the funds he had received from the city to pay the police, and liquidate the indebtedness which was standing against the department. The Board of Police attempted to interfere in this suit, which was disallowed by Judge Cooley. They subsequently took an appeal to the Supreme Court in this and several other suits brought by Burbank against the State Treasurer to compel him to pay over the funds he had received from the city to pay the police, and liquidate the indebtedness which was standing against the department.
