AMONG THE DEPARTED.

IN THE CITY CEMETERIES OBSERVANCE OF ALL SAINTS' DAY. The custom of devoting the first day of November, All Saints' Day, to departed relatives and friends was even more generally observed yesterday than in previous years.

The three old cemeteries bearing the designation, running between the line of squares from Bienville, St. Louis and Conti streets, were the ones most densely thronged, and showed the finest display of gorgeous decorations.

The first, a square of ground, is nearly full of tombs, most of them such as wealth and good taste would build. Among the most prominent of association tombs is that of Jefferson No. 29, erected in the year 1852.

Lafayette Hook and Ladder Company's large tomb were weeds of wo, as also did that of Chalmette No. 23. Gentle hands had trimmed the vaults with fitting mementoes.

Some kind soul had not forgotten the Poydras Orphan's Rest, for tearful flowers were strewn around this unpretending pile. The splendid tomb of Captain C. W. McLeLLAN was neatly decorated with evergreens and autumnal flowers.

The second of the Lafayette cemeteries was well attended all day, and scarce a grave but was marked with some token to denote that a survivor remembered the dead.

The fine tomb of United Order of Druids, Oak Grove No. 2, was neatly dressed with wreaths of oak leaves, while the hall was left open for inspection.

Two large lots, one on either side of a wide cross path, modestly fenced with wooden railings, showed that German societies remember their dead. Burials here were under the sod.

Societe de Bienfaisance des Boucliers is the inscription of a fine vault. Streamers in black and white denoted that memory was still alive for the departed.

THE LEAVES IN IBERVILLE.

Although the following letter from Iberville has been somewhat delayed, it is of sufficient public interest to be published. At this time the people of the riparian parishes are greatly concerned about their levees, and in many of them the work of repair will begin as soon as money can be raised or security given for the expense.

THE OLD ST. LOUIS CEMETERY. Among the most remarkable monuments were the magnificent tombs of the Lusitanian Benevolent Association, that of the Casadores and the Cattalans. These were surrounded by parti-colored flags representing their different, though kindred, nationalities.

Further along the aisles were flanked on either hand by the moldered and crumbling monuments of a past century—the tombs of statesmen and of helmeted and plumed warriors, the sound of whose voices ceased to be heard a hundred years ago.

THE NEW ST. LOUIS. This cemetery is situated on Esplanade street. It contains two notable tombs—one of Colonel Charles T. Drexel, of the confederate army, who fell at the battle of Great Bethel, in April, 1862; the other, of Dr. A. P. Dostie, a martyr to the Union cause, who fell at the July riots in 1866.

THE GREENWOOD CEMETERY. In this we particularly noticed the tomb of General William P. Benton, which had been tastefully decorated by his friends and conferees.

THE TEMPERATURE. The thermometer at Louis Frigerio's, No. 50 Chartre street, stood as follows yesterday: At 8 A. M., 54°; at 2 P. M., 58°; at 6 P. M., 55°.

THE WEATHER YESTERDAY AND LAST NIGHT was cold, dull, gloomy and rain was constantly threatened, though it came in no greater quantity than a sprinkling.

THE MILITARY COMEDY OF "OURS" will be produced at the Academy of Music this evening, with Mr. McKee Rankin as Hugh Chalot and Miss Kittie Blanchard as Mary Nelly. Miss Katy Mayhew, Miss Besie Clifton and Messrs. Frank Knight, M. V. Lingham, Walter H. Woodfield, Belvil Ryan and J. H. Rennie are in the cast.

THE INTERNAL REVENUE YIELDED to the United States treasury during the year ending June 30, 1871, the sum of \$144,011,773. \$68,000,000 or within about \$4,000,000 of one-half was paid by the thirteen Southern States, with a population of only 13,000,000, as compared with the 25,000,000 of the North and West.
