BASE BALL.—An arrangement had been made between the Washingtons and the Lone Stars on the park last Sunday, but the Stars showed only a pair of luminaries—Messrs. Tracy and Tension. However, those two soon made up a nine and gave the Washingtons play. The last named club did not find much difficulty in getting away with the picked nine—15 to 8, six innings.

The Southern Stars failed to meet the Morgans, when the last named played with a picked nine and won the fight—18 to 14.

The George Wrights and Garden Citys, of Gretna, recently organized, played seven innings, the Wrights coming out victorious. Grasshoppers versus Junior Leagues—23 to 20.

A very interesting game of base ball was played Sunday on Keller's Green, between two crack junior clubs, Hope and Lone Star Junior, which resulted in favor of the latter by the score of 22 to 18. Eight of the Hopes anchored out on strikes by the assistance of Brennan and O'Donnell.

WEEKLY MORTUARY REPORT.—Dr. S. C. Russell, secretary of the board of health, reports that the whole number of deaths in this city last week was 193. The causes of death were as follows:

Asthma 1, bronchitis 1, cancer of liver 1, cancer of stomach 1, cancer of womb 1, catarrh 1, cholera infantum 1, cholera morbus 4, cirrhosis of liver 1, congestion of the brain 2, congestion of the lungs 1, consumption 13, infantile diarrhoea 8, erup 2, infantile debility 2, cholera 1, acute diarrhoea 1, chronic diarrhoea 3, dyspepsia 4, drownd 2, dysentery 1, chronic dysentery 1, diphtheria 2, bilious fever 1, congestive 7, intermittent 2, remittent 4, malarial 2, typhoid 1, yellow 2, gangrene of lungs 1, gastro enteritis 1, hemorrhage from bowels 1, disease of heart 4, inflammation of the bowels 2, inflammation of the brain 2, inflammation of the liver 3, injuries 3, lockjaw 5, infantile marasmus 1, old age 1, poison by morphine 7, suffocation 1, tetanus 1, tris nascentium 7.

Number interred from public institutions 19; on certificates of coroners 16; on certificate of sisters 1. Of these 62 were males and 41 females; 56 were white, 26 black, 21 mulattoes. In addition to the above 5 fatalities were reported in the city.

Holders of tickets for the grand promenade concert in the large hall of the Exposition building to-night are quite elated at the prospect of finding a break in the monotony of daily routine. The hall is now fully prepared for public gatherings, and as the room has never yet been open to a public performance it is but natural to suppose place will be well filled this evening.

Columbia No. 5, fire company, will give its annual ball there next Saturday night.

SACRED CONCERT.—St. Theresa's Church on Sunday evening was filled with a large number of refined people, who had assembled to attend a sacred concert. A splendid new organ has recently been obtained and is now in perfect order. A very excellent programme of pieces had been selected and well-known talent secured to render them. A grand voluntary on the new organ was rich and sublime and had been improvised by Professor Collignon. The other pieces, vocal and instrumental, were of a superior order. Mme. Combes and Messrs. Davis and Krebs assisted materially to make the concert what it was.

The paragraph in Sunday's REPUBLICAN relative to an assertion that money had been paid to keep a name out of the papers, had no reference to Captain McCann's department. He keeps his affairs well in hand, and little transpires with his knowledge, for he is one of the best police captains who ever held that position in this city. His clerks and all about his office must and do keep in the right path; if they fail, they must find another locality. It is a notable fact that Captain McCann keeps his rooms entirely clear of straw ball and such hangers-on.

NOMINATIONS.—At a Liberal mass meeting held in Carrollton on Saturday night, the following municipal nominations were made:

For Mayor—Thomas Preston.

For Councilmen—G. Bobeck, Jr., J. C. Kollman, L. Gordon and J. Peltus.

"SQUEALERS."—This is a pet name given to men who gamble, lose their money, and then make complaints that they have been robbed. The tribe has some of these parts again, and we see one or more of them at police headquarters daily. In most instances, the statements made by them are rough and occasionally exaggerated. If men will avoid gambling houses and strange men and places, the fees would soon be compelled to seek legitimate employment.

A GAME OF BILLIARDS FOR A WAGER.—Last Thursday Mr. F. Jack, Jr., publicly challenged Mr. Samuel Rice, of Algiers, to play a game of billiards for money. The challenge was accepted, and Sunday the two were handled. A large number of people crowded into the room and about the doors, anxious to look at the players.

Mr. Jack opened the contest, not counting Mr. Rice failed to count in his turn. At the nineteenth inning Mr. Rice had 131 to 121. Mr. Rice thereafter kept his hand in, and on the ninety-sixth inning scored 950; Jack 791. Unfortunately the scorer failed to keep a correct tally, causing a misunderstanding. Before the game was finished Mr. Rice was the favorite by odds. Con-

Metereological and River Report.

The signal service, United States army, reports, for the benefit of commerce, the metereological record, and rise or fall of the rivers, at 3:43 P. M., local time, yesterday, as follows:

Table with columns: Place, Ther. Wind, Weather. Rows include Chicago, Cleveland, Detroit, Indianapolis, Keokuk, Louisville, Memphis, New Orleans, St. Louis, Savannah, Vicksburg, Shreveport, Port Beaton.

RESIGNED.—The following named policemen have resigned: James Caughlin, N. Lastrapes, S. S. Foster, M. J. Butler, F. Barry, first, fourth, fifth and sixth precincts.

IDLEWILD SOCIAL CLUB.—This club visited Amite City Sunday by way of a pleasure excursion, and the members enjoyed themselves beyond their expectations. Their country cousins gave them a hearty reception, and our sister city was pretty lively for the time. A base ball club up there had been informed that the Idlewild were ball-players, and were prepared to display them, unwilling to disappoint them, managed to gather a nine and had a game, coming off victorious. A foot race was won by an Amite—Robert Sharkey. A boxing match between Messrs. A. Davis and J. J. Connors, both of this city, furnished considerable amusement. Mr. Davis taking a large share of the glory.

A prize of a Greeley hat was won by Mr. George Meyer, of the "Red" more than any of his competitors. The party returned home refreshed, and in better health for the visit.

CRIMINAL COURT.—William Murray, P. McAllister and Mary Baptiste, charged with larceny, Ernest Joseph, assault with intent to kill, and Céline, charged with assault and battery, were severally arraigned, pleaded not guilty, and were recommended to await trial.

An order was made for the drawing of 300 names from the jury wheel for the grand and petit juries for the ensuing term, returnable next Monday.

The oft continued case of E. A. Poplin, charged with the forgery of a city certificate, was again postponed indefinitely.

Plackie, tried on a charge of assault and battery, was convicted, but recommended to the mercy of the court.

HEKOUS.—Jose Cassimer, sixty-five years of age, was arrested in the fifth precinct, charged with the crime of outraging his stepdaughter, seven years old.

A BAD FALL.—Tilly Loeb, eight years old, last evening accidentally fell from the second story gallery of her home, No. 9 Front street, and was badly bruised. The injuries on her head are considered bad.

A dwelling-house in Carrollton was burned last night, but at midnight no information had been received at police headquarters, as the telegraph operator in Carrollton, Mr. B. Ricci, was at the fire, as his own house was in danger of burning.

A police order has been issued, instructing the officers to keep the banquettes in front of the Academy of Music clear of loafers and strollers, who annoy those who wish to enter or leave the building.

GRAIN BY THE WATER ROUTE.—From the St. Louis Democrat.

During the first years of the "grain movement" from this city to Europe via New Orleans every cargo shipped had to be forced.

The New Orleans commission merchants were taking an indifferent attitude toward handling it, and the ships playing between New Orleans and the European ports equally indifferent about carrying it. In order to take grain to Europe it was necessary to procure clear flooring and seal up the holds of their ships, and as this involved some trouble and about \$300 expense, most of the captains preferred to lay their cargoes on the deck, rather than accept this, to them, novel cargo. But now and then a boat could be found willing to try grain, and with every cargo this special tonnage was increased until quite a little fleet was properly rigged for this important traffic.

Now there is quite a willingness on the part of commission merchants to handle grain, and at least a half a load of grain in bulk every trip and filled out with cotton. A vessel so loaded is better trimmed than when loaded, together with cotton, and will make quite an average run to Europe. Last spring the river tonnage of this city was laid up by ice for a period of fifty days or more, and when business southward was opened, the tonnage was increased to the ordinary and preferred stock of the company has been called by the Board of Directors, made payable on the 1st of September, 1872, at the office of the company, No. 35 Carondelet street.
