### THE CONSERVATIVE CONVENTION.

**Conference Committee Appointed.**  
The Conservative Convention met yesterday at noon, Mr. Eugene May, temporary chairman, in the chair, and after a few remarks by the chair, in which he called for a cooperation in his duties on the part of the convention, it was announced the chairman of the committee on credentials was ready to report.

The chairman having appeared, he stated it was impossible to get the report in readiness before one o'clock, whereupon an adjournment took place until that hour.

After the adjournment, the reporter, chairman of the committee, submitted a lengthy report, which embodied the protests and process verbal of election of the delegates, and submitted the following list of those elected:

Second ward—Archibald Mitchell, E. H. Cinden, D. Leary, J. S. Hodgkins, S. Barry, Thomas Dalton, James McCullough, C. Macmillan, B. J. Crozier.

The above reported and received and the committee discharged on a unanimous vote. Mr. Archibald Mitchell was elected permanent president, Mr. P. Collins having declined, and on taking his seat made a few remarks, in which he called attention to the convention to lay aside party feeling and prejudice for the good of the people. His speech was well received.

Mr. W. J. Armstrong was elected vice president. Mr. Sam Burns was elected secretary.

On the appointment of deputy marshals, the president announced that communications were in the hands of the reading, however, a motion was carried that no delegate be allowed to speak more than ten minutes, and only once on the same question.

A communication from the Democratic and Liberal State central committees was received by the body. It called for the forgetting of past differences, insisted on a hearty fusion, and was signed by Emile Lascaux and Tom Hays.

The resolution from the Democratic parish committee was received, which brought the convention to an adjournment of the committee on credentials.

The resolution to appoint a committee of conference was offered by D. Brady, of the first ward, and provided for the appointment of a committee of fifteen, one from each ward, to confer with the members of the bar, who were compelled in courtesy to recommend some action.

A resolution was adopted forbidding any delegate to run as an office holder.

The resolution to appoint a committee of conference was offered by D. Brady, of the first ward, and provided for the appointment of a committee of fifteen, one from each ward, to confer with the members of the bar, who were compelled in courtesy to recommend some action.

A recess for the purpose of selecting the committee on conference was taken, after which the following list was announced as constituting the committee selected by members of the bar as "worthy of the highest commendation." A strong vote being made to table this, the president said that the committee having declined, he would appoint the members of the bar, who were compelled in courtesy to recommend some action.

### THE ELECTIONS YESTERDAY.

Elections were held yesterday in Indiana, Iowa, Ohio and Pennsylvania. In the latter State the vote for President in 1868, was 342,280 for Grant, and 313,382 for Seymour, Republican majority 28,898. In 1869 Geary's majority for Governor over Packer, was 4296. In Philadelphia city and county the vote was for Geary 51,292, Packer 46,892. In 1871 the Republican vote was 62,005, the Democratic vote 50,511.

In Ohio the vote for Grant was 380,128, for Seymour 238,700. Republican majority 141,428. In 1871 the majority of Noyes, Republican, for Governor, over McCook, Democratic, was 20,168. Hamilton county, in 1871 gave 17,813 Republican votes, and 16,297 Democratic.

In Indiana Grant's vote was 176,552; Seymour's vote 166,989. Republican majority 9,563. In 1870 the Democratic majority for Secretary of State was 2508.

In Iowa the vote for Grant was 120,309; for Seymour 74,940. In 1871 the Republican vote was 108,891; the Democratic vote 67,547.

It is conceded by Colonel Forney and Colonel McClure that Hartranft is elected in Pennsylvania. He has kept well up with the balance of the Republican ticket, and his majority is estimated at from 10,000 to 15,000.

Indiana, which by many it was supposed would elect Hendricks, the Democratic candidate for Governor, does not show, as yet, a decisive result. The returns are meagre, the ticket long, and the results come in slowly.

Nebraska, which gave Grant a majority of 4290, has now proved true to the faith of 1868, and again unites her destinies with the fortunes of the Republican party of the Union. The last hope of the supporters of Greeley has been crushed by the result in Pennsylvania where shared politicians among the Liberals confidently expected to triumph over the Republican hosts. The effect will be the speedy disruption of the combination that has been maintaining Mr. Greeley, his utter and disastrous defeat and the re-election of President Grant.

The Greeley party will weaken from the present time till the day of the presidential election, and their candidate will hardly obtain a respectable minority in the electoral college.

Ohio shows Republican gains over the last State election, and the Republican majority is estimated at 15,000.

In Ohio, which is claimed by the chairman of the Republican State committee as safe for the Republicans by 15,000 majority, the Liberals gain Congressmen in the first and sixth districts. Hamilton county, which includes Cincinnati, gave a Democratic majority of 1364 in 1871, which is now increased to from 3900 to 5000. The Liberals claim the State.

Our later dispatches from Washington this morning report that Republicans in Indianapolis outvoted the election of Hendricks.

At five o'clock this morning when reports by telegraph closed, the result of the election in Ohio seemed to be in no doubt. The State has gone Republican by a large majority. The political character of the result selected Congressmen is also very clearly defined in our dispatches.

From Ohio the advocates of Mr. Greeley's election obtain no comfort.

Rain, much needed, came last night, commencing shortly after six o'clock, continuing at intervals till after midnight, when a steady storm set in. A day or two of discount set with wet weather brings will be cheerfully borne by the majority of our people who need water.

The Geneva Award—It will cover the State in a special to the Chicago Tribune. New York, October 3.—Mr. John A. Parker writes as follows to the Journal of Commerce: "I have been asked if the sum awarded by the Geneva Board of Arbitration is sufficient to cover the fair and bona fide claims for spoliation of the property of American citizens by the privateers. On examining the whole premises, I think the award is sufficient to cover the aggregate of purely consequential damages for the breaking up of the voyages, prospective catch of whaler, etc., not allowed by the arbitrators. There will also be found a large amount of claims twice made by owners and insurers, and a further large amount of over valuations of vessels and claims of gross freight, instead of net freight, not allowed by the arbitrators, and in addition to these there is likely to occur a number of claims actually fictitious and worthless, the whole thus reducing the bona fide claims as allowed a little below \$1,000,000. The interest on this sum for nine years at six per cent is \$5,490,000, which, together with these sums, equal \$16,910,000, the amount of claims and interest. At the present rate of gold, \$15,500,000 would yield a premium of \$1,500,000. To gather these sums equal \$17,375,000 in currency, to pay \$16,910,000, claims and interest."

The temperature.  
The thermometer at Louis Frigerio's, No. 50 Chartres street, yesterday stood as follows: At 8 A. M., 69°; at 2 P. M., 82°; at 6 P. M., 78°. Lowest point during the night of October 7, 67°.

The Opelousas Journal says:  
The Republicans are now united in the State. There are three other parties in the State that have united on a common State ticket in opposition to the Republican State ticket, but are divided and opposed to each other in parochial politics. They are calling upon the Republicans to support their parochial candidates, telling them they can vote for the national and State Republican tickets, so they vote for their parochial ticket. If such conduct as this does not deter the Republican party in the State it will not be the fault of the Democrats themselves. The Liberals will not suffer much, however. Greeley and Brown are remote, and the election of the fusion ticket would practically give the State to the Democrats, and if they are willing for their national and State tickets to be defeated for the sake of defeating, or trying to defeat, the Liberals in parochial affairs, the funeral will be principally theirs.

The Republican nominees in Concordia parish are as follows:  
For representatives, David Young and George Washington; for sheriff, Oren Stewart; for parish judge, J. S. Meng; for clerk of the court, T. P. Jackson; for recorder, James Norment; for coroner, James Franklin; for police juror, Thomas Reber, John W. George, L. Walton, George S. Sawyer, S. D. Johnson.

WASHINGTON, October 8.—The day is delightful. The voting here is progressing finely.

Twenty-five negroes were arrested in Newark, New Jersey, for false registration in one ward.

The Cabinet was in session to-day. Only routine business transacted.

Private dispatches report the Liberal majority in Cincinnati 2500, and are favorable for Hendricks' election in Indiana.

The Republicans are less confident about Pennsylvania.

S. P. M.—Pennsylvania seems to have gone for Hartranft and Indiana for Hendricks. No report on the election of Ohio. Nothing through the regular channels yet.

Bets are freely offered that Hartranft has 10,000 majority. Forney and McClure concede the State.

The Treasury Department has recognized the fact that the customs revenue is annually defrauded to a large amount, and has issued the following circular:

This department is in receipt of complaints of negligence on the part of customs officers in the execution of their duties pertaining to the inspection of boats, canoes, carriages and persons arriving from foreign adjacent territory, whereby illegal traffic is encouraged, damaging to the trade and the public revenue. It is reported that there is often an omission to report to any customs officer on the false excuse that the vessel is a pleasure boat, and to be reported for inspection and payment of duties at the office of the collector or deputy collector nearest to the boundary line, and to be reported for inspection and payment of duties at the office of the collector or deputy collector nearest to the boundary line, and to be reported for inspection and payment of duties at the office of the collector or deputy collector nearest to the boundary line.

WILLIAM A. RICHARDSON, Acting Secretary.

PENNSYLVANIA.

The Election Yesterday—Hartranft Elected—Majority Ten or Fifteen Thousand.

[Evening Dispatches.]  
New York, October 8.—The Tribune's Philadelphia special says both sides are confident. Each claim the State by 20,000 majority.

PHILADELPHIA, October 8.—A full vote in the city is likely to occur. The election is progressing very quietly.

Under the new law all taverns are closed. The United States marshal has 800 special officers on duty, distributed among the wards with the intent to occur to the public revenue. It is reported that up to noon no serious disturbances are reported.

Reddy the Blacksmith from New York, was arrested after voting three times, and locked up for future hearing. Fifteen tax receipts were found on him.

In the fourth ward, the strongest Democratic vote was cast, and a heavy announcement of the vote was made to noon than are usually polled during the whole day.

[First Night Dispatch.]  
Lebanon—Hartranft 50 ahead.  
Doylestown—Buckalew gaining ground.  
West Chester—Hartranft runs well up with his ticket.

Chester county—Pennbury, Buckalew 14 majority.  
Perry county—Millerstown 6 Democratic majority.  
Northampton county—Bethlehem, first ward, Hartranft 32 majority.

Philadelphia—In thirteen wards of the city, during the first hour, Hartranft was 2631 ahead of Buckalew, and over 600 ahead of the Republican ticket.
