The most of my collections are from the Albany and Long-Island Nurseries. I have cultivated trees from 1 to 5 years old, and several thousand seedling trees from 3 to 8 years old. Any person who wishes to get a very choice selection of fruit will do well to call and examine, as I think I can furnish them with as good kinds as can be had in the country. Nearly all my cultivated trees are at my Nursery at Pine Lake, five and a half miles east of White Pigeon, on the Chicago road; also, a large quantity of seedling trees at the nursery at White Pigeon, embracing all sizes, which I will sell cheap if applied for this fall, before I remove them to my Nursery at Pine Lake.

If any person has doubts as to fruit trees doing well in this country let them come and see my Orchard, which is not out-done in any country of the same age. I have from five to six hundred fruit trees, in my orchard, the most of which have been set two years last spring, and were three years old when set; nearly all of these were cultivated at the nursery at White Pigeon. These trees have grown as vigorous and as fine as any I ever saw in any country, and it is so acknowledged by all who have seen them. I had fruit on some of these trees this year: apples, plums, peaches, cherries, grapes and currants; and they produced as fine fruit as the same kinds do in the state of New-York.

The apples which were so famously extolled in the Constantine Republican of the 31 of August last, from the New-Lovell Orchard, were from trees selected from the White Pigeon Nursery. I shall have grape and currant cuttings this fall; also a few pounds of Ruta Baga seed. Prices:—Apple seedlings 8 cents; apple grafts 18 cents; pears 25 to 38 cents; plums 18 to 25 cents; cherries 25 cents; peaches 6 to 13 cents; grapes 25 cents, from 1 to 2 years old; currants from 50 to 75 cents a dozen.

The fall is allowed to be the best time to set trees. White Pigeon, 19th Sept. 1836. JOHN JONES, 3m13
