INTELLIGENCE BUREAU.

PLANTERS, ATTENTION.

Riard's Employers' and Servants'

INTELLIGENCE BUREAU AND CLAIM AGENCY,

114.....CARONDELET STREET.....114

NEW ORLEANS.

The undersigned, having had many years experience in one of the largest Northern Cities, in the selection of servants for employers, and in obtaining situations for the unemployed, and believing in the advantage to the public of a permanent bureau, where those needing help can call at any time and secure such as may be required, and those out of employment can obtain good situations, inform the public that they have established a bureau as above, where, at the shortest notice,

PRIVATE FAMILIES, BOARDING HOUSES, HOTELS, RESTAURANTS, STEAMBOATS, STORES, PLANTATIONS, Etc., Etc.,

can be supplied with first-class cooks, waiters, nurses, stewards, (male and female) matrons, housekeepers, seamstresses, traveling servants, ladies' maids, valets, servants of all work, men or women to work by the day or month. Also, book-keepers, clerks, salesmen, overseers for plantations, bar-tenders, coachmen, waiters, groomers, hostlers, office-cleaners. Boys for any occupation, and likewise laborers for plantations, white and colored.

English, French, American, German and Spanish employers wishing first-class help, and those desiring good situations in the city or country, will find it to their advantage

TO CALL AT ONCE, OR COMMUNICATE AND HAVE THEIR NAMES REGISTERED.

Special attention given to private families and ladies will find it to their advantage to call in person, and make known their requirements.

Neatly Furnished Sitting Rooms for those Desiring Situations.

Planters wishing first-class laborers from the North, or any of the Southern States (white or colored), can have their orders filled on short notice, by calling in person or addressing this bureau, as we have agents in each of the Southern States as well as in Northern cities, expressly for the purpose of engaging hands.

Agents wanted in the country parishes and in the States of Alabama, Georgia, Mississippi and Texas, to whom a liberal compensation will be paid, for the purpose of engaging and forwarding labor. For particulars, enclose postage stamp.

UNITED STATES CLAIM AGENCY.

Claims of all kinds against the States, or the United States, for bounty, pensions, prize money, etc., etc., collected promptly.

Land warrants of the Revolutionary, Black Hawk, Florida, Mexican Wars, and War of 1812 bought and sold.

LANDLORDS AND HOUSE-KEEPERS!

THE REMOVAL OF THE CONTENTS OF WATER-COSETS, PUMPS, &c., in an independent manner, without detriment to public health, is a subject which has engaged the attention of the authorities of all large cities for ages.

Physicians united in declaring that a large proportion of diseases resulting from cholera, dysentery, typhoid, and other malarious fevers, and even epidemics were attributable to the terribly offensive gases which arise from human excreta, upon its removal from the original deposit with buckets, agitating and exposing the contents to the atmosphere during the process of the work, and infusing the air while being transported through the streets to the nuisance wharf. All agreed as to its baneful effects, and sought in vain for a proper remedy.

The cautious and ingenuity of a firm of Baltimore mechanics has at last overcome this seemingly insurmountable barrier, and given us an invention which, in the opinion of the sanitary officers of some twenty-five of the largest cities of the Union, is as near perfect for the purpose intended as it is possible to approach.

This invention is emphatically what it is claimed to be—AN ODORLESS EXHAUSTING APPARATUS—devoid of all the disgusting odor as not to attract attention, nor would the passer-by unless informed, have any idea as to what was being done.

4. THERE IS NO ODOUR WHATSOEVER—The sickening effluvia which arises under the old system is entirely obviated, and the gases consumed by a deodorizer.

The fact that the sanitary officers and boards of health of this, and nearly all other large cities, recommended its use, declaring it to be cleanly, odorless, economical, practicable, and a preventive of disease, is a sufficient guarantee that the invention possesses all the qualities obtained, and shows it to be worthy of adoption from sanitary motives alone.

This apparatus is used in this city by the New Orleans Sanitary Excavating Company, who are now ready to go into practical operation.

All orders sent to the office of the Company, 153 Common street, or sent to Box 913 Post-office, will receive prompt attention, and at low prices.
