OUR LIVER IN SPRING.

What People Ought to Know of It. The nerves which control the liver often become weakened, irritated, diseased especially in the spring. The function of the liver is disturbed, and torpid liver or sluggish action results.

torpid liver or sluggish action results. Hence the bile, which is waste and poisonous material, is not properly excreted and accumulated from the body. This retained bile causes indigestion, dyspepsia, gas, flatulency, biliousness, constipation, and taste, malaise, headache, dizziness, dull head, nervousness, and particularly during spring, weak, languid and tired feeling. If not cured, this condition leads to fatal liver and kidney diseases. All persons need a medicine to stimulate and revitalize the liver and strengthen their nerve force in the spring.

The grip, also, had a peculiarly weakening effect upon the nerves and liver and those who had this disease have never recovered their former health.

The best remedy and most certain cure for liver complaints and weak nerves is Dr. Greene's Nervura, which restores digestion, corrects the disordered liver, regulates the bowels, invigorates the blood and by strengthening and vitalizing the nerves, re-establishes health and strength. It is purely vegetable, harmless, and sold by druggists.

Dr. Greene, the successful specialist, in curing all forms of nervous and chronic diseases, 35 W. 11th street, New York, can be consulted FREE, personally or by letter. Call or write him about the case, or send for symptom blank to fill out, and a letter fully explaining your disease, giving advice, etc., will be returned free.

Health has its weight. We cannot go far above or below our healthy weight without disturbing health. We cannot keep health and lose our weight.

It is fat that comes and goes. Too much is burdensome; too little is dangerous. Health requires enough fat for daily use and a little more for reserve and comfort. That keeps us plump. The result is beauty—the beauty of health.

A little book on CAREFUL LIVING shows the importance of keeping your healthy weight. We send it free.

PECK'S DRUG STORE

MARSHMALLOW SOAP. 15 Cents Per Cake. This soap is manufactured by Helen Palmer, New York. It is not made of tallow, but of French pomade. These pomades are used in making Palmer's extractions for the hair, which are the best in the world. After the soap is washed from them by means of spirits, the pomade is manufactured into soap. Of course the supply of pomade is limited and the output of the soap small; but the quality is the best of any soap in the market, because the pomades are composed of the finest materials and are used for extracting the odor from the flowers. Each cake weighs six ounces. The soap is free from the alkaline nature so injurious to tender hands and faces. We have had it branded Marshmallow, to distinguish it from inferior soaps. It cannot be purchased in the dry goods stores, as the trademark "Marshmallow" by mutual agreement, belongs to Peck Bros., and we decline to sell it at wholesale. Try a box of the Marshmallow Soap and decide upon its merits. See for three cakes.
