is Out of the Presidential Race

THERE IS ONE CANDIDATE LESS

He Writes a Letter Withdrawing His Name as a Candidate—His Reasons for This Action.

WASHINGTON, March 31.—Senator Cullom will not be a presidential candidate. His formal announcement to this effect was given to the press Wednesday night in the form of a letter which the senator wrote to ex-Mayor Roche, of Chicago, under date of the 26th inst. The withdrawal from the presidential field is unqualified.

Not Much of a Surprise. The letter is no surprise to the senator's friends here, as they have expected it for the last ten days. Monday, however, the senator almost concluded to withhold the letter. Gen. Poas, of Illinois, who called on him and had a lengthy talk on the state and national politics, left him with the impression that however the senator might have felt about quitting the field, he had concluded to fight it out. But constant reports appearing in print that Cullom was being "forced out" finally led him to put a stop to the talk, which had become very irritating to him, by asking his Illinois friends not to urge his name any further.

Senator Cullom's letter to ex-Mayor Roche follows:

UNITED STATES SENATE, WASHINGTON, March 28, 1897.—Hon. John A. Roche, Chicago. My Dear Friend: Your favor of the 25th, in which you inquire concerning my wishes in reference to the selection of a delegation to be chosen by the republicans in the several congressional districts and by our state convention to represent the party in the national convention to be held at Minneapolis on June next, has been received and I take pleasure in answering you frankly as to my position. I have said to republicans who have written to me and to the gentlemen representing the press who have inquired of me that I would esteem it a high honor to have the support of the Illinois delegation in the national republican convention for president of the United States, and would be pleased to have such designation do all that honorably could be done to secure for me the nomination.

"I have had many letters asking me to leave my post of duty here and come to our state and take part in the campaign going on between candidates for the several state offices, and also to look after my own interest in the selection of delegates to the national convention. I have declined to do so, and as I am situated, I do not feel at liberty to leave my official duties to take part in any campaign for myself or any one else, and would not see do so for any office.

No Longer a Candidate. To the people of the state of Illinois, who have honored me repeatedly with their confidence and whom I have served faithfully for many years, I am grateful. I desire, however, that my name shall not be longer used as a candidate for the office of president. The people here to favor the re-nomination of President Harrison, whose administration has been able, wise, courageous and patriotic.

I am a republican, I believe in the principles and policies of the party, and I expect always to do my part, as I may be able, in upholding it while in power and in securing for it victory. We have before us in Illinois and in the nation a great and stubborn battle. Must Have Harmony. We must have harmony in our ranks if we are to be successful either in the state or nation. Our state and national conventions should be wise in the selection of candidates who are most likely to give our party success in the late and nation, and by success give assurance of the continuance of our present wise, strong and patriotic foreign policy, a well-considered local policy, the foundation principle of which is honest money for honest people; a revenue policy under which American trade and industries will be carefully fostered and American labor jealously protected; an internal policy that will make navigation safe and sure on our great rivers; that will give commerce between the states protection from extortions and unjust discriminations; that will give the country a pure and competent civil service; that will compel respect for the rights of every citizen in every state; that will make the government potent in its parts and invincible in its policy. With respect, I am very truly yours, "S. M. CULLOM."

Still a Candidate. PITTSBURGH, Pa., March 31.—Ex-Senator Blair, who was here Wednesday afternoon on his return from a southern trip, said: "It is true that I am a candidate for the presidency. My impression is that with the delegates to Minneapolis the man who is most likely to lead the party to victory will be nominated. Pledges will not amount to much when that question is considered. The main issue will be the tariff, and silver will cut some figure."

BEHRING SEA ARBITRATION.

Secretary Blaine Will Conduct Further Negotiations on the Subject.

WASHINGTON, March 31.—Secretary Blaine has resumed the discharge of his official duties and will conduct all further negotiations on behalf of this government in the Behring sea matter. Sen. J. W. Foster will continue to assist in the conduct of these negotiations, as well as others affecting the commercial interests of the United States. The two gentlemen named had a conference with the president Wednesday morning in regard to the details of the reply to be made to Lord Salisbury's note of the 26th inst., agreeing to a renewal of last year's modus vivendi under certain conditions respecting indemnity. It is said that no further action will be taken in regard to the arbitration treaty until the arrangements for the modus have been completed.

WISCONSIN ALLIANCE.

The Farmers' Organization of the Badger State Indorses the People's Party.

EAU CLAIRE, Wis., March 31.—The state Farmers' Alliance went into politics Wednesday with a vengeance and threw itself into the arms of the people's party. Without a dissenting vote it indorsed the resolution adopted at the St. Louis convention which demanded free and unlimited coinage of silver, graduated income tax, postal savings banks and government ownership of railroads and telegraph and telephone lines. The alliance also demanded that evidence of indebtedness shall be taxed and shall not draw interest unless they are shown to be duly assessed; that "board of trade gambling" be suppressed, and that laws be enacted to prohibit combinations to control the markets. Wisconsin representatives in congress are asked to support the passage of an anti-option bill at the present session. A fourth resolution is in favor of woman suffrage. Officers as follows were elected: President, C. M. Butt, Viroqua; vice president, H. L. Scribner, Cartwright; secretary and treasurer, N. E. Moody, Viroqua.

The origin of the fire is a mystery. The loss on barn and contents will be something in the neighborhood of \$30,000.

Only the iron frame work of the structure had been put together and it had been insufficiently bolted and braced.

CHICAGO, March 31.—Charles H. Fargo, of the well-known shoe manufacturing firm of C. H. Fargo & Co., of this city, died at Leesburg, Fla., at 11 o'clock Tuesday night. Mr. Fargo had been ill nearly all winter and left the south about the middle of February in hope of regaining his health. His death was very sudden. Mr. Fargo was about 65 years old.

VALPARAISO, Chile, March 31.—Minister Egan has presented to the Chilean foreign office a claim on behalf of the liquidators of the American house of Alsop. The claim amounts to nearly \$1,000,000 in silver, including interest. The claim is for subsidies granted by the Bolivian government for opening up mines. After Chile acquired the land by war, in 1880, the concessions were disallowed.

They Are Still Needy.

ST. PETERSBURG, March 31.—Reports from the American agents in the famine-stricken provinces contradict the statements that the peasants are in no further need of assistance. These statements have caused much anxiety among the peasants, who are in urgent need of corn, especially seed corn.

Believes It a Canard.

WASHINGTON, March 31.—State department officials place no credence in the story sent out from Indianapolis that the government would pay 100,000 francs to the families of such Italians as were massacred by a mob at New Orleans a year ago.

WREAKING DIRE VENGEANCE

Joseph Lytle, Who Nearly Killed His Wife and Two Daughters, Taken From Jail and Hanged.

FINDLAY, O., March 31.—Joseph Lytle was taken from the jail here by an angry mob at 12:30 o'clock a. m. and lynched. The mob included 1,000 men. The windows of the jail were broken, but the cell of the prisoner could not be reached by that means. Then the determined men procured oil-well drills and battered down the doors, and the murderous wretch was at their mercy.

Strung Up.

He was dragged out into the street and taken to a bridge a short distance away. A rope was put around his neck and one end thrown over a cross piece of the structure. When the mob were in the act of pulling him up a shot from a revolver parted the rope and the wretch fell to the ground. But the mob were determined that the wretch should die. He was quickly picked up and hustled to the nearest telegraph pole, where the lynching was completed.

His Awful Crime.

Lytle butchered his divorced wife and his two daughters in a horrible manner Wednesday morning. He was an inmate of the National soldiers' home at Dayton. He got leave of absence and returned home with murder in his heart on Sunday. From that day until the moment of the bloody crime he staid quietly in the house with his unsuspecting though estranged family. He carefully sharpened his murderous hatchet and after breakfast Wednesday he crushed the skull of his daughter Delia with the pole of the hatchet, and leaving her for dead dealt a blow at his daughter Emma, who escaped with a comparatively slight wound. Then he rushed at the invalid wife who was once his wife. Giant though he was and weakling she, a terrible struggle ensued. He rained blows on her which she warded off with desperate energy. Six blows landed on her head without breaking her skull. One blow cut a finger off her right hand. Then the woman was exhausted and the fiendish ex-husband crushed her skull. After this he cut the piano, the pictures and all the furniture to pieces and gave himself up. The only motive assigned is total depravity.

THE FREE WOOL BILL.

The Discussion in the House Will Probably Close on Saturday.

WASHINGTON, March 31.—It is settled now that this week will close the general discussion on the free wool bill. At a conference of the democratic members of the ways and means committee Wednesday it was formally decided that general debate should close this week. In order to give as many members as possible opportunity to discuss the tariff it was resolved that night sessions should be held for the remainder of the week and that on Saturday a motion should be made to close the general debate. Under this programme it is contemplated that the wool bill shall be taken up and passed on Monday, a few hours probably being previously allowed for debate under the five-minute rule. Chairman Springer will himself appear in the house on Monday and probably make the motion to suspend the rules for the passage of the bill.

BANKS IN DANGER.

MILLIONS OF Dollars' Worth of Paige's Spurious Paper Held in Cleveland.

CLEVELAND, March 31.—As developments are made in the Paige bank failure case the situation becomes more and more alarming. It is now rumored that two or three Cleveland banks hold spurious paper issued by Paige in such quantities as to make them exceedingly shaky. The amounts involved are now pretty sure to amount to millions. Instead of thousands, as was at first supposed. Great quantities of paper issued by Paige are held in nearly every city of northern Ohio, but just how much of it is worthless has not yet been learned and probably cannot be known for some time to come.

Many Farms in Nebraska Swept by Flames, and the Loss Was Heavy.

farms have been wiped out. Many fleeing escapes are announced, but no loss of life as yet, though many of the burned districts are still to be heard from. The largest of the prairie fires seem to have started about 60 miles south of this city, commencing Sunday night about 9 o'clock and reaching the Kansas line at 7 in the morning. Farmers were warned of the approaching danger by messengers mounted on fleet horses, and many were able, by back firing, to save their homes.

GEN. DUSTIN DEAD.

The Assistant United States Treasurer at Chicago Expires at Carthage, Mo. CANTHAGE, Mo., March 31.—Assistant United States Treasurer Daniel Dustin, of Chicago, died here Wednesday. He will be taken to his old home at Sycamore, Ill., for burial.

Gen. Dustin was first taken ill while making speeches for President Harrison in the campaign of 1888 and has never been a well man since. He received his appointment as assistant United States treasurer at Chicago in 1893, but was compelled to relinquish the duties of his office several months ago owing to failing health. The trip to this city was taken in the hope that it would help him to recuperate, but he began to fail rapidly the next day after his arrival.

Daniel Dustin was born at West Topham, Vt., October 6, 1820; went to California in 1849, and was a member of the legislature when that state was organized. He moved to Illinois about 1855. In 1861 he entered the federal army as captain of the Eighth Illinois Cavalry, and was promoted to be a major, after which he raised the One Hundred and Fifth Illinois Infantry. Later on he was made brigadier general by Benjamin Harrison. He was an old war but later a stalwart republican. He is a comrade in the Grand Army of the Republic, a member of the Loyal Legion, a Knight Templar and is past grand commander of the state of Illinois.

HE TERRIFIED ALL PARIS.

Arrest of Ravachol, Who Is Charged with Too Free Use of Dynamite.

PARIS, March 31.—Leon Ravachol, who is accredited by the police with being at the head of the band of anarchists who have caused the recent dynamite explosions in various parts of the city, was taken into custody Wednesday. A police commissary and six gendarmes, who were in search of Ravachol, found him in a cafe at the corner of Rue Lanery and the Boulevard Magenta, which was frequented by workmen. When Ravachol saw the police enter the place he sprung to his feet, and putting his hand inside the breast of his coat, half drew a pistol from his pocket. Before he had time to use the weapon the police rushed upon him and seized him. He made a sharp struggle, but was soon overcome and his hands tied behind his back. Ravachol was in no way cowed by his arrest, but shouted as loudly as he could: "Vive anarchism?" At the prison he was searched and it was found that he was armed with two revolvers and that his walking cane was a sword stick.

On the Liquor Habit Positively Cured by administering Dr. Halsey's Golden Spherule. It can be taken in any form, or in food, without the knowledge of the patient. It is absolutely harmless, and will effect a permanent cure, and spread the patient in a moderate time, or an alcoholic weak. It has been given in thousands of cases, and in every instance a permanent cure has followed. It never fails. The system once impregnated with the Spherule, it becomes an utter impossibility for the liquor appetite to exist. It is not a benefit or cure, in every case for which it is recommended, you get your money back. It isn't a "cure-all," but it does cure all diseases arising from a torpid or deranged liver, or from impure blood. For all Scrofulous, Skin and Scalp Diseases, it is a positive remedy. Even Consumption, or Lung scrofula, is cured by it, if taken in time and given a fair trial. That's all that's asked for—it's a fair trial. Then if it doesn't help you, there's no pay. Beware of spurious imitations or dilutions, offered at low prices. We claim it to be an unequalled remedy to purify the blood and invigorate the liver. We claim it to be lasting in its effects, creating an appetite, purifying the blood, and preventing Bilious, Typhoid and Malarial fevers, if taken in time. The time to take it is when you first feel the signs of weakness and sickness. By Druggists.
