Superintendent Bettinghouse Asks the Board

FOR MORE FIRE ALARM BOXES

His Request is Tabled—Old Patrolmen Will Be Detailed to Act as Turnkeys at Headquarters.

For the first time in nearly three months President Lettitt presided at the board of police and fire commissioners yesterday. Fire Marshal Lemoin made a verbal report to the board concerning affairs in his department. He said that No. 1 truck was in bad condition. He advised procuring a new truck that should be of as light construction as possible, owing to the fact that the truck visited fires on the hill and eastern part of the city. Superintendent Eastman's report contained suggestions that the property room in the basement should be fitted with pigeon holes and that it be ventilated in a more perfect manner than at present. He also reported the arrest of Patrick Ryan, who has been passing himself as a Catholic priest and passing counterfeit checks.

Mr. Bettinghouse came before the board and said that the representative of the Gamewell Fire Alarm System company desired to appear before the board. He was admitted. He understood that the board contemplated buying apparatus, and read decisions of certain Massachusetts courts, granting the Gamewell company an injunction against the Municipal Fire Alarm system's manufacturing fire alarm system. The Municipal company's representative had been before the board on the previous week and presented propositions for putting in additional fire boxes.

Asked an Advance. A. Himes communicated the fact to the board that he could not furnish the department with the coal necessary at the price of last year, but offered to do so at an advance of 50 cents per ton for hard coal, soft coal to remain at the former price.

Patrolman William Whiting petitioned the board for a three days' leave of absence. Referred to chief of police and president with power to act.

Superintendent Bettinghouse recommended that fire alarm boxes be placed as follows: Griggs avenue and South Division street, Dickerson avenue and Madison avenue, Okadale avenue and Cordelia court, Fifth avenue and Woodlawn avenue, Buckeye and Hollister streets, Foster avenue and B. street, Sibley street and Marion street, Cedar street and Lafayette street and West Leonard and Scribner street. Tabled.

S. W. Baxter, supply agent, presented estimates for supplies in the department for the year, 126 tons of coal, 5,000 bushels of oats, 114 tons of hay, 14,500 pounds of bran, 18,900 bushels of bedding shavings and 500 bushels of carrots. Referred to committee on property.

Elmer E. Johnson tendered his resignation to the board and it was accepted.

Accounts Allowed. The following accounts were allowed: Sprout & McBurnin, \$25.44; Thornton & Reed, \$10; John Cummings, \$10.25; C. B. Bathoun, \$11.35; Dean Printing Company, \$12.45; Hansb, \$7.15; Duggan Bros, \$12.10; Vogt, Herpoelshelmer & Co., \$518.82; Granite Stone company, \$42.70; Leonard's Sons & Co., \$16; Peninsular company, \$1; Shearn & Carley, \$43.34; Lettitt iron works, \$57.97.

The special committee recommended that James Atkinson, court stenographer, be furnished with a room in the headquarters building. Adopted.

The committee to whom was referred the matter of purchasing a hook and ladder for house No. 1 reported favorably.

The committee on men and discipline to whom was referred the suspension of William Pitts for being absent without permission, recommended his discharge. It was adopted.

Dennis Hayes was confirmed as driver of the fuel wagon and Jake Krupp and John Krupp as full time laddermen at No. 4.

The committee to whom was referred the communication of the superintendent of police asking for two turnkeys at headquarters reported in favor of detaching two patrolmen for that duty and advising that two men that had been long in the service and well growing old, be detailed.

RYAN ON THE RACK. The Forged Check Artist Held to the Superior Court.

Patrick J. Ryan, the bogus Catholic priest and handler of forged checks, was arraigned in police court yesterday morning on a warrant sworn out by E. Burkhardt, charging him with having uttered a forged check. When arraigned Ryan pleaded guilty and was bound over to the superior court and the superior court. Within eight minutes after he pleaded guilty the returns were filed in the superior court and the prisoner was behind the bars in default of bail. He said he wanted a speedy sentence so that he could begin to look for the service of his term. He says his name is Ryan, but several letters were found in his pockets addressed to Frank W. Strong. One of these letters was signed "Ed" and one "Joseph Carroll, Chicago."

was not guilty of the accusation. His examination was set for August 3. The prisoner said the vehicle in question was not worth over \$15 and that it had been laid aside by the owner for several months. It had been standing in an alley exposed to the elements and he claimed Scholl gave it to him. After it had been in his possession a few days he was arrested for larceny.

Arnott's Sad Plight. Deputy Sheriff DeYoung went out to Walker's pickle factory, in the southern part of the city, yesterday and got Charles Arnott, who was suffering from an attack of delirium tremens, and placed him in jail for safe keeping. Arnott says he has been a bartender for Julius Kleinwacher on East Bridge street for several years. Yesterday morning his peacefulness was disturbed by rain and he chased a few imaginary ones to the pickle factory.

Snakes Were After Him. The city ambulance was called to the corner of Lyon and Canal streets yesterday afternoon to get A. J. McCarthy who was acting in a strange manner. He imagined he saw a whole zoological garden starting him in the face and was terribly frightened. He was loaded into the ambulance and taken to St. Mark's hospital. Dr. Sessions was called to attend him. He was suffering from a severe attack of "jim-jams."

Judge Adair granted a decree of divorce yesterday to Laura Thayer from Willard Thayer on the grounds of gross wanton and cruel neglect and for failing to provide a suitable maintenance for her. Thayer was forbidden to remarry for two years from the date of the decree and the complainant was permitted to resume her maiden name, Laura Niles.

Gertrude Took the Cash. Gertrude White, a 12-year-old colored girl, was arrested yesterday on complaint of her grandmother, who charged her with having stolen a dollar in cash from her. She pleaded guilty before Judge Haggerty and her case was referred to the county agent.

LAW AND LAWYERS. Circuit Court—Part II. JUDGE ADAIR. Walter A. Wood Mower & Reaping Machine company vs. Joseph Oliver, et al., assumpsit; judgment for plaintiff for \$255.30 and costs.

Trustees of the Norwegian Evangelical Lutheran church vs. Knut S. Ebro, et al., chancery; on trial.

Probate Court. JUDGE PERKINS. Estate of Luman Atwater, deceased; petition for probate of will filed. Hearing August 1.

Estate of Hannah Keech, deceased; will admitted to probate and Joseph Keech appointed executor.

Estate of Mary M. Gould, deceased; will admitted to probate and letters testamentary issued to Cornelius Clark.

Estate of John Morningstar, deceased; John T. Gould appointed administrator.

Estate of William R. Keeler, deceased; administrator's final account allowed and dividend declared.

Court Notes. The will of the late L. R. Atwater has been filed for probate. His estate is valued at \$25,000 and the whole amount is bequeathed to his daughter, Mrs. C. B. Kelsey.

Hiram Williams was granted a decree of divorce yesterday by Judge Adair from his wife, Julia E., on the ground of desertion.

Police Court Notes. The evidence against Frank Anderson charged with keeping his saloon open on Decoration day was not deemed sufficient to warrant his being held for trial and the case was dismissed in police court yesterday.

Clem Seitz and Jay Baker, two Jehus, were arrested yesterday for violating the black ordinance and they will have an examination in police court August 3.

The two cases of keeping saloon open on Sunday, against John C. Mangold in police court were adjourned yesterday until August 3.

The case against John T. Guild for securing mortgaged property was adjourned yesterday until this morning.

A JEALOUS COW. She Gores Her Master Because He Stared at Her.

A few years ago, says a writer in the London Spectator, I had a quiet milk cow, Rose, which was fond of Thomas, the stableman, and also showed an aversion to dogs. One morning I had just begun to dress when I heard my puppy barking in the cowshed. The next minute I heard a roar of unmistakable fear and anguish—a human roar. I dashed downstairs, and at the same moment arrived my son pitchfork in hand.

But the milk was deeply tinged with blood, and in half an hour a copious red precipitate had settled to the bottom of the pail. Till then I had doubted the jealousy theory. After that I believed.

WIPES KNEW THEIR VALUE. A Newsboy Who Would Only Accept Five Cents for Saving Six Lives.

Human life is dull and in small demand—spot cash, five-sixths of a cent each person—at Belden Point, on City Island. These figures are the result of the sad experience of Edward Gallagher, of New York. Edward is a newsboy, sometimes called "Swipes the Newsboy," as a compliment to his ability. He is not the original "swipe," Ed, but a sixteen years old, black-eyed, brown-haired and small. What his muscular development lacks in quantity it more than makes up in quality. He sold a big armful of newspapers between this city and City Island Monday afternoon and then went rowing near Belden Point. Four men and two women who had sailed up from Greenpoint in the small sloop Agnes went in bathing at half-past six o'clock, so "Swipes" says. Three of the men and the woman presently got into the sloop and paddled out into the sound, followed leisurely by the fourth man, who swam. Two hundred yards from the shore he grew tired, tried to climb into the sloop on the side instead of the stern and upset it. "Swipes" said he rowed fiercely to the rescue and saved them all.

"They made me weary," he confided to a New York Herald man. "When I began taking them in all the men could say: 'We're all lost!' Soon I got 'em ashore one says: 'Johnny, that was great work you done. I'm going to take up an election.'"

"He passed the hat and raised thirty cents out of all their clothes. When he got it to me he says: 'You're only a boy, you know.' I gave him back his quarter an' says: 'Yes, an' I ain't goin' to overcharge you. The hull gang of yer ain't worth more'n a'pence.' Then I skipped."

But will not some society or some kind individual give "Swipes" a medal? Unless the teeth gleam like the driven snow. There is no dazzling smile or tender tale. Great to woman's eye or ear, was known. The tale would lose its charms—the smile be gaunt, Till brought within the spell of SOZODONT.

Balloon! Balloon! Prof. Curtis made a successful balloon ascension at Reed's Lake Thursday afternoon. The professor landed in the lake and the balloon in Saddlebag swamp—look twenty-four hours to locate it. On Friday another successful trip was made and will be repeated Saturday at 7 p. m. and Sunday at 4:30 p. m. from pavilion grounds. The ascensions are made late so patrons can get to take after supper in time to witness them. Prof. Curtis is the man who had the fall and broke his leg early in the season, and now is the first time he has made ascensions since his accident.

Read His Own Obituary. Mr. Albert Owens is a prominent young farmer near Winnebago City, Minn. He spent hundreds of dollars in endeavoring to recover from nervous prostration, and a year ago was so low that a report of his death reached the editor of the Winnebago Press News. An obituary of Mr. Owens appeared in that paper, and was read by him. While in this condition he began taking Dr. Miles' Restorative Remedies, and in a short time was a well man. Says he never felt better than now.

A Wonderful Statement. Proprietors of Dullam's Great German Remedy. GENTLEMEN—I have for the past two years been troubled with a serious and very severe Liver and Stomach difficulty. I have had physicians and medicine from our very best and only to no avail. I was then persuaded to try your Great German Remedy for the Blood, Stomach and Kidneys and to my surprise after using three bottles I feel like a new man. If you desire you can use my name in print or by reference in any of the Grand Rapids, Michigan, papers, or any other paper in the state, to convince the afflicted that it is the best Blood, Liver and Kidney medicine on earth. I feel like a new man. Have lived here over forty years. J. M. VAN DER BEEK, Grand Rapids, Mich.

friend had a gift of mice for her at the office. To test the matter she went to the office and found him about to send her an offering of mice. Perhaps this was simply a clever guess. It is a singular thing that Oulja is generally inclined to blackguardism and bad words, and has been known to swear violently in households where no oath was ever heard. The spiritualists explain it on the ground that the board is manipulated by an idle, impertinent sort of spirits.

FRIENDS OF THE MINER. A Blue Wasp in Colorado Which Makes War on Feudal Spiders.

The miners of Colorado who have built cabins on the mountain sides know what a pest the small, brown wood spider proves to be. They throw their webs over your best clothes, cooking utensils, in every corner where you can get them in your eyes and mouth. Not only that, but they will drop into the frying pan, water bucket or upon the table when you are eating. But the Great Divide says, nature has furnished a remedy, and a friend when she gave the spider hawk. The name is given by all many times before they will succeed in reaching their prey. They never give up, but keep on trying until they succeed. When the spider is safely placed in the nest the female hawk deposits her egg in the dead body. The hawk lives only in pairs, as far as my observation goes. They become rather tame and seem to be obliged to you for building the spider trap for their benefit.

THE MOTHER'S DUTY

An Eminent Physician Speaks His Mind About It.

Mrs. Smith Loves to Tell of Her Youngsters.

Highly Merely of Breathing Humanity. Their Food and Health.

"The injurious effects of improper feeding in the case of nursing infants," said one of the best-known physicians in Grand Rapids yesterday, "are beginning to make themselves apparent."

"The mother's milk is often lacking in proper food elements and the infant's health is best protected, either by weaning and using lactated food altogether, or in any event by supplementing the natural aliment of the child with this food."

THREE LITTLE PEARLS. Mrs. William M. Smith of Milford, Conn., loves to tell of her three little children, Willie Minor, Mabel Pearl and Olive M. Every one of these children has been brought up on lactated food.

Their cheeks are red, their flesh is firm, their skin is as fair as can be, and their bright eyes sparkle with perfect health.

Mrs. Smith certainly has reason to speak in high terms, as she does, of the food upon which the children have been reared. She says: "I have used about 150 of the lactated cans of lactated food. I cannot do without it. All I have to do to get mothers to use it, is to show them my three beautiful babies. I have never had but three children and they are all well and happy. We had rather buy lactated food than pay the doctor."

Lactated food contains all the wholesome substances necessary to a baby's development. It is recognized to be the best food for infants. It is also used with great success by invalids, the aged, and in fact all whose digestive organs are weak. Its composition is no secret; physicians everywhere know that it is made of sugar of milk, and the nutritive qualities of the three great cereals, wheat, barley and oats.

The grave position of many little ones at this season of the year is evident, but their health and strength will be maintained wherever lactated food is used.

SIXTY MILLION BUSHELS OF Wheat—A Bushel for Every Inhabitant of the United States—The Kansas Crop of '92.

Never in the history of Kansas has that state had such bountiful crops as this year. The farmers cannot get enough hands to harvest the great crop, and the Santa Fe Railroad has made special rates from Kansas City and other Missouri River towns, to induce harvest hands to go into the state. The wheat crop of the state will be from sixty to sixty-five million bushels, and the quality is high. The grass crop is made, and is a very large one; the early potatoes, rye, barley and oat crops are made, and are all large. The weather has been propitious for corn, and it is the cleanest, best looking corn to be found in the country today. Cheap rates will be made from Chicago, St. Louis and all points on the Santa Fe east of the Missouri River, to all Kansas points, on August 30, and September 27, and these excursions will give a chance for eastern farmers to see what the great Sunflower State can do. A good map of Kansas will be mailed free upon application to J. J. Byrne, 723 Monadnock Block, Chicago, Ill., together with reliable statistics and information about Kansas lands.
