

ALAS!

(Or something like it), says many a school boy now that vacation is nearly over and school days so near at hand. You can make the dear boy more contented with his work, and more manly and self-reliant by sending him to school neatly dressed in a bright new suit. And where can you find a better or cheaper suit for the boy than in our large and comfortable Boys' Department, where our long years of experience have taught us what the boys want in the way of clothes? We have boys' good clothes at all prices and charge no more for our superior qualities than others do for inferior grades.

SPECIAL! We have picked out and placed on separate counters about four hundred Boys' and Children's Suits in broken lots and odd sizes which we will sell at exactly half price this week.
